SOME GREAT EXPECTATIONS

THINK ROBERTS IS CLOSE TO JOHANNESBURG.

AWAIT NEWS OF ENTRANCE

A BATTLE IN PROGRESS AT INGOGO.

New Castle, Natal, May 29.—The British guns at Ingogo have been heavily bombarding the Boer positions since daylight. The Boer guns have replied intermittenly.

London, May 29.—2 p. m.—The tenor of Lord Roberts' dispatches of last night and the news from Pretoria this morning leads the authorities here to expect further important news from the British commander-in-chief, dated, they hope, from Johannesburg.

The remarkable rapidity of Lord Roberts' movements and the unwonted mobility of the whole British army under him have upset the calculations of the home observers as much as they appear to have disconcerted and demoralized Lord Roberts' federal opponents. Possibly, even now, he is at the gates of Johannesburg, and, it is believed, ten days hence or less he ought to be demanding admittance to the Transvaal capital itself. If the federals ever really intend to "stagger humanity," by blowing up the Gold Reef City mines, which is doubtful, Lord Roberts may yet be too quick for them and arrive before they have time to do any wrecking.

The majority of the burghers will undoubtedly be glad of an excuse for saving the mines and they may find the excuse in Lord Roberts' skill in hustling them out of one position after another.

The effectiveness of the British invasion of the Transvaal is further emphasized by the news from Pretoria of the occupation of Zeerust and the advance on Lichtenburg. Apparently the British drag-net will be drawn through the Transvaal as it was in a similar manner hauled through the Free State.

The fighting at the Klip river Sunday, reported from Pretoria, was presumably done by Generals French and Hamilton in forcing their way around to the northward of Johannesburg.

The Orange Free State was annexed to the British empire May 28, according to Cape Town advices, but Lord Roberts seems to have given his army the first intimation of this on the previous day.

BOER COMMUNICATIONS CUT.

Cape Town, Monday, May 28.—It is rumored here that General French has cut the Boer communications between Heidelberg and Boksburg, within a few miles of Johannesburg.

THE BOERS FLED.

Klip River, Transvaal, Monday, May 28.—The Boers, after preparing a good position, fled early. The train bearing their last detachment was nearly captured by Pilkington's West Australians. Prisoners taken state that there was no intention of blowing up the mines, declaring that the threat was made simply with the intention of frightening away the burghers. The British advance force is now within fifteen miles of Johannesburg.

THE FREE STATE ANNEXED.

Cape Town, Monday, May 28.—The Free State was formerly annexed today.

THE ORANGE RIVER STATE.

Cape Town, Monday, May 28.—Lord Roberts yesterday announced to his troops the annexation of the Free State, which hereafter will be called the Orange River State.

BRITISH OCCUPY ZEERUST.

Pretoria, Monday, May 28.—The British occupied Zeerust this morning and a large force is marching on to Litchenburg.

An official bulletin states that the British crossed the Vaal river Saturday. General [illegible] at Klip [illegible] Five of the two were captured. The British were 5,000 strong.

By an order recently issued the president decreed that May 27 and the two following days be observed by the whole country as days of prayer, humiliation and the confession of sins, and that petitions should be offered for relief from oppression.

Fighting took place at Van Wytrust, fifteen miles south of Johannesburg, with a large force of British which broke through from Klip river.

FELL DOWN STAIRS.

Ansil McCumsie, of East DeWald street, while making preparations for celebrating the twentieth anniversary of his marriage, fell down stairs with a number of dishes he was carrying. The dishes were smashed and one piece inflicted an ugly gash in his wrist. Dr. Van Buskirk attended him.

A RECEIVER IS APPOINTED

FOR THE FORT WAYNE WATER POWER COMPANY.

The Fort Wayne Trust Company Named by the Court—The Latest Court News.

Judge Vesey this morning appointed a receiver for the Fort Wayne Water Power company, on application of George A. Wilbur, of Massachusetts. The complaint was filed several months ago and is a suit to determine the ownership of the bonds and stocks of the water power company. Judge Vesey named the Fort Wayne Trust company as receiver. Bell & Doughman are attorneys for plaintiff.

ASKS FOR A DIVORCE.

In the superior court Clara A. Catron has commenced suit for divorce against John A. Catron, alleging habitual drunkenness, cruel and inhuman treatment and failure to provide. The husband, it is alleged, swore at plaintiff, called her vile names and falsely accused her of infidelity. They were married May 4 1890, and separated in August, 1897. M. T. Stokes is plaintiff's attorney.

BIG SUIT FOR DAMAGES.

Rufus Ames has commenced suit for $10,000 against the Wabash Railway company. He asks for this sum for damages and breach of contract. Plaintiff's attorneys are L. M. Ninde & Sons and E. V. Harris.

NOTES.

Judge Vesey has heard all the evidence in the case of Imler vs. Rollins.

Charles Berndt has qualified as guardian of Charles Krebs.

Prosecutor Emrick filed an affidavit and information in the circuit court charging Joe Meyers with grand larceny.

In the circuit court a jury returned a verdict for plaintiff in the sum of $50 in the case of Hopkins et al. vs. Haller. The jury was out all night.

A circuit court jury found Isabel D. Brown to be of unsound mind and incapable of managing her own affairs.

Claud Racine, administrator of the estate of Jacob Racine, has filed his final report.

Anna Pieper, administratrix of the estate of Maria E. Hoelke, has filed her final report.

Judge O'Rourke today united in marriage Lawson B. Spees and Clarice A. Sprague.

The supreme court has affirmed the case of the state ex rel John W. Bruns vs. Edward Clausmeier. This was the case in which John Bruns sued Sheriff Clausmeier for taking his picture at the jail. Mr. Clausmeier won in the lower courts and is now victorious in the supreme court.

FROM POVERTY TO MILLIONS.

Detroit, Mich., May 29.—David Ward, pioneer, capitalist, lumber man and owner of a fortune of upward of $25,000,000, died today at his home in Pontiac. Mr. Ward had been ill for several months with a brain trouble and general breaking down. Deceased was a native of New York. A self-made man of the hardest character, but of broad culture and education, Mr. Ward was identified since 1850 with leading enterprises, chiefly in the line of lumbering and pine land development and speculation.

Rev. John Bosch united in marriage Miss Lena Yoeck and John Hassert at the home of the bride. Mr. and Mrs. Hassert will reside on [illegible]

AN ANTI-OLEO BILL

DRASTIC MEASURE REPORTED TO THE HOUSE.

IMITATION BUTTER HARD HIT

ALMOST PROHIBITIVE TAX IS CONTEMPLATED.

WILL BE MINORITY REPORT

WILL TRY TO RUSH THE BILL TO PASSAGE.

Washington, May 29.—After an exciting contest, lasting many months, the advocates of the Grout bill, placing an almost prohibitive tax on oleomargarine and like immitation butters, succeeded today in having that measure favorably reported from the house committee on agriculture.

The vote was 10 to 7 in favor of the bill. The opposition to the measure had taken form in a substitute, providing additional safeguards against the fraudulent sale of oleomargarine, but not getting to the extent of the Grout bill. The vote on the substitute was first taken and it was defeated 8 to 9. An effort was then made to amend the Grout bill by including within its restrictions old rancid butter, known as renovated butter.

The friends of the Grout bill resisted all changes and defeated the amendment 8 to 9. The bill was then favorably acted upon by the following vote: Yeas—Henry, Baker, Connell, Wright, Haughen, Dahl, Lamb, Cooney, Gordon, Neville—10. Nays—Wadsworth, Lorimer, White, Bailey (Kan.), Williams (Miss.), Stokes and Allen—7.

THE PROVISIONS.

The bill as reported is as follows:

"That all articles known as oleomargarine, butterine, imitation butter or imitation cheese, or any substance in the semblance of butter or cheese not the usual product of the dairy and not made exclusively of pure and unadulterated milk or cream, transported into any state or territory and remaining therein for use, consumption, sale or storage therein, shall upon the arrival within the limits of such state or territory be subject to the operations and effect of the laws of such state or territory enacted into the exercise of its police powers to the same extent and in the same manner as though such articles or substances had been produced in such state or territory, and shall not be exempt therefrom by reason of being introduced therein in original packages or otherwise.

"Provided, that nothing in this act shall be construed to permit any state to forbid the manufacture or sale of oleomargarine in a separate and distinct form and in such manner as will advise the consumer of its real character, free from coloration or ingredient that causes it to look like butter.

"Section 2. That after the passage of this act the tax upon oleomargarine as prescribed in section 8 of the act approved August 2, 1886, and entitled "An act defining butter, also imposing a tax upon and regulating the manufacture, sale, importation and exportation of oleomargarine," shall be one-fourth of one cent per pound when the same is not colored in imitation of butter; but when colored in imitation of butter the tax to be paid by the manufacturer shall be ten cents per pound, to be levied and collected in accordance with the provisions of said act."

There will be majority and minority reports submitted Thursday. After their success today the friends of the bill expect to urge the matter to speedy consideration before the house in the hope of securing action in one or both branches of congress at this session.

TWO OFFENDERS SENTENCED.

Philadelphia, Pa., May 29.—Judge McPherson in the United States district court today sentenced two offenders against the government laws regarding the sale of oleomargarine, and has yet to try a large number of cases of alleged infraction of the same laws.

These latter are now being tried and it will probably take over a week before the last on the list has been disposed of. The defendants are all grocers and various specific charges are made against them.

Those sentenced today are William Kellinger and Thomas Haughey. The former was found guilty and was sentenced to three months' im[illegible] and $100 [illegible] who pleaded guilty, was sentenced to thirty days and $25 fine. They sold olemargarine in unstamped packages.

WILL GO OUT OF BUSINESS.

James Taft, proprietor of the dry goods house at 54 Calhoun street, will retire from the business in this city and will close out his stock by August 1st. The lease of the building expires on August 1st, and as Mr. Taft has been unable to renew it and also being unable to secure another favorable location, he has decided to retire. Mr. Taft owns stores in Antwerp, Ohio, and Woodburn, Ind., and is considering the advisability of opening another branch in Van Wert, Ohio. Mr. Taft is the principal stockholder in the Wayne waist factory, which is situated in the same building as the store, and in view of the present conditions it will be necessary to remove the factory to another location. Mr. Taft stated this morning that he had a most desirable location under consideration and that if the terms can be made the building will be leased. It is of much greater capacity than the present factory and if the factory is removed the present working force, 125 people, will be doubled. Mr. Taft will probably devote his entire attention to the factory if the contemplated changes are made.

GO BACK TO THE OLD ROUTES

PROBABLE CHANGE IN STREET CAR LINES.

Voluminous Petition to Manager Scott Will Doubtless be Granted Soon.

A numerously signed petition has been presented to Manager A. L. Scott, of the Fort Wayne Traction company, praying for a return to the old method of running the Hanna and the Main street cars. The object of the petitioners is to have the Hanna street cars run into Bloomingdale and thus avoid a transfer at Main street in going from the south to the north depots. There are other reasons for the petition, but this was the main one. Mr. Scott said to a Sentinel reporter this morning that the request of the petitioners could not be well denied and intimated that the change might be made soon. The transfer at Main street is especially confusing to strangers who are passing from one depot to the other. It is also very inconvenient for travelers coming in over the Nickel Plate, the Lake Shore or the Lake Erie and Western roads who wish to go to the New Aveline, the Rich or some other hostelry south of Main street, and the same complaint is made by those coming in over the lines running into the south depots who wish to go to the Wayne hotel. The change to the present system of running the cars on these lines was made several months ago with a view of accommodating the employes of the knitting mills, a great many of whom reside in the south and southeastern parts of the city.

FOR LABOR DAY.

At the meeting of the Trades and Labor Council Monday evening preliminary arrangements were made for the celebration of Labor day. A committee of twenty-seven was appointed to take charge of the arrangements, one for each organization represented in the council. An executive board of five will be chosen from this committee who will have all charge of the celebration. The Labor day celebration will probably be held in Swinney park, and it is the intention of the council to invite some prominent labor speaker to make an address on that day. An effort will be made to have a big parade, and the business men of the city will be waited upon and asked to put floats in the parade. The Knights of Labor have an option on the park for a celebration this year, but they will surrender their right on condition that an old time celebration be given. It was reported that the boilermakers of the city desired to organize, and the matter was referred to the organization committee. The following delegates were received into the council: George Miller, Stationary Firemen; Louis Gocke, John Lafevre and Adam Stiger, from the Hod Carriers. Some persons have been hauling dirt from two lots owned by the council on Baltes avenue, and the matter was ordered referred to the attorney for the council, Henry Colerick. A number of business matters of minor im[illegible] were [illegible] ed.

RAISED A STORM

SCHOOL BOARD'S ACTION IS CONDEMNED.

SUPERSEDED SUPT. STUDY

PROF. C. T. LANE NAMED FOR THE PLACE.

FELTS AND BOSWELL DID IT

HAMILTON CAST HIS VOTE THE OTHER WAY.

The Fort Wayne board of school trustees met and by a vote of 2 to 1 decided to oust Prof. J. N. Study from the position of superintendent of the city schools and to make Prof. C. T. Lane, for many years principal of the High school, his successor. That was last night.

What happened today has not encouraged the board to believe that its unexpected and peculiarly wrought achievement commands a high measure of public approval.

The outburst of public indignation as heard in offices, business houses and about the streets today from all classes of people, has been of an earnest and caloric sort. It is doubtful if any action taken in connection of the public schools of Fort Wayne has elicited such an expression of profound condemnation. The general tenor of opinion is that there is in the first place no cause whatever for removing Superintendent Study and second that the method of doing it was of a kind to raise a question of bad motives.

THE BOARD MEETS.

The board met in the high school building Monday evening and before adjournment went into "executive" session, that is to say they locked themselves in and the public out and proceeded to lop off the superintendent's head.

The three members of the board discussed the appointment last evening, Allen Hamilton taking a decided stand in favor of the re-appointment of Professor Study, but he was opposed by Messrs. Felts and Boswell. Finally Mr. Boswell moved that Prof. C. T. Lane be elected school superintendent to succeed Professor Study at the expiration of his term and the motion carried by a vote of 2 to 1, Mr. Felts and Mr. Boswell voting in favor of Mr. Lane and Mr. Hamilton against.

Professor Study was in the high school building and, of course, had an intimation of the proposed action of the trustees, but the matter of re-election or selection of a successor was not broached to him by members of the board. During the evening Hon. R. C. Bell visited the trustees and had a conference with Dr. A. J. Boswell. Senator Bell favored the re-employment of Professor Study and there were some very warm words when he learned that Dr. Boswell would oppose the re-appointment. Mr. Bell made the charge that Dr. Boswell had told friends of Professor Study that there would be no change in the superintendency of the schools.

The public did not anticipate that any person other than Professor Study would be elected superintendent until The Sentinel last evening intimated as much, and consequently when the news gained circulation this morning there was much indignant comment by citizens. The intimation that there would be a reduction in the salary proved correct, the board deciding to pay $2,500 a year hereafter instead of $3,000.

A Sentinel reporter talked with Mr. Felts this morning and he said that he believed the trustees had acted for the best interests of the schools. "Personally I have the kindliest of feeling for Mr. Study," said Mr. Felts, "and had I believed that it was best that he should be retained I certainly would have voted for his re-election. There is no personal feeling in the matter. I believe that $3,000 would not be too large a salary for a high class superintendent, but our superintendents have been getting too much for their services. The public should not be misled into the belief that Professor Study was dismissed. His contract will expire next August and the trustees voted to make Mr. Lane his successor. Until that time Professor Study will continue to be superintendent of the Fort Wayne public schools."

"Was Professor Study offered the superintendency at the reduced salary?" queried the reporter.

"No, sir. I believe that it is for the best [illegible] of the scholars and the schools that the head of the schools be changed at intervals of every few years. Different men have different ideas and different systems and it may be best that these several systems have a trial. I may have made a mistake—that remains to be seen—but I do not believe that I have and feel certain that the schools of Fort Wayne will profit by the change. Mr. Lane has not accepted nor has he intimated whether or not he will."

"Who will succeed Mr. Lane?"

"I don't know," replied Mr. Felts. "Until he accepts the superintendency there will be no vacancy in the high school."

The trustees also discussed the roster of teachers for next year and decided to re-employ all of the old teachers.

PROF. LANE UNDECIDED.

Prof. Chester T. Lane, who was elected to the position of superintendent of the Fort Wayne city schools at the meeting of the school board last evening, has not yet decided whether he will accept or decline the position. Mr. Lane was seen at the high school building just before noon today by a reporter for The Sentinel, and stated that he had been teaching school all morning, and had really given the subject little consideration.

"I have not been officially notified of my selection," said Mr. Lane, "and I shall not give a decision until I have talked with a few of my friends in whose judgment I have confidence. I do not propose to lay myself open to censure or suspicion of doing anything that is not perfectly upright and just in the matter."

Professor Lane stated he had not applied for the position and that the announcement came to him wholly as a surprise, except for vague rumors at different times, and that he had never been approached concerning such a contingency.

"In fact," said he, "I would not have permitted myself to be approached on the subject under the circumstances. Superintendent Study and myself have always worked together smoothly and without friction."

Mr. Lane said that when he had made a decision it would be transmitted to the board in writing, and when asked as to when this would be done he intimated that it might transpire within a few days.

PROFESSOR STUDY TALKS.

Professor Study stated to The Sentinel that the contention that he was superseded because it was purposed to reduce the salary of the superintendent was a strange justification because he had never been asked to continue at smaller salary. Mr. Study was disinclined to discuss the affair. He felt very grateful for the assurances of hundreds of friends that they regretted exceedingly the action of the board. He said that there had been differences of opinion between himself and members of the board, but they were questions of administration in which he had pursued a course that his judgment dictated and his conscience approved.

WHAT IS SAID.

Following are some expressions of opinion:

H. C. Rockhill said: "Superintendent Study is eminently qualified for the position he has held, and Professor Lane may be equally so, but it is unfortunate that personal malice crept into the action of the school board, and that I believe to be at the bottom of the whole matter."

"I do not approve of the board's action; it is despotic. I think Superintendent Study is entitled to know why he is discharged."—Trustee M. F. Schmetzer.

"The German Lutheran people of the city will be greatly displeased at the action of the school board," said Henry C. Paul this afternoon. "Superintendent Study has been a most careful and painstaking superintendent, and in more than one instance he has manifested an especial interest in the German pupils of the city. He is the first superintendent to do this, and I am sure it has been appreciated by the parents. I have heard nothing but praise for his work, and I am certain his dismissal will not be commended."

Prof. L. T. Staples—"It's an outrage. Give 'em a good roast."

J. E. K. France—"I don't understand it. What does it mean? One thing is certain, it won't do the schools any good to be twisting around."

Henry Colerick—"Mr. Study is the pride of Fort Wayne and had the confidence of every father. His removal was cowardly and unjust, made in the manner in which it was."

Herman Michael—"I don't know what to say. I know nothing of the trouble between them."

Judge Edward O'Rourke—"I hadn't [illegible] Page.)

WARSHIPS NEEDED

RUSSIA ORDERS GUNBOATS TO NAKU.

CRISIS MAY BE IMMINENT

A RUSSIAN ARMY READY TO LAND AT PORT ARTHUR.

THE TROOPS NUMBER 20,000

TROUBLE IS BREWING IN THE ORIENT.

Shanghai, May 29.—The Russian minister at Pekin has telegraphed, asking that all the available gunboats be sent to Taku.

READY TO LAND TROOPS.

London, May 29.—A special dispatch from Shanghai says:

It is believed that Russia is about to land troops at Taku from Port Arthur, where 20,000 are in readiness. The Chinese are reported to be sending large masses of troops overland from Hu-Nan and Kiang, but the generalissimo refuses to assume command on the plea of sickness.

The "Boxers" assert that they are confident of receiving support from the dowager empress, Princess Kang-Ye and Ching-Tuan, and the entire Manchu army. Throughout the north the "Boxers" are enlisting hordes of desperadoes. They are intent upon expelling everything foreign.

THE RAILWAY CLEARED.

Tien Tsig, May 29.—A detachment of 200 Chinese soldiers has cleared the railway between here and Pekin, and the ordinary service was resumed at noon.

No news has been received from the Belgian engineers engaged in the construction of the Luhan line. In other respects the situation is more quiet.

Thirty Japanese have arrived from the gunboat Atagonkan.

The French flagship D'Entrescasteaux and the gunboat Surprise have left Taku.

SERIOUS DISTURBANCES.

Victoria, B. C., May 29.—On the day prior to that on which the steamship Breckonshire left Japan news was received there from Wei Hai Wei that serious disturbances had occurred on May 5th on the British station, Gulf of Pe Chi Li.

Captain Watson and sixty men were escorting the boundary commission, which has been engaged in deliminating borders of the leased territory at Wei Hai Wei, when they were attacked by a hostile mob. Thirty of the attacking party were killed. The losses in the Chinese battalion under Captain Watson were two officers wounded, Major Penrose and Captain Periar.

The Chinese who attacked the British troops had long been holding meetings to complain of the taxes proposed to be collected.

HELLER HEAVILY FINED.

Senator Heller, of Columbia City, who was arrested by Deputy Fish Commissioner Earle a few days ago and taken to Albion on a charge of violating the fish laws, was fined $23.40 by Justice Trump. He entered a plea of guilty and the law was administered to him as hereinbefore set down. At Syracuse Rev. Steinger, also arrested by Commissioner Earle, was fined $23 for violating the fish laws.

POST SENT A FLAG.

Capt. A. H. Dougall this morning received a handsome bunting flag from Columbia post, No. 706, at Chicago. The emblem is to be placed upon the grave of Douglas Taylor at Lindenwood. Mr. Taylor was a member of the Chicago post, and the veterans in that city never fail to forward a small banner to be placed on his grave on Decoration day.

MARRIAGE LICENSES.

Alexander J. Renz and Mary Ofenloch.

Charles H. Bittner and Sidonie A. H. Noack.

Lawson B. Spees and Clarice A. Sprague.

Miss Agnes Andrews, who has been visiting friends in the city, has returned home.

One Woman's Letter

SAYS

"I doctored with two of the best doctors in the city for two years and had no relief until I used the Pinkham remedies.

"My trouble was ulceration of the uterus. I suffered terribly, could not sleep nights and thought sometimes that death would be such a relief.

"To-day I am a well woman, able to do my own work, and have not a pain.

"I used four bottles of Lydia E. Pinkham's Vegetable Compound and three packages of Sanative Wash and cannot praise the medicines enough."—MRS. ELIZA THOMAS, 634 Pine St., Easton, Pa.

DEATH IS VICTOR.

DR. CHARLES E. HEATON GOES FROM EARTH.

PASSED AWAY MONDAY NIGHT

AFTER A LONG AND HEROIC BATTLE FOR LIFE.

OTHER MORTUARY MATTERS

DEATHS AND FUNERAL NOTICES OF THE DAY.

After a brave and heroic battle against disease, extending over a period of many weeks, Dr. Charles E. Heaton died at his home in Lakeside at 10:30 o'clock Monday night. Three months ago the prominent physician was stricken by nephritis, and while there has been temporary improvement, Dr. Heaton was never able to leave his bed. For some time his friends have realized that the end was near, yet the patient, with an indomitable will, kept up the unequal struggle, and not until a few hours before his death did he concede that his condition was critical.

Dr. Heaton has spent his entire life in Allen county. He was the son of Mr. and Mrs. Jesse Heaton, and was born in Marion township August 23, 1855, so that his age was therefore 44 years, 9 months and 5 days. His parents were among the best known citizens of the county. The young man was educated in the common schools of the county, graduated from the Fort Wayne High school and later from the old M. E. college.

After a time spent in teaching in the common schools he entered the Fort Wayne Medical College of Medicine, and was a graduate from that institution in 1877. For several years he was associated with Dr. B. S. Woodworth in the practice of medicine, and later Dr. Heaton opened an office of his own. His professional career has been eminently successful. Both as a physician and as a man Dr. Heaton was highly esteemed and deservedly popular. He was one of the founders of the new Immanuel Baptist church, was a member of Summit City lodge No. 36, A. O. U. W., Court No. 15, Tribe of Ben Hur, Court of Honor, Degree of Honor No. 2 and Modern Americans.

Dr. Heaton was united in marriage in 1884 to Miss Henrietta Bowser, daughter of Mr. and Mrs. Isaiah Bowser. To them was born one son, Roscoe, who, with the wife and the aged mother, survives him. There are also three brothers and four sisters, all of whom reside in this city—Attorney O. N. Heaton, Ellis J Heaton, Ben F. Heaton, Mrs. C. H. English, Mrs. Mary E. Smitley, Mrs. Pearl Allen and Miss Luella Heaton.

The funeral services will be held from the residence, 65 Columbia avenue, Thursday afternoon at 2 o'clock. The officiating clergyman will be Rev. S. H. Cain, of Immanuel Baptist church, and he will be assisted by Rev. L. L. Henson, of the First Baptist church. Interment at Lindenwood.

BROCKMEYER.

Mrs. William Brockmeyer, a pioneer citizen of Allen county, died very suddenly from heart trouble Sunday evening at her home, near Williams Station. Mrs. Brockmeyer was seventy-four years of age and was a native of Germany, though she had resided in Allen county for many years.

Surviving her are the aged husband and seven children. Of these one son, Henry, is a farmer in this county; another son, Edward, is a car-wheel molder at Bass foundry, and the daughters, Mrs. F. Rodewald, Mrs. C. Hagerfield, Mrs. L. E. Rehling, Mrs. L. Hagerfield and Mrs. C. Hess, reside in this city.

The funeral services are to be held Wednesday at 1 o'clock from the residence and later from Hugo's church in Adams county.

WRIGHT.

Mrs. Elmira J. Wright died at 9 o'clock this morning at her home, 175 Fairfield avenue, from cancer of the stomach, after an illness of seven weeks. Mrs. Wright was the widow of Samuel P. Wright, and came to Fort Wayne in 1893 from Ottawa, Ohio. She was fifty-one years of age, and was a most estimable lady.

Surviving her are four sons and one daughter. Prescott Wright resides at Paulding, Ohio. Charles Wright at Springfield, Ill., Manford C. Wright, Kelley Wright and Miss Carrie Wright reside at the mother's home. Manford C is a student at DePauw university, and was called home a short time ago by his mother's illness.

The funeral services will probably be held on Thursday, but definite announcement will be made later.

FUNERAL ANNOUNCEMENTS.

Newell.—Funeral services of Mrs. Jane Templeton Newell will be held from the residence, 46 Park avenue, Wednesday morning, at 10 o'clock, Rev. Dr. McGaw officiating.

Miller.—Funeral services of Mrs Alvina Miller will be held Wednesday afternoon at 2 o'clock from the residence, 96 Wilt street, and at 2:30 from Emanuel's church. Rev. Gross will officiate.

Rodenbeck.—Funeral services of Christian Rodenbeck will be held Thursday afternoon at 2 o'clock from the residence, 457 East Lewis street, and at 2:30 from Concordia Lutheran church. This will be the first funeral service to be held in the new edifice. Rev. A. Lange will officiate.

POLICE COURT.

Joe Meyers, aged 15, was arraigned before the mayor this morning on a charge of petit larceny, it being alleged that he stole articles from Barrett's West Main street grocery. The young fellow was bound over to the circuit court, but was allowed to go on his own recognizance. It is said that other boys are implicated in the thefts. Four vagrants were in court. Two of them were sent to jail and two were ordered to leave the city.

READY TO BEGIN THE COUNT

ALLEN COUNTY ENUMERATORS PLEASE MR. WOOD.

Census Supervisor Leaves for Home—Two Ladies Chosen in DeKalb County.

"I am well pleased with the preliminary showing made by the census enumerators chosen for Allen county," said Sol A. Wood to a reporter for The Sentinel this morning, "and we are ready to begin the count on Friday." Mr. Wood is the supervisor of the census for the Twelfth district and was just leaving the city for his home in Angola.

All but five or six of the fifty enumerators in Allen county met the supervisor in this city yesterday, and while there were a number of questions which puzzled a few of the men, the enumerators for the most part showed an intelligent comprehension of the duties before them. Mr. Wood says there were 200 applicants for the fifty Allen county places. The supervisor did not believe it would be necessary to employ interpreters in this city, as the enumerators had all reported that they were able to obtain the desired information from those speaking a foreign tongue without the aid of the interpreter.

"I do not mind saying," said Mr. Wood, "that my best looking enumerators are in DeKalb county. They are two ladies, and are the only ones appointed in the district. Miss Floy Weitz will canvass Troy and Stafford townships, and Miss Bertha E. Dailey will officiate at Butler."

DECORATION DAY TOMORROW.

All preparations for the observance of Decoration day in Fort Wayne tomorrow are now completed, and in the rooms of the Elektron building are piled masses of flowers and greenery to be strewn upon the graves of the fallen veterans. Only fair weather needs to be assured in order that the magnificent movement may be a complete success. Early tomorrow mornig committees from the veterans' organizations will deck the graves of the soldiers. At 10 o'clock the exercises at Lawton park will occur. The annual parade will take place in the afternoon when the principal exercises of the day will be held at Lindenwood. Programs of each of these meetings, together with the formation of the parade, were printed in The Sentinel Saturday.

NOTICE. MODERN WOODMEN.

All members are earnestly requested to be present at the hall of Edwards Camp, 20 W. Berry street, Wednesday, May 30, 1900, at 1 p. m., to take part in the Memorial Day parade.

WM. M. LICHTENWALTER,
FRANK H. CUTSHALL,
Clerks.

BASE BALL TOMORROW.

Two games. Toledo vs. Fort Wayne. Morning game called at 10 o'clock. Afternoon game at 3 o'clock. 25c reserved seats to all parts of grand stand. Ladies' admission to grand stand 25c.

We have ordered good weather and a fine track for Saturday afternoon's Grand Concert and Bicycle Races at Mile Track.

ITS LABOR ENDED.

M. E. GENERAL CONFERENCE ADJOURNS.

WAS AN EPOCH-MAKING BODY

RADICAL CHURCH REFORMS WERE WROUGHT.

GREAT QUESTIONS SETTLED

PROCEEDINGS OF THE FINAL SESSION.

Chicago, May 29.—The twenty-third delegated quadrennial conference of the Methodist Episcopal church came to an end today, after a session of four weeks. The conference is considered to have been one of the most noteworthy since the days when Methodism was divided over the slavery question, and has resulted in many radical changes in the laws and polity of the church. The conference was the largest in the history of the church and its sessions were attended by thousands.

Principal among the important actions of the conference were the abolition of the time-limit on pastorates; the ratification of the equal-representation amendment as proposed by the Rock River conference, together with the seating of the provisional lay delegates; the adoption of a new constitution, subject to the approval of the various annual conferences, including the substitution of the words "lay members" for the term "laymen," thus permitting the seating of women in the general conference; and the election of two additional missionary bishops. There was a huge amount of routine business which was practically settled in committee.

The first day of the conference, May 2, saw laymen and preachers given equal representation. Under the belief that this would be done, provisional delegates were on hand and were, following this action, admitted as regular lay delegates, making the 1900 conference the largest of its kind in the history of the church.

Of great interest to Methodists was the abolition, total and unconditional, of the five-year limit on pastorates.

One thing the conference did not do was to modify paragraph 248 of the discipline, which, among other things, forbids attendance upon theaters, circuses and dancing.

EDUCATIONAL REPORT.

The report of the committe on education, which was under discussion at last night's session of the conference, was taken up for final action today.

An amendment offered by Dr. Jordan, of South Dakota, requiring the university senate of the church to recognize certificates from students from other than Methodist colleges presenting themselves for examination for the ministry caused considerable discussion. The report as amended was finally adopted.

The conference also approved the authorization of inordained ministers to perform the marriage ceremony.

Reports of minor importance were received from the other committees and adopted. The delegates then indulged in a little amusement by auctioneering the table scarred by the bishop's gavel during the four weeks' session. The table was made by the boys of the manual training school at Venice. It was disposed of for $500.

Debate on proposed changes in the ratio of representation to general conferences consumed much time. Arguments were made in favor of the majority report recommending a change in the ratio of one delegate to every sixty preachers instead of one delegate to every forty-five preachers, as now prevails. It was contended that the present body was unwieldy. This statement was vigorously combatted by several speakers and the conference by an overwhelming vote decided to make no change.

Trustees of the American university at Washington were named and approved. At 12 o'clock all business was laid on the table and usual complimentary resolutions attendant upon closing sessions were adopted. The venerable Bishop Bowman, now superannuated, then made a brief address of parting to the delegates. The minutes of today's meeting were read and the roll was called. A brief prayer by Bishop Warren followed, and shortly before 1 o'clock the general conference passed into history.

BURNING MINES SEALED.

Calumet, Mich., May 29.—All but five shafts of the Calumet and Hecla mine, which caught fire Sunday, have been sealed with clay to prevent air circulating. The mine officials believe the fire has died out, but the shafts will not be opened until that belief is a practical certainty.

IS SAFELY BURIED

TELLER'S BOER RESOLUTION GOES TO COMMITTEE.

VOTE AGAINST IT WAS HEAVY

ITS SUPPORT WAS FROM THE DEMOCRATS.

THE HOUSE PROCEEDINGS

RUSHING FINAL WORK OF THE SESSION THROUGH.

Washington, May 29.—A house bill permitting the construction of a dam across New river, in Grayson county, Va., was passed when the senate convened today.

Mr. Jones, of Arkansas, reported a house bill authorizing the commissioner of the general land office to dispose of the Choctaw Indian orphan lands in Mississippi and it was passed.

Mr. Hale, of Maine, reported from the committee on appropriations the last of the general appropriation bills—the general deficiency bill. He gave notice that he would call it up at the earliest moment.

A bill authorizing the secretary of the interior to set aside certain lands in San Juan county, Col., and permitting the mayor of Silverton, Col., to enter the lands for cemetery purposes was passed.

Mr. Pettigrew's resolution calling upon the secretary of the interior for information as to the leasing of grazing lands in Oklahoma, offered yesterday, was agreed to.

Another resolution offered by Mr. Pettigrew calling upon the secretary of the interior for all communications, reports and charges he has received relative to the management of the Crow Creek Indian reservation in South Dakota, also was passed.

THE BOER RESOLUTION.

The Teller resolution expressing sympathy for the Boers was then laid before the senate and Mr. Bacon (Ga.) addressed the senate.

No senator could fail, he thought, to sympathize with the Boers—such senators, at least, as are devoted to liberty and free government. This is a case of two weak republics engaged in a struggle for life with the greatest empire in the world; of a pastoral, home-loving people engaged in a death struggle for the protection of their homes and their government; of 25,000 or 30,000 plain farmers in a death struggle with an army of 250,000 men.

He could understand, however, why senators, though they might sympathize with the Boers, might not desire to commit the senate to a proposition that was violative of international law.

The pending resolution was, in his opinion, conservative, proper and not in any way violative of international law.

RESOLUTION REFERRED.

The resolution was referred to the committee on foreign relations by a vote of 40 to 26.

The vote by which the resolution was referred follows:

Ayes—Aldrich, Allison, Bard, Beveridge, Burrows, Carter, Clark, Cullum, Deboe, Depew, Elkins, Fairbanks, Foraker, Foster, Gallinger, Hansbrough, Hawley, Kyle, Lindsay, Lodge, McBride, McComas, McCumber, McMillan, Penrose, Perkins, Pettus, Platt (Conn.), Platt (N. Y.), Proctor, Quarles, Ross, Scott, Sewell, Shoup, Simon, Stewart, Thurston, Wetmore, Wolcott—40.

Nays—Allen, Bacon, Bate, Butler, Caffery, Chandler, Clay, Cockrell, Culberson, Daniel, Hale, Harris, Heitfield, Hoar, Jones (Ark.), Kenny, Mallory, Martin, Mason, Money, Pettigrew, Rawlins, Teller, Tillman, Turley, Turner—26.

IN THE HOUSE.

Washington, May 29.—When the house met today Mr. Grosvenor, of Ohio, from the committee on rules, presented a special rule ordering the previous question upon the pension bills, 190 in number, favorably acted upon in committee of the whole last Friday, the order not to interfere with conference reports.

Mr. Grosvenor explained that the rule was made necessary by the obstructive tactics of the gentleman from South Carolina (Mr. Talbert) last Friday. This Mr. Talbert denied. He said that had a quorum been present the bills could have been passed.

Mr. Dalzell, of Pennsylvania, attempted to have included the bill for the relief of Charles B. Dougherty and the officers and men of the Ninth Pennsylvania regiment, but Mr. Loud objected. The special rule was adopted but was immediately displaced by Mr. Foss, of Illinois, who presented the conference report on the naval appropriation bill.

RAISED A STORM

(Continued from First Page.)

heard anything adverse to Superintendent Study. There appears to be a divided sentiment. Most persons object to the way it was done."

Sheriff A. E. Melching, secretary of the democratic county committee—"The action of the trustees has created much adverse comment. I hear many of our best men protesting against the change."

Hon. Thomas E. Ellison—"I had always supposed Professor Study was giving satisfaction. I don't like the way it was done."

City Attorney Shambaugh, chairman of the democratic city committee—"It was wrong, clearly wrong."

TAYLOR TO BE A CANDIDATE

WILL AGAIN SEEK GOVERNORSHIP OF KENTUCKY.

Martinsville, Ind., May 29.—W. S. Taylor, recent claimant for the governorship of Kentucky, has announced that he will make the race again this fall on an anti-Goebel election law platform.

The announcement was made at the conclusion of a four hours' conference attended by Mr. Taylor, Chas. Finley, ex-secretary of state of Kentucky; A. D. James, United States marshal for the fifth district of Kentucky, of Louisville, and others.

Mr. Taylor will remain in Indiana until his health is recuperated. He said this afternoon: "I will not seek nor decline the republican nomination for governor of Kentucky. The mandate of the liberty-loving people of Kentucky should be obeyed."

ALL ABOUT CALIFORNIA.

A Handsome Series of New and Useful Publications.

California is the natural paradise of the holiday maker. Its resources are inexhaustible, its invitation universal and its resorts and attractions among the most noted in the world.

The Southern Pacific company publishes descriptive literature containing valuable information about all of them. It is for free distribution and may be obtained from any Southern Pacific Agent, or T. H. Goodman, General Passenger Agent at San Francisco. If you apply by mail inclose a stamp for each publication.

"Resorts and Attractions Along the Coast Line," is a handsomely illustrated folder, giving a description of the health and pleasure resorts on the coast between San Francisco and Los Angeles.

"Shasta Resorts," embellished with beautiful half-tone engravings, describes the scenic and outing attractions of the vast and wonderful Shasta region, the grandest of pleasure grounds.

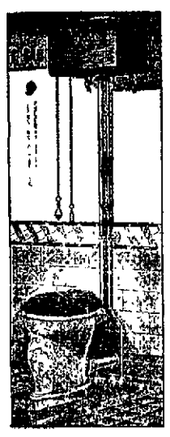

"California South of Tehachapi" tells all about the charms of that remarkably favored semi-tropic garden spot, Southern California.

A handsome map of California, complete in detail, reliable, skillfully indexed and full of information about the state's resources. It is the only publication of its kind conveniently folded for pocket use.

"Summer Outings" is a 32-page folder devoted to the camping retreats in the Shasta Region and Santa Cruz Mountains. It appeals more directly to that large and growing class of recreation seekers who prefer this popular form of outing.

"Pacific Grove" is the Chautauqua of the West, and this folder not only describes the pretty place itself, but gives a program of the religious and educational meetings, conventions, schools, etc., to be held there this summer.

Other publications are "Lake Tahoe," "Geysers and Lake County," "Yosemite," "Hotel del Monte," "Castle Crags," each brimful of information about the places named, and printed in the highest style of the art. M-18-14t

A TRYING POSITION.

Fort Wayne Readers Will Appreciate This Advice.

A constant itching tries your patience.

Nothing so annoying; nothing so irritating.

As itching Piles or Eczema.

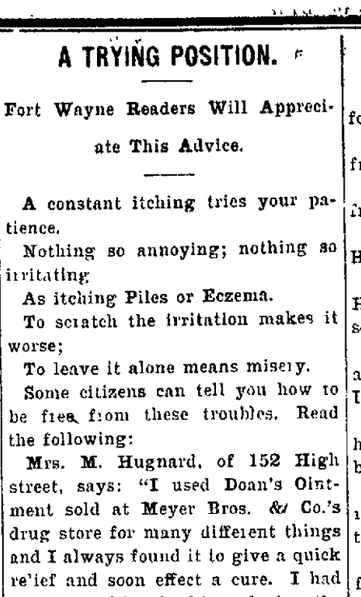

To scratch the irritation makes it worse;

To leave it alone means misery.

Some citizens can tell you how to be free from these troubles. Read the following:

Mrs. M. Hugnard, of 152 High street, says: "I used Doan's Ointment sold at Meyer Bros. & Co.'s drug store for many different things and I always found it to give a quick relief and soon effect a cure. I had something like the hives during the summer and I could find nothing to help them. They itched so where the skin was affected that I could not keep my hands off. I applied Doan's Ointment; it quickly disappeared and has not returned. I also used this remedy on a very severe cut on my hand and the way it cured that cut was like magic."

Doan's Ointment is a specific for all itching skin diseases, Piles, Eczema, Chilblains, Chafing, any irritation and all itchiness of the skin. Gives instant relief. We mail a free sample box on application. Address Foster-Milburn Co., Buffalo, N. Y.

Bar-Ben is the greatest known nerve tonic and blood purifier. It creates solid flesh, muscle and STRENGTH, clears the brain, makes the blood pure and rich, and causes a general feeling of health, power and renewed vitality, while the generative organs are helped to regain their normal powers, and the sufferer is quickly made conscious of direct benefit. One box will work wonders, six should perfect a cure. 50 cts. A BOX; 6 boxes, $2.50. For sale by druggists everywhere, or mailed, sealed, on receipt of price. Address DRS. BARTON AND BENSON, 528 Bar-Ben Bloc'. Cleveland, O. TRADE MARK.

A child of Mr. and Mrs. Wolfe, of Hanna street, is ill with scarlet fever.

Mr. and Mrs. Joseph Manier, of Hough street, are the parents of a son.

Mrs. William H. Brudi and mother are visiting friends in Richmond, Ind.

Mrs. M. Thompson and daughter have returned from a visit in Columbia City.

Mrs. A. S. Bond and daughter have returned from a visit in Washington, D. C.

Mrs. H. C. Moderwell has returned from a two months' visit in Hot Springs, Ark.

Mrs. W. A. Foote and daughter, Athol, are visiting Mr. and Mrs. Thomas Crighton.

The Misses Elsie and Hallie Bell will attend the wedding of a friend in Larwill tomorrow.

Dr. A. E. Bulson removed an eye of Thomas Bulger, of Bluffton, at St. Joe hospital Monday.

Arthur Diamond has returned from Ferris college, at Big Rapids, Mich., for his summer vacation.

Mrs. F. Graybill has returned to her home in Washington, Ind., after a visit with friends in the city.

Mrs. Fisher, of Salem, Ohio, who has been visiting Mr. and Mrs. C. F. W. Meyer, has left for St. Louis.

Dean Norris, of New Castle, Pa., son of Rev. and Mrs. H. J. Norris, has arrived home to remain indefinitely.

The White fruit house will be closed at noon tomorrow to allow the employes to participate in the Decoration day features.

Alexander Johnson left for Polk, Pa., Monday to attend a national convention of superintendents of feeble minded institutes.

During the storm Sunday afternoon lightning struck the home of John A. Pion, of Oliver street, badly damaging the roof.

Mrs. J. A. Shepler and son, Paul, of Crawfordsville, who have been visiting Mr. and Mrs. J. F. Terry, have returned home.

Captain Dickman, who narrowly escaped death by being run over by an electric car ten days ago, was able to leave Hope hospital today.

Charles Stellhorn, the stationer, was surprised at his home on Sunday evening by a number of friends, in celebration of his birthday anniversary.

The Young People's society of St. John's Reformed church will give an ice cream social in the school yard tomorrow evening. A band will furnish music.

Charles Miller arrived in this city this morning from Trinidad, Col. Mr. Miller was called to Fort Wayne by the death of his mother, the late Mrs. Alvina Miller.

The Ladies' Home and Foreign Missionary society of Bethany Presbyterian church will meet in the church on Wednesday afternoon from 2:30 till 4 o'clock.

Mrs. Florence Vining returned today from Chicago. The lady passed a creditable examination at the Western Literary School of Writers, under Prof. Henry W. Sewalwin.

The members of Ben Hur lodge met last evening and decided to give an excursion to Cincinnati on June 20. A meeting will be held next Monday and the details will be arranged.

The social which was to be given this evening by Summit City lodge No. 36, A. O. U. W., and Degree of Honor No. 2, has been postponed until next Tuesday evening on account of the death of Dr. C. E. Heaton, who was a member of both orders. The social will be given at the Maccabee hall.

Fort Wayne Camp, Modern Woodmen, gave a "smoker" to members of other local camps last evening in Red Men's hall and a general good time was had. Four new members were initiated and State Deputy A. V. Avery, of Logansport, was present and entertained those present with an instructive address.

Monday evening at their home, 59 East DeWald street, Mr. and Mrs. A. McCumsey celebrated their china wedding anniversary in a very pleasant manner. A large number of their friends assembled to assist them and extend congratulations. They received many handsome and useful presents, Rev. T. J. Johnson making the presentation speech. The out-of-town guests present were Mrs. Byall, of Dunfee, and Mrs. Snider and son Harry, of Grand Rapids, Mich.

At the pigeon races given last Sunday by the Pigeon Racing club from Bement, Ill., a distance of 200 miles, the leading birds made a speed of forty miles an hour. There were about fifty birds in the race and they returned in the following order: First, Dr. Carl Schilling; second, Henry Beach; third, Frank Contant; fourth, J. E. Breen. On the previous Sunday a 100-mile race was held from Lafayette, in which the birds belonging to Henry Beach won, making thirty miles an hour against the wind. This year's youngsters are V-banded and when lost can be returned to Seat [illegible] U. G.

J. H. Gotham, of Goshen, is in the city today.

Mrs. W. A. Jones has returned from a visit in Toledo.

Mrs. Will Brackenridge and son are visiting friends in Delphi.

The banks will be closed tomorrow on account of Decoration day.

Mrs. Abe Minskey has left for Louisville, Ky., for a few weeks' visit.

Mrs. E. M. Powers and son, of Kansas City, are in the city visiting relatives.

Mrs. Bowman and Miss Edna Perrine returned yesterday from a visit at Clear Lake.

Attorney Thomas W. Wilson is again able to be about after an extended illness.

Mr. and Mrs. I. S. Levey, of New York, are guests at the New Aveline. Mr. Levey is an artist, and expects to remain in the city some time.

Mrs. Cross and daughter, Jeanette, and Miss Garby, a friend, relatives of Mrs. G. J. Wirth, on their way from the island of Guernsey, England, to Marquette, on Lake Superior, are visiting in the city today.

The smoker and progressive pedro given last evening by the Knights of Columbus was very largely attended and highly enjoyable. In the games the first prize, a handsome emblematic charm, was won by Otto Didion.

FIRING SQUADS SELECTED.

Battery B and Lawton camp, Spanish-American War Veterans, have selected the firing squads which will officiate at Lindenwood cemetery on Decoration day. The command from Battery B will be in charge of Lieutenant Cleary and made up of Sergeant John Scheffer, Corporal Alvin Double, Privates Parnell Kelley, O. C. Davies, C. J. Hodge, Henry C. Moriarity, Clinton W. Ramsey, Chris. Hahn and John Lannert. They will report at the drill yard at 11:30 tomorrow. The entire battery will appear in full uniform in the parade and members are to report at the drill yard at 12:30 tomorrow.

Members of Lawton camp will report at Elektron building at 12:30, and the firing squad is made up of M. J. Archbold, commanding; W. F. Trautman, F. C. Schaff, Ed Snyder, J. P. Rupple, Edward L. Bender and J. B. Read.

THE RACE ENTRIES.

The races at the Driving park Wednesday afternoon, under the auspices of the Amateur Driving club, promise to be of much interest. The entries follow:

Class A, Pace—Red Mill, H. Van Alstine; Bessie E., O. Ryan; Roxy, William Pape; Billy C., Tom Snook; Indian Chief, Fred Tapp.

Class B, Trot—Paragon, H. Van Alstine; John N., Fred Grummon; Lewmont, P. T. Strieder.

Class C, Pace—Harry Noble, H. Braun; Anna D., Frank Bogash; Busy Bell, H. Van Alstine; Pat Gilmore, M. Rinehart; Blue Belle, Mat Stephens.

Mule Race—Cannon Ball, James O'Ryan; Cyclone, William Pape; Jinnie, E. Rosenthal; Whirlwind, John Wilkins; Alkali Ike, P. T. Strieder; Flying Childers, R. L. Krull; Mike the Tramp, Charles Buuck; Sure Fishing Jimmie, Chas. Habecker; Crazy Jane, Fred Tapp; Bill Bluch, Henry Braun; High Sign, Louis Ankenbruck.

Peg Leg Dan will be tied at the half-mile post in case of any balks or mishaps. The rider will have the privilege to change mules.

AN INTERNAL REMEDY.

A Pleasant Tasting Tablet; Simple, Convenient; Cures Every Form of Catarrh.

The use of inhalers, douches, sprays, salves and powders for catarrh is a nuisance and inconvenience at the best, and cannot compare with antiseptic remedies in tablet form for internal use.

Internal remedies are the only ones which can really reach the seat of the disease which is in the blood and local applications can no more cure catarrh than rheumatism or kidney trouble, the excessive secretion in nose and throat being local manifestations of a deep seated poison in the blood.

Stuart's Catarrh Tablets, the most successful of the various internal remedies, is composed principally of highly concentrated antiseptics, which destroy the catarrh germs in the blood and causes them to be eliminated through the natural channels.

Progressive physicians use and advise Stuart's Catarrh Tablets because they contain no cocaine, no opiate, no enervating drug whatever, but are composed of Guaicol, Hydrastin, Red Gum and similar catarrh antiseptics, and are so safe and pleasant that even little children may use them with excellent results.

Catarrh sufferers who have wasted time and money on local applications should not despair of a radical cure until a trial of Stuart's Catarrh Tablets has been made.

A complete treatment may be purchased at any drug store for fifty cents.

Lundborg's

"Daisy Queen"

A fragrant perfume, rich in the sweetness of field and forest. Delicate yet lasting.

Sold by All Druggists.

REAL ESTATE TRANSFERS.

(Compiled by John C. Heller & Co., Abstracters, 33 West Main St.)

—City.—

Henry G. Olds to Frederick E. Hoffman, lots 144, 164, 166, 172, 175, 176, 185, 213, 214 and 215, in Lasselle's addition, for $36,000.

Anna Pieper to Charles M. and Lizzie Bushey, part lot 182, Rockhill's, and part lot 621, Hanna's addition, for $1,000.

Amanda M. Brown to Mary M. Belling, lots 1, 2 and 3, Park's sub of Lillie's out-lots, for $3,000.

—Country.—

Mary E. Schwieters to E. H. and M. Boyer, west ½, west ½, southeast ¼, and part southwest ¼, section 1, Springfield township, for $2,100.

Magdalena Boyer to Mary E. Schwieters, southwest ¼, southeast ¼, section 3, Cedar Creek township, for $1,500.

SEVERELY CUT.

Mr. A. McCumsey met with a very severe and painful accident Monday evening at his home, 59 DeWald street. He missed his footing as he was ascending the steps and fell through a glass door, cutting a deep gash in his wrist. Dr. Van Buskirk was summoned and attended the injured man, taking several stitches to sew up the wound.

A FAST BICYCLE RIDER.

Will often receive painful cuts, sprains or bruises from accidents. Bucklen's Arnica Salve will kill the pain and heal the injury. It's the cyclist's friend. Cures Chafing, Chapped Hands, Sore Lips, Burns, Ulcers and Piles. Cure guaranteed. Only 25c. Try it. Sold by Dreier Bros., druggists.

ANNUAL MEETING TONIGHT.

The annual meeting of the Young Women's Christian association will be held in the association rooms this evening. The reports for the year of the officers will be read and other officers will be elected. A complimentary supper will be served to members from 6 to 7:30 o'clock.

M.; Allen, No. 39, Degree of Honor.

NOTICE TO CONTRIBUTORS.

The Sentinel receives many communications for publications, signed with the contributors' initials, with a nom de plume or with no signature at all. The Sentinel has an inflexible rule that no communications will be published unless the writer's full name is furnished with the contribution. The name of a contributor is not wanted for publication, but it is the only guarantee the editor can have of the writer's good faith. In most cases these anoymous communications would find space if they bore the author's name.

The last diplomatic communication on the subject of that Turkish claim is understood to be to the effect that if the sultan does not pay up the administration will talk real hard to him.

Senator Spooner charges that Aguinaldo was in league with the Spaniards to drive the Americans from the Philippines. Inasmuch as Aguinaldo drove the Spaniards from all of the Philippines except Manila the latter must have thought his course the most peculiar case of dissembling his love ever put on record.

The assertion at the Millers' convention at Kansas City of the approach of the day when the grain crops of the United States will no longer be exported in the form of grain, but will be ground in the United States and exported as mill products, is hailed as a novel and bold idea. It is well founded, however, and the only criticism that can be made on it is that it does not go far enough. Wheat and corn are primary products. To export them is like exporting coal, selling abroad a staple which can contribute far more to the wealth of the country, as well as individuals, by being used in the support of industry at home. Of course, all the wheat, corn or coal cannot be used at home until the full development of industrial population to consume it has taken place. Grinding the wheat and corn into flour and cornmeal is but a single step farther. The finished products of corn are beef and pork. The finished product of wheat is the human energy it sustains. When we are considering the advance that can be made why should we not look forward to the day when all our food products are consumed at home and the products of that human energy are exported in the finished forms of manufactured goods?

The Chinese government is threatened with something more serious than European aggression at present. That is an insurrection of great proportions. It may also prove exceedingly inconvenient for European powers which have been vieing with each other in creating "spheres of influence" within the empire. No doubt the "Boxer" agitation bears a close relation to the European grabbing. The Chinese are clannish in the extreme. There is reason to believe they have never looked favorably upon the presence of foreigners and their dissatisfaction with the government is because it has permitted the whites to enter the empire in large numbers and endeavored to protect them while there. There need be no question whether the rebellious forces can at all compare with Europeans in military ability. They have the advantage of the intruders in the fact that the latter are antagonistic to each other. If they are favored by any of the powers, or are favorable to any, that one is Russia—a neighbor of shrewd diplomacy. There is a good prospect for anarchy and in the end Russian gains in territory.

BUT ONE COURSE OPEN.

But one course is open to the school board to bring itself into line with what the people of this city rigidly hold is a correct and unselfish performance of public duty and that is to rescind the action taken last night whereby Supt. J. N. Study is to be displaced as the head of the public school system of Fort Wayne. The people of the city are of one mind and one temper concerning this matter. The school board has plenary power to do as it pleases within the prescription of the law and there is no way to circumvent the purpose of the board to remove Superintendent Study if it chooses to defy public sentiment. But we believe the members of the board are willing to take counsel of the public judgment and defer to the public wish in a matter upon which the public has a right to be heard and wherein its wishes are entitled to substantial respect.

It is given out authoritatively from the school board that the ground upon which is based the action of the board that Superintendent Study's administration of public school affairs is such as to make his removal not only desirable, but a course fully justified. If this be true, then the board has come suddenly into possession of evidence thereto or has succeeded admirably and marvelously in concealing facts in connection with the school administration from the public knowledge. The statement by a member of the board that there is nothing personal or malicious in the motive behind the board's action may not be challenged, but it is apt to be in the entire absence of any impeachment of Professor Study's work save a bare abstract charge that he "won't do." Until the board comes forward with its indictment fully set forth, its action will lie under the public condemnation, undefended and indefensible.

Messrs. Felts and Boswell, whose votes brought about the action of last night, may stand by what they have done, but they stand alone. Public approbation can never be commanded by any public deed wrought in doubtful purpose. No interests stand in more vital relation to the people than the public schools. The public is entitled to the fullest enlightenment concerning them. The procedure whereby Superintendent Study was superseded needs explanation. It was not pursued with that openness which alone can raise performance of public duty by public servants above suspicion. The voice of the people of this city is raised in protest against last night's action of the board. Surely the board must heed it and yield to its righteous imperiousness. The members of the board responsible for the outburst of public disapproval must recognize that their course is a mistake and that it must be repaired. Let the action be rescinded. The board cannot set a policy of self-absolutism against the will of the people.

If the board will not rescind, then the board ought to resign. There is no other course of vindication for the board. It and the public are at variance so radical that the situation demands immediate improvement if the board's usefulness is to continue.

The gas company is laying a new pipe-line along Court street and East Berry street, in preparation for the [illegible] of t[illegible] thor[illegible]es.

ALUM BAKING POWDERS IN CONGRESS.

SENATE COMMITTEE REPORT THAT THE EVIDENCE OF THEIR HARMFULNESS IS OVERWHELMING.

Efforts to Pass Pure Food Laws Opposed by the Alum Trust—Speech of Senator Mason.

Senator Mason's speech in the senate upon the subject of pure food embraces a clear statement of the danger to which the public health is exposed from alum baking powders.

The committee on manufactures were some time ago directed to investigate food adulterations and at numerous sessions in the principal cities accumulated a volume of testimony upon the subject from the best informed parties and highest scientific authorities in the country.

One of the greatest sources of danger to our foods, the committee stated in their report, exists in alum baking powders. The committee found the testimony, they say, overwhelmingly condemnatory of the use of alum in baking powders and recommend that such use be prohibited by law.

Senator Mason, discussing the report of the committee and the several bills introduced to carry the recommendations of the committee into effect, said:

ALUM ABSOLUTELY UNFIT FOR FOOD.

When we made this report we made it based on the evidence before us, and the evidence is simply overwhelming. I do not care how big a lobby there may be here for the alum baking powder, I do not care how many memorials they publish, there is no place in the human economy of human food for this thing called alum. The overwhelming evidence of the leading physicians and scientists of this country is that it is absolutely unfit to go into human food, and that in many cases—if the gentleman will read the evidence, some of the physicians say they can trace cases in their own practice—there are diseases of the kidneys due to the perpetual use of alum in their daily bread. I want to give the senate an idea of the class of men we have called. They are the leading scientists from every college of the United States that we could get hold of. We had open doors, and no witness ever came before that committee in the twelve months we were hearing evidence but who was permitted to testify.

The leading physicians of the world say that cream of tartar is a pure, natural, healthy food product. It is a product of the grape, and when it is put in solution in the bread with soda, if there is a residuum left it does not hurt the stomach, and it does not go into nor injure the brain or the blood or the kidneys.

ALUM A MINERAL POISON.

When you mix a mineral poison, as they all say that alum is, it is impossible to mix it always to such a degree that there will not be a residuum left of alum, which produces alumina and which contributes largely to the diseases of the people in this country.

I will tell you now of the men whose evidence came before the committee who condemned the use of alum baking powder, some in one language and some in another. I have not all the names. I simply asked my stenographer to go through hastily and give me those that could be found readily out of 700 or 800 pages of evidence there:

GREAT SCIENTISTS TESTIFY CONDEMNING ALUM.

Ames, Howard E., surgeon, United States navy, Washington, D. C.

Appleton, John Howard, professor of chemistry, Brown University, Providence, R. I.

Army, United States, refuses to allow the use of alum in anything like a food product in the United States army.

Arnold, J. W. S., professor, University of New York.

Atwater, W. O., professor and director government experimental station, Washington, D. C.

Barker, George F., professor, University of Pennsylvania.

Busey, S. C., professor, Washington, D. C.

Caldwell, G. C., professor, Cornell University, Ithaca, N. Y.

Chandler, C. F., professor, Columbia University, New York.

Chittenden, Russell H., professor, Yale University, New Haven, Conn.

Cornwall, H. B., professor, University of Princeton, New Jersey.

Crampton, C. A., professor, division of chemistry, Washington, D. C.

Cuthbert, Dr. M. F., physician, Washington, D. C.

De Schweinitz, Emile, professor, United States department of agriculture, Washington, D. C.

Fairhurst, Alfred, professor, chemist, University of Kentucky, Lexington, Ky.

Fleming, Walter M., physician, New York city.

Frear, William, professor, State College, Pennsylvania.

Fr[illegible]ge F., [illegible]g United States naval hospital, Washington, D. C.

Jenkins, Edward H., professor, department of agriculture, State of Connecticut.

Johnston, Dr. William W., Washington, D. C.

Johnson, Joseph Taber, professor of surgery, Washington, D. C.

Johnson, S. W., professor, Yale College, New Haven, Conn.

Kerr, Dr. William R., ex-health officer, Chicago, Ill.

Mallet, John William, professor, University of Virginia.

The Marine Hospital Service reject in their rules all alum baking powders or any food containing alum. It is a drug, and no chemist has ever testified that in any food that goes into the stomach of any animal the particles that form alum are found. It is a poison, and it is so testified to by every one of these witnesses, some in one form and some in another.

McMurtrie, William, professor, consulting and analytical chemist.

Mew, W. M., professor, Army and Medical department, United States government.

Morton, Henry, president of Stevens Institute, Hoboken, N. J.

Munroe, Charles Edward, professor of chemistry Columbian University, Washington, D. C.

Mott, Henry A., professor, New York City.

The United States Navy refuses, under the direction of the surgeon-general, to have alum used in any of the products that go into the food of the men of the navy.

Prescott, Albert B., professor, University of Michigan, Ann Arbor, Mich.

Price, A. F., medical director United States Naval Hospital, Washington, D. C.

Smart, Charles, lieutenant colonel, assistant surgeon general, United States army.

Sternberg, George M., surgeon general United States Army, Washington, D. C.

Springfield, C. Pruyn, professor, Chicago Baptist Hospital, Chicago.

Thurber, Francis B., president American Grocer Publishing company, New York City; not a chemist.

Tucker, Willis G., professor of chemistry and chemist of State Board of Health, State of New York.

Vaughan, Victor C., professor, University of Michigan, Ann Arbor, Mich.

Van Reypen, W. K., surgeon general, United States Navy, Washington, D. C.

Wayne, E. S., professor, Cincinnati, Ohio.

Weber, H. A., professor, Ohio State University, Columbus, Ohio.

Wiley, Prof. H. W., chief chemist, Department of agriculture, United States, Washington, D. C.

Wise, John C., medical inspector, United States Navy.

Withers, Prof. W. A., chemist, North Carolina agricultural experiment station, Raleigh, N. C.

Wyman, Walter, sugeon general United State Marine Hospital, Washington, D. C.

Woodward, Dr. William C., health officer, Washington, D. C.

Mr. Pettigrew. Was there any testimony which showed that there were cases of injury to health as a result of constant use of alum?

Mr. Mason. Yes; I can turn you to the testimony.

Mr. Pettigrew. I do not care to have the senator turn to it. I simply want to emphasize the point. I agree with the senator. It has always been my own impression that alum baking powder is injurious, but I wanted to bring it out and make it emphatic, if the proof sustains that position.

Mr. Mason. I quite agree with the senator. It is claimed that there is not a country in Europe that does not prohibit the use of alum. Certainly three or four of the leading countries of Europe to which I have had my attention called prohibit the use of alum in baking powder.

CREAM OF TARTAR POWDERS HEALTHFUL.

Mr. Pettigrew. Did the chemists who came before the committee, these professors, generally testify—was it the result of their evidence—that the cream of tartar baking powder is healthy and does not leave a residuum which is injurious to health?

Mr. Mason. Yes; I say emphatically, yes; that the weight of the evidence is, that whenever any of these distinguished men, who have a national reputation, the leading chemists of the colleges, were interrogated upon the point, they stated that fact, every one of them, to my recollection.

YOUNG WOMEN AS BURGLARS.

Richview, Ill., May 29—Two young women, armed with revolvers, giving their names as Gertie and Winnie Pigg, broke into and looted the residence of E. S. Noleman, at Irvington, Ill., in broad daylight yesterday afternoon. The family was absent. The two girls stole clothing and $35 in money. Their home, they say, is near Mount Vernon. Last night they drew revolvers on some young men at Irvington, and when Policeman P. E. McNail, of this place, put them under arrest they still had their weapons. Their trial will be held at Irvington today.

OBSERVATION WAS A SUCCESS

PROF. S. J. BROWN TALKS OF THE ECLIPSE.

Astronomical Director of Naval Observatory Describes What Was Accomplished.

Barnesville, Ga., May 29.—Regarding the work of the government expedition during the sun's eclipse, Prof. S. J. Brown, astronomical director of the naval observatory at Washington, today gave out a statement, in which he says:

"All of the preparations were ready for the eclipse at the time of its occurrence and the program of the observers was carried out in accordance with the carefully prepared plans. The visual work of the corona consisted of naked eye and telescopic drawings, which were in substantial agreement as to the principal features of the corona. A remarkably good one for its careful representation of the details of the corona was made with chalk on dark blue paper by Prof. Otis Ashmore, of Savannah, who was a member of the government expedition. Prof. Hart, of the University of Maine, and Dr. See, who combined telescopic and visual drawings, each agreed in essential features with the other.

"The other observations of the shadow bands were successful, although this phenomenon was not as pronounced as has been recorded at former eclipses. The shadow bands seemed to be not well pronounced parallel bands of shadow and brightness, but appeared to be more like the reflection of rippled water projected upon a screen.

"Prof. Updegraff and Prof. Eastman made successful drawings of the finer details of the inner corona of the equatorial regions. All of this work shows the corona to have been remarkably similar to those of 1878 and 1889, both of which were years of minimum sun spots."

OBSERVED IN MADRID.

Madrid, May 29.—The eclipse of the sun yesterday was complete at Cadiz at 4 p. m. The sun lost all power, there was a cold wind and twilight. The temperature rose a degree centigrade and Venus was visible to the naked eye.

At Alcante the total eclipse lasted a minute. The stars shone brilliantly and the temperature fell to 22 degrees centigrade.

TRIAL OF RUSSIAN CRUISER.

Philadelphia, May 29.—The Russian cruiser Variag left Cramps' ship yard today for her preliminary or builder's trial. The Variag is now so near completion that it is likely that less than a month will elapse before the official speed trial is made. The trial will be made between the Delaware caps and Montauk point and will require two days. If the Variag meets her speed requirements she will be perhaps the fastest warship of her class afloat. She must maintain twenty-three knots an hour for twelve consecutive hours under natural draft. The cruiser stopped at Fort Mifflin to take on ammunition. All her guns will be fired to test her structural strength. Edwin S. Cramp is in charge of the trial and nearly all the Russian naval officers stationed at Cramps' went on the trip.

CHICKEN SWALLOWS DIAMOND.

Richland, Mo., May 29.—George Rogers, who spends much of his leisure time on his country place feeding chickens for the market, is in a great dilemma. The other day while feeding his pets from his hand one of the greedy fowls nipped a $500 diamond from the ring on his finger, and before he could identify the culprit it had lost itself in the crowd.

Rogers may have to kill his entire flock of 300 to find the jewel, though they are not yet ready for the market. If he kills them and doesn't find the jewel, he will be out over $100.

THE NICKEL PLATE ROAD

The Pen in the Hand is worth two in the Mind.

If you have "a good mind to write to Dr. Pierce" take pen in hand and begin. Then you'll avoid the experience of Mrs. M. P. Davis, of Honaker, Russell Co., Va. She writes:

"For seven years I was confined to bed most of the time. I had ulceration of internal organs and female weakness. I had four doctors and they said I could not be cured. .....After the doctors said I could not be cured I wrote to Doctor Pierce for advice..... I followed the advice he gave. .....I feel better than I ever did. My friends say I do not look like the same woman. *I am sorry I did not take Dr. Pierce's medicine when I first began to have poor health.* I could have saved what I paid to humbugs."

No one ever regretted writing to Dr. Pierce for advice. Many have regretted not writing sooner.

Sick women are invited to consult Dr. Pierce by letter, *free*, and so obtain the opinion and advice of a specialist in diseases peculiar to women. All correspondence private. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Medical Adviser, 1008 pages, is sent *free* on receipt of stamps to defray expense of mailing *only*. Send 21 one-cent stamps for paper covers, or 31 stamps for cloth. Address as above.

HELD FOR MURDER

KEITH ACCUSED OF KILLING NORA KIEFER.

NOT ALLOWED TO GIVE BAIL.

TERRE HAUTE TRAGEDY WAS A SUICIDE.

THEORY OF MURDER SCOUTED

GENERAL NEWS OF THE STATE OF INDIANA.

Evansville, Ind., May 29.—Joseph D. Kieth, the alleged murderer of Nora Kiefer, was arraigned in police court yesterday and bound over to the circuit court without bail. A special session of the grand jury will be called Wednesday to investigate his case. Kieth almost broke down in court. When asked by the magistrate as to his guilt he stood for a minute with bowed head, and then without taking his eyes from the floor, said: "I am not guilty." The prisoner was pale and seemed greatly excited. His wife stood by his side.

William Butcher, who claims he saw Kieth standing on the "canal bridge" with Nora Kiefer the night she disappeared, was before Coroner Walker several hours during the day, but refused to stick to his original story. He was locked up until he was willing to talk.

Kieth last night admitted to the officials that no one was implicated in the murder of Nora Kiefer. "Do not look for any one else," said the prisoner. "You will know all in time." He told his wife in the course of the day in the presence of the turnkey at the police station that the only thing for him to do was to throw himself upon the mercy of the court.

PROBABLE CASE OF SUICIDE.

Terre Haute, Ind., May 29.—Yesterday afternoon the coroner, prosecuting attorney and several reporters returned from the scene of the mysterious drowning of eighteen-year-old Lizzie Price in a pond in Pierson township, in the southern part of this county. They found the neighborhood greatly excited in the belief that the girl had been murdered, but an autopsy revealed no wounds either on the head or body. The coroner thinks it a case of suicide.

The girl left no note, kept no company with young men, and if she had any trouble she kept it to herself. She worked as a domestic in the family of Frank Senour, a farmer, and retired about 9 o'clock Saturday night, jokingly remarking to Mrs. Senour, at the door of her room, "Wake me when you get breakfast ready."

No one saw her leave the house Sunday morning. When found in the pond she was dressed in her every-day clothes, including corset, wore an apron, and the only evidence of haste in dressing was that she had put her shoes on wrong.

Miss Price's reputation was good. The Senours say she talked little and was well behaved. Her mother, a widow, who lives about a mile from the Senour house, thinks she was murdered, but is unable to give any reason for her opinion. Several of the dead girl's relatives are said to have killed themselves.

HON. SAMUEL F. DAY DEAD.

Huntington, May 29.—Hon. Samuel F. Day died at his home in this city Sunday night, aged seventy-three years. He was born in Kent county, Ohio. At eighteen he became a boat hand on the cross-cut between Cleveland and Pittsburg. He came to Huntington in 1861 and opened a livery barn, which he has since conducted. He took thirty-two degrees in Masonry. In 1895 he was elected mayor of Huntington and was re-elected four times in succession. He was deeply interested in the schools of the city. The orphans' home was established by his efforts. Mr. Day was known by every one, so closely has his life been connected with the city. For the last thirty years he had been honorary or active pall-bearer at every funeral of importance in the city.

THE BIDDLE ESTATE.

Logansport, Ind., May 29. The indications are that there will be so much litigation over the estate of the late Horace P. Biddle that by the time the cases are through the courts there will be little left for the heirs. Mrs. Anna M. Biddle, widow of the late judge, as administratrix of the estate, has filed three suits against other heirs, who dispute her right to settle the affairs of the estate. She seeks to have set aside conveyances made to Mrs. Eva Reynolds, claiming they deprive her of her legal allowance of one-third of the property. She also seeks to recover some personal property which she claims Mrs. Reynolds is in possession of. The widow of Judge Biddle is eighty years old, and is confined to a hospital by sickness. Her affairs are being directed by friends and attorneys.

ENUMERATION WAS PADDED.

Laporte, Ind., May 29.—County Superintendent Zigler has given to the public the figures of the new school enumeration, which was the outgrowth of the recent bitter controversy. This city shows a loss of 861 and Michigan City a loss of 1,323. Mr. Zigler made the charge that the first enumeration was padded, and the second enumeration proved the truth of his charge.

THE BOOM COLLAPSED.

Muncie, Ind., May 29.—The collapse of a boom at Whitely is being felt by many people of that suburb. When the Whitley reaper works were removed there from Ohio, some years ago, real estate values went up, and dozens of people made investments in property, through building and loan associations. After the reaper works were destroyed by fire the values of property fell rapidly. Many of the investors continued making their payments for ten years, and some of them find themselves still in debt to more than the present value of their holdings. The loan companies are filing numerous foreclosure suits, and the action will render several hundred people homeless.

PAID IN JAPANESE COIN.

Elkhart, Ind., May 29.—Charles B Harris, of this county, consul to Nagasaki, Japan, has forwarded his dues to the Masonic lodge in this city, calling for $4, in Japanese coin. The coin came by express and embraced 361 pieces, ranging in value from one-twentieth of a cent to twenty-five cents. The collection is large and unique.

HOME LIFE UNPLEASANT.

Marion, Ind., May 29.—Anna and Belle Ward, the young girls who fled from home, were located at Kokomo, and they have returned. They were living with a family in that city, where they had found employment as domestics. The girls claim that their home life is unpleasant.

HUNCHEON LAND TRANSFER

Laporte, Ind., May 29.—The transfer of the Huncheon land tract, comprising 7,000 acres, to a syndicate of Pontiac, Ill., will be perefected today. Consideration, $200,000. The town of Lacrosse, in the center of the tract, and located on three railways, will be boomed.

CO-OPERATION A SUCCESS.

Marion, Ind., May 29.—The co-operative factories in this county are proving a great success. The plant at Upland, which manufactures lantern chimneys, will be doubled in capacity. The workmen are all stockholders, and have conducted the business successfully.

KILLED BY LIGHTNING.

Rochester, Ind., May 29.—John Fylnn, a farmer and lumberman, was killed by lightning Sunday afternoon. He was standing with his hands clasping a wire fence, surrounding his barn lot, watching his hogs feeding, when lighting struck the telephone line nearby, and after melting the wire for two hundred feet, jumped to the wire fence, one hundred feet away. Flynn was instantly killed. His little daughter was slightly shocked.

TENT FELL BEFORE WIND.

Carmel, Ind., May 29.—The fiery evangelist, Cyclone Johnson, who, after several tilts with the police of Indianapolis, came here to reside, is not resting quietly. Some time ago all the churches in town closed their doors against him, after which he held meetings in the streets, and he finally took up subscriptions and bought a large tent, in which his meetings have been conducted for the past week. Yesterday afternoon the rain fell and the wind blew against that tent until it fell. It was full of people at the time, and there was great alarm. Women screamed and children cried, while the men fled. Johnson called lustily for assistance in holding the poles, but no one responded. As a consequence every one received a thorough soaking. No serious damage, however, resulted, and yesterday the tent was again hoisted to position.

FATHER INSTANTLY KILLED.

Sheridan, Ind., May 29.—While a storm was sweeping over this vicinity lightning struck a post in the dooryard of John Cranfield, three miles east of here, and Mr. Cranfield, who was standing in the doorway of his home, was instantly killed. His body was frightfully burned. His younger son, who was in the yard, and who was barefooted, had his legs blistered by the electric current.

BAD FIRE AT MARION.

Marion, Ind., May 29.—Fire broke out in Pottinger Bros' photograph gallery, on the north side of the public square, shortly after midnight, and but for timely work by the department the entire north side of the square would have been reduced to ashes. The loss will reach $10,000. Those who suffered include: Pottinger Bros., $2,500, with $1,500 insurance; Dr. Bobbs, owner of the building, $1,000, fully insured; Max Bernstein, clothier, $6,000, principally by water, fully insured, and A. V. Custer, $75, insured. The Wigger Buggy and Harness company suffered slightly by water.

A VERDICT FOR $25.

Bluffton, Ind., May 29.—The slander suit of Mrs. Sarah Green against Mrs. Christina Kahn, in which she demanded $1,000 damages, has resulted in a jury returning a verdict for $25.

How's This!

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

The People's Store,

Until next Saturday evening, we are going to sell all our

Ladies' and Misses' Jackets

At a Great Reduction in Price.

The reason for doing this is the fact that we need the room for other goods, and if price is any inducement, you certainly should not let this opportunity pass to get a good, first-class garment at less than the cost of material. Every garment guaranteed this season's make. None are held back, they must all go; many are worth double, all are worth more than the price put on them. We have divided them into five lots, this way:

Lot 1. All Ladies' and Misses' Jackets that sold from $3 50 to $4.00, go at **$3.19**

Lot 2. All Ladies' and Misses' Jackets that sold from $4.50 to $5.90, go at **$3.90**

Lot 3. All Ladies' and Misses' Jackets that sold from $6.00 to $7.50, go at **$5.00**

Lot 4. All Ladies' and Misses' Jackets that sold from $8.90 to $10.00, go at **$7.50**

Lot 5. All Ladies' and Misses' Jackets that sold from $10.00 to $12.50, go at **$8.90**

Every garment is lined throughout, the styles this season's and colors are Black, Tan, Modes, Castors, Medium Browns, Navy Blue, Red, etc. We have every size, 12 years to 18 years in Misses, and 32 to 44 in Ladies; but come early, or your size may be gone if you delay till the last minute.

STRICTLY ONE PRICE TO ALL.

The People's Store,
BEADELL & COMPANY.

Best Lighted Store in the City.

JAMES TAFT'S
CLOSING OUT SALE

The Biggest Merchandise Event in the History of Fort Wayne

Our entire stock of Dry Goods, Notions, Cloaks and Millinery must be sold by AUGUST 1st regardless of value. This is positively a genuine Bona-Fide Closing Out Sale.

IT STARTS THURSDAY AT 1:30 P. M.

Store closed until that time, marking down and arranging stock preparatory.

WANTED--20 saleslady's'--apply at once.

OUR REASON FOR RETIRING: Is on account of being unable to make terms with our landlord. We are compelled to give possession of our room by August 1st. It has been our purpose for the past six months to make this one of the most modern stores in Northern Indiana. With this end in view we have been negotiating with Mr. Seidel, (our landlord,) for his co-operation in some much needed repairs, but we regret to say that our every effort has failed, our last proposition being to make a lease for a long term of years at our present rental, $3,000 per year, we agreeing to paper and paint his building throughout, thoroughly remodel the first floor and basement, add our own electric light plant, provided he would agree to add a steam plant, in other words, we proposed to spend $5,000 for improvements on his building if he would agree to spend less than $1,000. This most liberal proposition has been declined--for this reason we are compelled to announce our CLOSING OUT SALE.

Pat Wright was back in the game yesterday and managed to win the second of the series from the Fort Waynes. At one time it appeared as if the Fort Waynes had a "cinch" on a victory, but poor pitching followed and the Quakers were presented with the game. Ream started in to pitch. He was not feeling strong and it was "Doggie" Miller's intention to pitch Swaim, who complained of a sore arm. Ream was effective in the first two innings, but in the fourth his strength failed him and four singles, two of them the lucky kind, resulted in three runs. Fort Wayne was one run ahead when Fricken went in. The Brooklyn boy let down in the sixth and was batted for four hits and gave a couple of bases on balls. When the score was a tie, 7 to 7, Harper was called to the rubber and before the inning was over the visitors were ahead, 10 to 7. Swaim went in to pitch in the eighth and another run was scored on a base on balls, a sacrifice and a single. He struck out one man and in the ninth two more "fanned the wind." It was the expressed opinion of many who saw him twirl these two innings that had he pitched the entire game victory would have been certain for the Hoosiers. The fielding was clean, the only misplays being McCreedie's failure to hold Miller's easy fly, Wadsworth's muff of Wright's assist at first base and Bergen's failure to handle Krueger's throw to the plate in the sixth inning. Score:

NOTES OF THE GAME.

Babb played fast ball in the field, but struck out three times.

Flick made another home run yesterday and now has six to his credit.

President Power has turned down a personal request of Billy Brady that Jim Jeffries be allowed to umpire the game at Dayton next Thursday. Mr. Power says he does not intend that the Inter State shall be turned into a pugilistic sideshow.

The grand stand, bleachers and club house on the Cincinnati ball park burned to the ground yesterday, the loss reaching $15,000. The Cincinnati players' uniforms were burned and the Reds are now wearing the traveling uniforms of the Bostons until new outfits can be secured.

There will be two games with Toledo at League park tomorrow. The morning game will be called at 10 o'clock and Swaim will pitch. The afternoon game will be called at 3 o'clock and "Bumpus" Jones will be on the rubber. Toledo will probably present Butler and Ewing as pitchers.

Tim Flood has been sold by the Fort Wayne management to the Cleveland American League team. The cash for his release has been received and is deposited in the treasury of the Fort Wayne club. Flood has been ordered to report to Cleveland, but there is a suspicion that he has been purchased for the Buffalo team inasmuch as Cleveland has three fast infielders in Bierbauer, Viox and Sullivan.

MANY PASSPORTS ISSUED.

Washington, May 29.—The state department has issued over 3,000 passports to European travellers for the twenty-eight days in May. It is said that the climax has been reached and from this point on the issues will diminish. As it is, the figures show a gain of over 50 per cent. above the normal passport issues for May. The figures for April were 3,064, in that case a gain of more than 100 per cent. over the normal business. Most of these travellers are going to Paris, yet it is said at the state department that during the last portion of the first quarter of 1900, and that part of the second quarter which has already elapsed, there has been an unusually large number of applications for passports from American merchants and commercial travelers bound abroad on business.

HERNANDEZ CAPTURED.

Caracas, Venezuela, May 29.—General Jose M. Hernandez, the revolutionary leader, has been captured by government troops. The revolution is now considered ended.

M15-17-22-24-29-31 J5-7-12w5t

THE MARKETS.

Chicago, May 29.—The wheat market was quiet and easier early today. There were general, although light, rains in the northwest and a low barometer indicated further precipitation. This caused moderate selling. July opened a shade lower at 67c to 66⅞c and eased off to 66⅝@66¾c, where the market steadied. Receipts here were 56 cars, 4 of contract grade. Minneapolis and Duluth reported 438 cars against 328 last week.

All the public cables carried complaints of the French crop prospects and this, together with the decrease in the world's visible, were the main bull reliance. July later rallied to 67⅛c and closed firm, ⅛@¼c over yesterday, at 67@67⅛c.

Corn was quiet but firm and trade was light early, there being no particular pressure either way. There was too much rain in some sections Receipts here were 616 cars. July opened unchanged to a shade lower at 37c to 36⅞@37c and sold to 37⅛c.

Country offerings were small and the shipping demand improved. July later advanced to 37⅛c and closed firm ¼@⅜c higher at 37¼@37⅜c.

The oats market was dull and featureless and the trade early unimportant. Receipts here were 608 cars. July opened unchanged at 21⅛@21¼c and with corn as the influence touched 21⅛@21⅜c.

The provisions market was quiet and steady. The opening was a shade under yesterday. July pork at $11.27½@11.30; July lard at $6.80@6.82½ and July ribs at $6.47½@6.50. The shade loss was regained early.

THE CLOSE.

Prices at the close were as follows:

Wheat—May, 66c; July, 67@67⅛c.

Corn—May, 37c; July, 37¼@37⅜c.

Oats—May, 21⅜c; June, 21⅛c; July, 21¼c.

Pork—May, $11.17½; July, $11.27½; Sept., $11.27½.

Lrad—May, $6.80; July, $6.82½; Sept., $6.82½.

Ribs—May, $6.50; July, $6.52½; Sept., $6.50@6.52½.

Flax—Cash N. W., $1.80; Cash S. W., $1.80; May, $1.80; Sept., $1.28 @1.28½; Oct., $1.21½.

CHICAGO LIVE STOCK.

Chicago, May 29.—Cattle—Receipts, 2,500; market generally steady. Good to prime steers, $5.00 @5.70; poor to medium, $4.40@4.85; stockers and feeders, $3.75@5.10; cows, $3.10@4.60; heifers, $3.25@5.15; canners, $2.40@3.10, bulls, $2.75@4.40; calves, stronger, $5.00@6.80; Texas fed steers, $4.00 @5.20; Texas bulls, $3.25@3.75.

Hogs—Receipts today, 23,000; tomorrow, 25,000; left over, 2,522. Market opened strong; closed weak. Mixed and butchers, $5.00@5.25; good to choice heavy, $5.15@5.25; rough heavy, $5.00@5.10; light, $4.95@5.22½; bulk of sales, $5.15@5.20.

THE DAY ON WALL STREET.

New York, May 29.—Prices were rather better at the opening of the stock market today. There was quite a demand for Sugar on an advance of ¼ to ½ on simultaneous sales and Louisville was up a point. Otherwise gains were fractional and there were a few losses. A drive against Missouri Pacific brought out enough long stock to lower it a point, but the general market resisted the decline. Pressure against the short interest in Sugar caused heavy buying and the price rose rapidly to 117½. Other stocks hardened sympathetically. The specialties gained sharply, but the railroads moved sluggishly. Tobacco, Steel and Wire, Brooklyn Transit and Federal Steel preferred rose a point each. American Ice broke 2½

While the buying power in the market was small it served to raise prices all around. The dullness was emphasized because of the holiday tomorrow and the appearance of strength was due in part to the evening up of short contracts over the holiday. American Hoop reflected a favorable annual statement by rising 2¼ and Pittsburg, C., C. & St. L. gained 2½. The Grangers and Pacifics were in some demand.

Bonds were quiet and irregular.

NEW YORK PRODUCE.

New York, May 29.—Butter—Receipts, 19,332 pkgs; market steady; western creamery, 16½@20½c; factory, 14@16c.

Cheese—Receipts, 6,075 pkgs; market weak; fancy large white, 9¼c; fancy large colored, 9¼c; fancy small white, 8½@8¾c; fancy small colored, 8½@8¾c.

Eggs—Receipts, 20,091 pkgs; market barely steady; state and Pennsylvania, 14@14½c; western, loss off, 14½@16c; western at mark, 11@13¼c.

Sugar—Raw, firm; fair refining, 4c; centrifugal, 96 test, 4½c; molasses sugar, 3 13-16c; refined, steady; crushed, $5.70; powdered, $5.40; granulated, $5.40.

Coffee—Market steady; No. 7 Rio, 7 13-16c.

THE MONEY MARKET.

New York, May 29.—Money on call firm at 2 per cent; prime mercantile paper, 3½@4½ per cent; sterling exchange easy with actual business in bankers' bills at $4.87@4.87¼ for demand and at $4.84½@4.84¾ for 60 days; posted rates, $4.85½ and $4.88½; commercial bills, $4.83¾@4.84½; silver certificates, 60@61c; bar silver, 59⅞c; Mexican dollars, 47½c.

THE BOND MARKET.

New York, May 29.—Government bonds steady:

CATHOLIC FAIR HAS CLOSED

ABOUT $11,000 TAKEN IN DURING THE TWELVE NIGHTS.

Mrs. Betts the Winner of the Kitchen Range—Grand Distribution and Auction.

The Catholic fair and bazaar which has been held in Library hall for the past two weeks, closed last evening, and one of the biggest crowds of the season was in attendance. This fair is conceded to be the most successful of its kind ever held in Library hall and the results have been most gratifying to those who have been in charge. The committees which were appointed to solicit contributions from the different business houses of the city met with a most gratifying success, and not one business man nor concern that was approached for a donation but what willingly gave what was asked, and often more The best attractions were provided for each evening and the different contests created a lively interest, which was maintained throughout The fair was a success from the point of view of both management and spectator and those who paid the necessary admission fee got full value for their money. The attendance each evening was up in the thousands and the fact that this unabated interest was maintained was ample proof of the excellence of the entertainment provided.

The approximate receipts during the twelve nights of the fair are about $11,000, of which about $5,000 are from the various contests. The contest off which the most money was made was for the piano for the most popular young lady, which closed Saturday evening, the amount realized being about $1,600. The average door receipts was $35 for each evening. Large donations were made by several members of the Cathedral and the sums thus realized, together with the money received in the chances and taken in by the various booths, will be about $5,600. The money received will be used for the benefit of the church and the parish charities.

The grand distribution took place last evening and all articles remaining over were sold at auction. The only contest was for the Acorn range donated by the Indiana Furniture company for the most popular housewife. The contest resulted as follows: Mrs. Betts, 1,588½; Mrs. Barry, 1,063, and Mrs. Miller, 337.

AGED MISSIONARY DEAD.

New York, May 29.—Rev. Dr. John Scudder, of the Dutch Reformed Churches' Arcot Mission in India, died at Kodie Kanai, in that country, on Wednesday, May 23. He was 64 years old and for thirty-nine years had been connected with the Arcot Mission. He had come to be an authority on matters pertaining to India and its people.

T. H. Gutelius, of Cincinnati, is in the city. Mr. Gutelius represents a non-trust wall paper house.

Mothers, Attention!

Symptoms of Worms in Children.

Extreme appetite by spells, then again, loss of appetite, severe pains in the bowels; very often the child's stomach is like a drum; crying or whining, blue under the eyes white about the mouth foul breath; red spots on its cheeks, as though it had a fever; worm fevers; some have constant diarrhoea, offensive discharge from the bowels; convulsions or worm fits, and cough. The child is restless at night, and starts frequently when asleep, paleness around the mouth, extending up the side of the nose, and itching of the nose, is a common symptom. Itching of the anus is indicative of the presence of the Pin Worm. Epilepsy and every form of Nervous Derangement often result from irritation.

Hundreds of children having these symptoms have died and the cause of their death was worms.

What is the best remedy? STEKETEE'S WORM DESTROYER, the only sure remedy. Ask druggists for Steketee's Worm Destroyer. Take no substitute. Price 25 cents.

A Magnetic Swindle.

But a short time ago people of this city were gulled, duped and swindled by a magnetic healer. Since that time the government has put a quietus on the shady practice of magnetic healers and silent treatment people, doing business through the mail; however, in some places they have struck a new deal by trumping up cheap "paid for testimonails." A repetition of the BOY WONDER is on tap. Something TANGIBLE, SENSIBLE AND LASTING IS DEMANDED BY intelligent people. The Perfected Oxygenor King is the king of healers; it lasts a lifetime; it furnishes each individual with the greatest specific remedy for disease free of charge. OXYGEN GIVES NEW LIFE. The P. O. K. has the strongest indorsement ever given any remedy for the cure of disease. The official United States Health reports vol. xxiv., No. 8, nature's own method of freeing herself from disease.

SHOP AND RAIL.

THE ROCK ISLAND DOES A CHARITABLE DEED.

HAULS CORN FOR INDIA FREE

A WHOLE TRAIN LOAD BROUGHT IN FROM KANSAS.

THE COST OF RUNNING TRAINS

ORDINARY ACCOMMODATIONS COST $36 PER TRIP.

Railroad corporations are not all soulless, as was evidenced by the concession granted by the Rock Island to the India relief committee of the state of Kansas. The Rock Island agreed to transport, free of charge, twenty carloads of corn for the famine-stricken sufferers in India. The cars were placed at stations along the Rock Island line, designated by the committee and which were convenient for the delivery of corn to the railroad. When the twenty cars were filled with corn they were collected at a common point and made up into a train which was bannered as part of the corn donation of Kansas to the starving sufferers of India. It is estimated that the twenty cars held upwards of 20,000 bushels of corn. The train reached Chicago the evening of May 25th, its progress having been noted by thousands along the line. At Chicago the corn was delivered to the eastern lines and is now speeding on its way to India to do its part in the merciful work that has excited the attention and sympathy of the world.

WILL TAKE A HOLIDAY.

All the freight houses in the city will close at noon tomorrow and most of the shops will observe the day in part or in whole. The Pittsburg, the Lake Shore and the Lake Erie and Western will annul local freight trains and run only through freight. The Nickel Plate will send out its local freight as usual. The Grand Rapids and the Wabash roads had not been instructed on that point up to the noon hour. It is likely the service will be annulled for the day, however.

HEAVY LIVE STOCK TRAFFIC.

The Pennsylvania company is receiving its full share of the live stock traffic of the country and is sending a good deal of the business to Pittsburg over the Fort Wayne line. Yesterday 100 carloads of live stock passed through this city.

IN A NEW OFFICE.

General Foreman J. H. Bedson, of the Nickel Plate, moved his office yesterday into the room recently fitted up for that purpose on the north side of the yards, just west of the round house. The old quarters in the round house will be arranged into a stall for engines. The new office is much cleaner and more pleasant than the old one.

THE COST OF TRAINS.

The new trains on the Pennsylvania promise to be profitable from the start. The first one to go east left Chicago with thirty through passengers, to say nothing of numerous passengers picked up en route. Several years ago the company asserted it required twenty-eight through passengers daily to cover the running expense of the limited. Figured on this basis the new trains will be money-makers. To run the accommodation trains it costs an average of $36 daily and not all of them yielded that large an income. The best train for the business interests of Fort Wayne ever on the Pittsburg road was the Plymouth accommodation. It generally came in with a goodly number of passengers, but the receipts barely covered the operating expenses and the company abandoned the service several years ago.

TAKING INVENTORY.

Ever since the supreme court rendered a decision on the Eel River receivership case, the clerks in the motive power and car departments of the Wabash have been delving in garrets and piles of musty books and papers in search of records concerning the equipment of that branch of the system and they have nearly finished their work. Some of the locomotives found on the Eel River road when the Wabash assumed charge are still in existence, though the majority of them long ago passed to the scrap heap and their places were taken by more modern machines. Hardly a car which belonged to the road prior to the lease can be found. Cars are not so long lived as locomotives and are less costly, so when they become too dilapidated they were destroyed and others placed in their stead. The object of the inventory is not definitely known, but it indicates, to the minds of many, an intention on the part of the Wabash to abide by the decision and make the best of the situation until another line can be built.

GREATEST RAILWAY STRIKE.

The greatest railway strike in the eastern states was that of 1877 on the Pennsylvania railway and it was brought about by the introduction of double-headers and other methods which are today common practice on all lines in the country. In an article on this subject the Indianapolis Journal yesterday published a copy of the order which led to the great strike. It is as follows:

"Pennsylvania Railroad, Office of General Agent and Superintendent, Pittsburg Division, Pittsburg, July 19, 1877.—On and after Thursday, July 19, 1877, two trains are to be run on Union and two trains on National line through, between Pittsburg and Altoona, thirty-six cars to a train, a pusher from Pittsburg to Derry, and a pusher from Conemaugh to Altoona. No passenger engines to be run on frieght. Balance of trains to divide at Derry; first in and first out. Derry to be the headquarters where engines will be turned. Between Derry and Pittsburg all double-headers, thirty-six cars to a train, or as many as they can haul, to be increased or decreased in the judgment of the dispatcher—according to lading of cars.

"Robert Pitcairn, Supt."

INDUSTRIAL NOTES.

Supt. E. A. Gould, of the Wabash, had business in the city yesterday.

B. Volz, the wheel roller at the Pittsburg shops, is sick and off duty.

Brakeman W. P. Morrison, of the Nickel Plate, has returned from Cleveland, where he visited friends a few days.

G. M. Smith and J. E. Smith, of the Wabash blacksmith shop, were called to Peru this morning to attend the funeral of a relative.

The rain this morning drove the lumber handlers and other outdoor laborers from their posts of duty and little of that kind of work was done today.

T. J. Foley, superintendent of transportation of the Pennsylvania company, is spending a few days in the city in his official way and visiting his relatives.

T. Bell, of the Vandalia shops at Terre Haute, has been appointed department superintendent of the Louisville, Evansville and St. Louis shops at Princeton.

Pittsburg train No. 37 took on fifty passengers at Larwill this morning, which is something out of the ordinary. The party was en route to Warsaw to attend a convention.

Charges of rate-cutting are heard against the Great Northern. It is alleged that several small parties have been carried from St. Paul to Seattle at a rate of $25 per capita.

E. S. Turner, Donald McDonald and Joseph Bursley are assisting in making engine tests on the Grand Rapids and Indiana road. The Sentinel yesterday stated the object of the tests.

Engineer Amos Sine is sick. Engineers A. Wilde and R. O. Ellenwood and Firemen B. L. Mason and F. S. Mollett are taking a short vacation. All are employes of the Pensylvania.

The Maple Leaf elevators, with a capacity of 1,000,000 bushels, have been leased to Rosenbaum Bros., of Chicago, which means that the Chicago Great Western will abandon the grain business.

Frank C. Bardey resumed his old place in the Pittsburg blacksmith shop this morning, after a two months' absence, during which he was working on a farm a short distance below New Haven.

Mr. Wells, of Harrisburg, Pa., who has been visiting his son, W. S. Wells, left for his home yesterday. The visitor is foreman of engineers and firemen on the Harrisburg division of the Pennsylvania railroad.

Contractor Herman Tapp has secured an $18,000 contract on the Cincinnati Northern railway at West Alexandria, where he will build two large abutments and one middle pier. His work on the Pennsylvania will be completed in a few days.

Engineer Joseph Studer, of the Nickel Plate, will soon have the most handsome residence on Third street. A number of improvements on the house are now in progress and when all are completed the premises will indeed be handsome and convenient.

The Lake Shore company is preparing to carry its plans for the improvement of the Lake Erie and Western road to a finish. An order for 1,500 cars will be placed in a few days and 500 of them will be sent to the Lake Erie and Western road.

The official statement of the fast run of train No. 8 on the Chicago, Burlington and Quincy, between Burlington and Chicago, on May 1, shows that the distance of 205.8 miles was covered in 188 minutes, deducting dead time of 14½ minutes. The average speed was a little more than 65½ miles an hour. Between Mendota and Aurora the rate of speed for 45.5 miles averaged 73.6 miles per hour.

George A. Burbeck, of Chicago, passenger brakeman on the Nickel Plate, lost his left hand Sunday at Bellevue. In getting on the train he fell and his hand went under the wheels and was crushed into a pulp. The company's surgeon at Bellevue dressed the injured member.

The syndicate owning the Southern Indiana road has purchased the Centralia and Chester road, paying $450,000 for it, and it has been incorporated as the Illinois Southern. The road is ninety-six miles long and it is understood that a link will be built connecting the two lines.

Contractor John Suelzer is engaged in erecting a number of cottages at Rome City at present. The resort has taken on a growth which borders onto a boom. Dr. George B. Stemen and two members of his family and Theodore Thorwold went down to the resort this morning. It is understood that they contemplate building cottages there.

G. W. Perry, chief claim clerk of the Kansas City, Fort Scott and Memphis, has been appointed freight claim agent of the Great Northern, with headquarters at St. Paul, Minn. Sixty-five men who claim to have hired out to the Great Northern to take the place of the strikers are now suing the road in St. Paul. The men complain that they were promised employment at the time of the labor troubles in Montana, about a month ago, but that the company, instead of paying them at the rate of $3 per day, refuses to pay more than $1 per day. The amounts sued for range from $7 to $15.

TORTURED A WITNESS.

Intense suffering was endured by witness T. L. Martin, of Dixie, Ky., before he gave this evidence: "I coughed every night until my throat was nearly raw; then tried Dr. King's New Discovery, which gave instant relief. I have used it in my family for four years and recommend it as the greatest remedy for Coughs, Colds and all Throat, Chest and Lung troubles. It will stop the worst cough, and not only prevents but absolutely cures Consumption. Price 50c and $1.00. Every bottle guaranteed. Trial bottles free at Dreier Bro.'s drug store.

CAME ON THE ONEIDA.

New York, May 29.—The steam yacht Oneida arrived here today from Bermuda with her owner, E. C. Benedict, and Former President Cleveland on board.

A KEEN CLEAR BRAIN.

Your best feelings, your social position or business success depend largely on the perfect action of your Stomach and Liver. Dr. King's New Life Pills give increased strength, a keen, clear brain, high ambition. A 25 cent box will make you feel like a new being. Sold by Dreier Bros., druggists.

MRS. GLADSTONE WEAKER.

London, May 29.—It was said this morning that Mrs. Gladstone is gradually growing weaker. Her right side is paralyzed.

Lawton lodge, Knights and Ladies of Honor, met in their hall in the Elektron building Saturday evening, May 26, and installed the following officers: Past protector, H. H. Haines; protector, Mrs. E. T. Comparet; vice protector, C. B. Schmuck; secretary, H. S. Gates; financial secretary, J. T. Werkman; treasurer, Emma M. Conover; chaplain, Mrs. Henkenius; guide, Mrs. D. T. Gates; guardian, W. A. Ward, jr.; sentinel, T. A. Ferguson; captain of guards, A. Schultz; examiners, Drs. W. G. Ferguson, J. E. McHugh and Luella Derbyshire. The following grand officers from Indianapolis conducted the installation ceremonies: Mr. and Mrs. W. S. Taylor, Mr. and Mrs. J. H. Haught, Mrs. Emma Klingelhoeffer, Mr. O. J. Roberts, Dr. J. J. Cole and Mr. Freeman Wright. The Knights and Ladies of Honor is an Indiana order and needs no introduction, as it has been in the field twenty-three years and has distributed over $15,000,000 to widows and orphans. It was the first order in the United States that admitted men and women with equal privileges. Lawton lodge starts out with ninety-five charter members and flattering prospects. This splendid result was accomplished in six weeks by Indiana State Manager Benj. Denner and his able local assistants. Mr. Denner goes from here to Wabash, Peru and Lafayette. He takes with him the best wishes of Lawton lodge, every member of which is very enthusiastic for the advancement of the order.

ALLEGE TREES ARE RUINED

COMPLAINT MADE TO THE BOARD OF WORKS.

May Bar Automobiles From Parks After Dark—Board Will Insist on Groove.

Citizens of West Main street called at the board of works office today and protested against the trimming of shade trees by the employes of the Home Telephone company. The claim was made that during the past few days limbs had been cut off many of the trees along the street and some of them will be ruined as a result. Chairman Eggemann immediately instructed that notice should be served on both the telephone companies that trees should not be trimmed at this season of the year, but that the work should be delayed until fall, when the danger of killing the trees is not great.

TALK OF AUTOMOBILE.

The board of works may request the city council to pass an ordinance prohibiting automobiles from traveling in the parks after dark. Chairman Eggemann broached the matter at the meeting of the board of works last evening and it is the belief of the members of the board that some of the automobiles can be barred. A few evenings since Mr. Eggemann says that one of these horseless vehicles flashed by a horse driven to a light buggy and a runaway was narrowly averted. The noiseless automobiles may not come under the ban of the ordinance as it is doubtful if they can be barred, but the "steam engines" which now and then travel the streets are considered dangerous.

TALK OF RAILS.

Messrs. John H. Bass and James C. Barrett attended the meeting of the board of works last evening and talked street railway with the board. An order has been made that only groove rails shall be placed on Columbia street. Messrs. Bass and Barrett believed that a heavy T-rail was just as safe and substantial, but Chairman Eggemann contends that it is for the interests of the taxpayers to place a rail which will protect the pavements which are to be constructed alongside street railway tracks. Mayor Scheler has issued orders that groove rails must be placed on streets to be paved and says this order will be enforced.

A WOMAN'S AWFUL PERIL.

"There is only one chance to save your life and that is through an operation" were the startling words heard by Mrs. I. B. Hunt, of Lime Ridge, Wis., from her doctor after he had vainly tried to cure her of a frightful case of stomach trouble and yellow jaundice. Gall stones had formed and she constantly grew worse. Then she began to use Electric Bitters, which wholly cured her. It's a wonderful Stomach, Liver and Kidney remedy. Cures Dyspepsia, Loss of Appetite. Try it. Only 50 cts. Guaranteed. For sale by Dreier Bros., druggists.

ESSENTIALLY A FORT WAYNE FAVORITE.

Train No. 4, on the Spring Schedule of the Nickel Plate road leaves Fort Wayne, east, at 9:05 p. m., every day. Through Drawing Room Sleeping Cars to Buffalo and New York. Dining Car, Fort Wayne to Bellevue and all next day Buffalo to New York. An Observation car from Buffalo affords one of the most delightfully interesting trips possible, passing as it does through charming valleys, with blue ranges of mountains in the distance, the scene animated by the brilliancy of the sparkling waters of the Susquehanna and the Delaware rivers, as this train goes speeding on to its destination, reaching New York City at 7:25 p. m. the following day. Space in sleeper may be reserved in advance. Phone, wire, write or call on any Ticket Agent of the Nickel Plate road, or C. A. Asterlin, T. P. A., Fort Wayne, Ind.

FOR THE CURE OF ALL CHRONIC DISEASES.

NO DRUGS EMPLOYED TO POISON THE SYSTEM, NO KNIFE USED TO SCAR AND DISFIGURE THE FLESH OR DISMEMBER THE FRAME.

Magnetism, the life principle, nature's supreme restorative. Thousands have been cured and testify to the efficacy of magnetic healing. There is nothing supernatural, nothing "divine," nothing occult or strange. It is nature's own remedy understood and applied. Read these unsolicited testimonials:

Mrs. W. L. Stephens, of Garland, Pa., says: "For years I had been a sufferer from chronic neuralgia, which attacked me most malignantly. After receiving magnetic treatment a few times I was permanently cured. No other treatment ever benefited me."

Mr. Foster, of Mt. Sterling, Ky., says: "I was for many years a constant sufferer from dyspepsia. I had spent a fortune treating with skilled physicians and buying medicines without getting any relief that was permanent. Magnetic treatment cured me in a short time and I have not suffered since."

Mr. J. Pool, Denver, Col., writes: "Magnetic treatment cured me of a most distressing and obstinate case of nervous prostration after all other means had failed and I was under skilled medical treatment. I was made sound and well by magnetic treatment."

Originals of these testimonials and hundreds of others may be seen at the institute. Examination, consultation and first treatment free at the institute.

110 West Main Street.

Dr. J. H. McLEAN'S

"THE BLUES!"

Everybody knows what that means. Everybody has had days when life didn't seem worth living. But the man or woman to be most pitied is he or she who has "the blues" constantly, and this is the case of all sufferers from liver or kidney trouble. There is constant worry and anxiety. All the fun has gone from life. The bilious man couldn't see a joke if his life depended on it. His system is filled with poisonous bile and he is a burden to himself and everyone else. Such a man or woman needs

Dr. J. H. McLEAN'S LIVER AND KIDNEY BALM.

He needs it right away before further mischief is done. This putting off—experimenting with so-called cures—is fatal to health. Make up your mind to bring back the old, happy, hearty health, full of joy and energy. There is nothing like this medicine to do it. Act now.

ANY DRUGGIST'S, $1.00.

RAVENNA, MICH., Nov. 17th, 1899.
The Dr. J. H. McLean Med. Co., St. Louis, Mo.
Gentlemen—Believing it may be of benefit to others, having similar afflictions as I have had, I will state what your Liver and Kidney Balm has done for me: I had trouble with my liver and the doctor said it was in a bad shape. I had no appetite, felt weak and was generally out of sorts, was sleepy and drowsy and could not sit down without falling to sleep. After taking your Liver and Kidney Balm for two days I felt a great improvement. I have taken three-fourths of a bottle now and feel like a new man. I consider the one bottle worth more than I paid for the bill of goods I bought from you. Yours truly, W. E. PATTERSON.

LIVER AND KIDNEY BALM

When Others Fail, Consult

Dr. Wenger, Specialist.

25 years European and American Hospital and private practice experience for all Desperate, Chronic, Nervous and Private Diseases of Head, Nose, Throat, Lungs, Liver, Kidney, Stomach, Heart, Bowels, Bladder, Blood, Skin, Eye, Ear and Sexual diseases.

Kidney and Urinary weak back, pain in side, abdomen, bladder, sediment in urine, brick-dust or white, painful urination, Bright's disease and all diseases of the bladder.

Private Diseases—Gleet, Gonorrhoea, Inflammations, Discharges, Strictures, Weakness of Organs, Syphilis, Hydrocele, Varicocele and kindred troubles quickly restored.

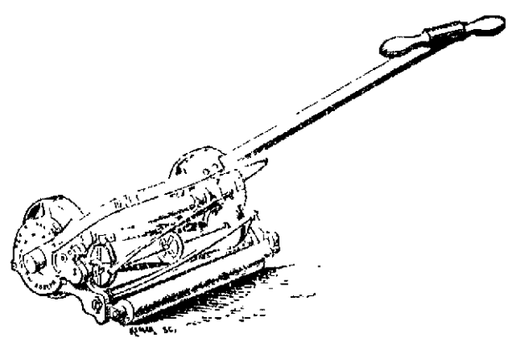

Lost Manhood and all its attending ailments, both young, middle-aged and old men. The awful effects of early indiscretions, producing weakness, nervous debility, night emissions, exhausting drains, pimples, bashfulness, loss of energy and weakness of both body and brain. Cancers, Tumors, Piles cured without knife or pain.

Do not let timidity or prejudice keep you from calling.

OFFICE DAYS:—Thursdays, Fridays and Saturdays.
Sunday Hours 9 to 4 only.

SOME GREAT EXPECTATIONS

THINK ROBERTS IS CLOSE TO JOHANNESBURG.

AWAIT NEWS OF ENTRANCE

A BATTLE IN PROGRESS AT INGOGO.

New Castle, Natal, May 29. The British guns at Ingogo have been heavily bombarding the Boer positions since daylight. The Boer guns have replied intermittently.

London, May 29.—2 p. m.—The tenor of Lord Roberts' dispatches of last night and the news from Pretoria this morning leads the authorities here to expect further important news from the British commander-in-chief, dated, they hope, from Johannesburg.

The remarkable rapidity of Lord Roberts' movements and the unwonted mobility of the whole British army under him have upset the calculations of the home observers as much as they appear to have disconcerted and demoralized Lord Roberts' federal opponents. Possibly, even now, he is at the gates of Johannesburg, and, it is believed, ten days hence or less he ought to be demanding admittance to the Transvaal capital itself. If the federals ever really intend to "stagger humanity," by blowing up the Gold Reef City mines, which is doubtful, Lord Roberts may yet be too quick for them and arrive before they have time to do any wrecking.

The majority of the burghers will undoubtedly be glad of an excuse for saving the mines and they may find the excuse in Lord Roberts' skill in hustling them out of one position after another.

The effectiveness of the British invasion of the Transvaal is further emphasized by the news from Pretoria of the occupation of Zeerust and the advance on Lichtenburg. Apparently the British drag-net will be drawn through the Transvaal as it was in a similar manner hauled through the Free State.

The fighting at the Klip river Sunday, reported from Pretoria, was presumably done by Generals French and Hamilton in forcing their way around to the northward of Johannesburg.

The Orange Free State was annexed to the British empire May 28, according to Cape Town advices, but Lord Roberts seems to have given his army the first intimation of this on the previous day.

BOER COMMUNICATIONS CUT.

Cape Town, Monday, May 28.—It is rumored here that General French has cut the Boer communications between Heidelberg and Boksburg, within a few miles of Johannesburg.

THE BOERS FLED.

Klip River, Transvaal, Monday, May 28. The Boers, after preparing a good position, fled early. The train bearing their last detachment was nearly captured by Pilkington's West Australians. Prisoners taken state that there was no intention of blowing up the mines, declaring that the threat was made simply with the intention of frightening away the burghers. The British advance force is now within fifteen miles of Johannesburg.

THE FREE STATE ANNEXED.

Cape Town, Monday, May 28.—The Free State was formerly annexed today.

THE ORANGE RIVER STATE.

Cape Town, Monday, May 28.—Lord Roberts yesterday announced to his troops the annexation of the Free State, which hereafter will be called the Orange River State.

BRITISH OCCUPY ZEERUST.

Pretoria, Monday, May 28.—The British occupied Zeerust this morning and a large force is marching on to Litchenburg.

An official bulletin states that the British crossed the Vaal river Saturday. General Lemmer had a severe fight at Klip river. Five of the burghers were wounded and two were captured. The British were 5,000 strong.

By an order recently issued the president decreed that May 27 and the two following days be observed by the whole country as days of prayer, humiliation and the confession of sins, and that petitions should be offered for relief from oppression.

Fighting took place at Van Wytrust, fifteen miles south of Johannesburg, with a large force of British which broke through from Klip river.

FELL DOWN STAIRS.

Ansil McCumsie, of East DeWald street, while making preparations for celebrating the twentieth anniversary of his marriage, fell down stairs with a number of dishes he was carrying. The dishes were smashed and one piece inflicted an ugly gash in his wrist. Dr. Van Buskirk attended him.

A RECEIVER IS APPOINTED

FOR THE FORT WAYNE WATER POWER COMPANY.

The Fort Wayne Trust Company Named by the Court—The Latest Court News.

Judge Vesey this morning appointed a receiver for the Fort Wayne Water Power company, on application of George A. Wilbur, of Massachusetts. The complaint was filed several months ago and is a suit to determine the ownership of the bonds and stocks of the water power company. Judge Vesey named the Fort Wayne Trust company as receiver. Bell & Doughman are attorneys for plaintiff.

ASKS FOR A DIVORCE.

In the superior court Clara A. Catron has commenced suit for divorce against John A. Catron, alleging habitual drunkenness, cruel and inhuman treatment and failure to provide. The husband, it is alleged, swore at plaintiff, called her vile names and falsely accused her of infidelity. They were married May 4 1890, and separated in August, 1897. M. T. Stokes is plaintiff's attorney.

BIG SUIT FOR DAMAGES.

Rufus Ames has commenced suit for $10,000 against the Wabash Railway company. He asks for this sum for damages and breach of contract. Plaintiff's attorneys are L. M. Ninde & Sons and E. V. Harris.

NOTES.

Judge Vesey has heard all the evidence in the case of Imler vs. Rollins.

Charles Berndt has qualified as guardian of Charles Krebs.

Prosecutor Emrick filed an affidavit and information in the circuit court charging Joe Meyers with grand larceny.

In the circuit court a jury returned a verdict for plaintiff in the sum of $50 in the case of Hopkins et al. vs. Haller. The jury was out all night.

A circuit court jury found Isabel D. Brown to be of unsound mind and incapable of managing her own affairs.

Claud Racine, administrator of the estate of Jacob Racine, has filed his final report.

Anna Pieper, administratrix of the estate of Maria E. Hoelke, has filed her final report.

Judge O'Rourke today united in marriage Lawson B. Speer and Clarice A. Sprague.

The supreme court has affirmed the case of the state ex rel John W. Bruns vs. Edward Clausmeier. This was the case in which John Bruns sued Sheriff Clausmeier for taking his picture at the jail. Mr. Clausmeier won in the lower courts and is now victorious in the supreme court.

FROM POVERTY TO MILLIONS.

Detroit, Mich., May 29.—David Ward, pioneer, capitalist, lumber man and owner of a fortune of upward of $25,000,000, died today at his home in Pontiac. Mr. Ward had been ill for several months with a brain trouble and general breaking down. Deceased was a native of New York. A self-made man of the hardest character, but of broad culture and education, Mr. Ward was identified since 1850 with leading enterprises, chiefly in the line of lumbering and pine land development and speculation.

Rev. John Bosch united in marriage Miss Lena Yoeck and John Hassert at the home of the bride, Mr. and Mrs. Hassert will reside on West Superior street.

AN ANTI-OLEO BILL

DRASTIC MEASURE REPORTED TO THE HOUSE.

IMITATION BUTTER HARD HIT

ALMOST PROHIBITIVE TAX IS CONTEMPLATED.

WILL BE MINORITY REPORT

WILL TRY TO RUSH THE BILL TO PASSAGE.

Washington, May 29.—After an exciting contest, lasting many months, the advocates of the Grout bill, placing an almost prohibitive tax on oleomargarine and like immitation butters, succeeded today in having that measure favorably reported from the house committee on agriculture.

The vote was 10 to 7 in favor of the bill. The opposition to the measure had taken form in a substitute, providing additional safeguards against the fraudulent sale of oleomargarine, but not getting to the extent of the Grout bill. The vote on the substitute was first taken and it was defeated 8 to 9. An effort was then made to amend the Grout bill by including within its restrictions old rancid butter, known as renovated butter.

The friends of the Grout bill resisted all changes and defeated the amendment 8 to 9. The bill was then favorably acted upon by the following vote: Yeas—Henry, Baker, Connell, Wright, Haugben, Dahl, Lamb, Cooney, Gordon, Neville—10. Nays—Wadsworth, Lorimer, White, Bailey (Kan.), Williams (Miss.), Stokes and Allen—7.

THE PROVISIONS.

The bill as reported is as follows: "That all articles known as oleomargarine, butterine, imitation butter or imitation cheese, or any substance in the semblance of butter or cheese not the usual product of the dairy and not made exclusively of pure and unadulterated milk or cream, transported into any state or territory and remaining therein for use, consumption, sale or storage therein, shall upon the arrival within the limits of such state or territory be subject to the operations and effect of the laws of such state or territory enacted into the exercise of its police powers to the same extent and in the same manner as though such articles or substances had been produced in such state or territory, and shall not be exempt therefrom by reason of being introduced therein in original packages or otherwise.

"Provided, that nothing in this act shall be construed to permit any state to forbid the manufacture or sale of oleomargarine in a separate and distinct form and in such manner as will advise the consumer of its real character, free from coloration or ingredient that causes it to look like butter.

"Section 2. That after the passage of this act the tax upon oleomargarine as prescribed in section 8 of the act approved August 2, 1886, and entitled "An act defining butter, also imposing a tax upon and regulating the manufacture, sale, importation and exportation of oleomargarine," shall be one-fourth of one cent per pound when the same is not colored in imitation of butter; but when colored in imitation of butter the tax to be paid by the manufacturer shall be ten cents per pound, to be levied and collected in accordance with the provisions of said act."

There will be majority and minority reports submitted Thursday. After their success today the friends of the bill expect to urge the matter to speedy consideration before the house in the hope of securing action in one or both branches of congress at this session.

TWO OFFENDERS SENTENCED.

Philadelphia, Pa., May 29.—Judge McPherson in the United States district court today sentenced two offenders against the government laws regarding the sale of oleomargarine, and has yet to try a large number of cases of alleged infraction of the same laws.

These latter are now being tried and it will probably take over a week before the last on the list has been disposed of. The defendants are all grocers and various specific charges are made against them.

Those sentenced today are William Kellinger and Thomas Haughey. The former was found guilty and was sentenced to three months' imprisonment and $100 fine. Haughey, who pleaded guilty, was sentenced to thirty days and $25 fine. They sold oleomargarine in unstamped packages.

WILL GO OUT OF BUSINESS.

James Taft, proprietor of the dry goods house at 54 Calhoun street, will retire from the business in this city and will close out his stock by August 1st. The lease of the building expires on August 1st, and as Mr. Taft has been unable to renew it and also being unable to secure another favorable location, he has decided to retire. Mr. Taft owns stores in Antwerp, Ohio, and Woodburn, Ind., and is considering the advisability of opening another branch in Van Wert, Ohio. Mr. Taft is the principal stockholder in the Wayne waist factory, which is situated in the same building as the store, and in view of the present conditions it will be necessary to remove the factory to another location. Mr. Taft stated this morning that he had a most desirable location under consideration and that if the terms can be made the building will be leased. It is of much greater capacity than the present factory and if the factory is removed the present working force, 125 people, will be doubled. Mr. Taft will probably devote his entire attention to the factory if the contemplated changes are made.

GO BACK TO THE OLD ROUTES

PROBABLE CHANGE IN STREET CAR LINES.

Voluminous Petition to Manager Scott Will Doubtless be Granted Soon.

A numerously signed petition has been presented to Manager A. L. Scott, of the Fort Wayne Traction company, praying for a return to the old method of running the Hanna and the Main street cars. The object of the petitioners is to have the Hanna street cars run into Bloomingdale and thus avoid a transfer at Main street in going from the south to the north depots. There are other reasons for the petition, but this was the main one. Mr. Scott said to a Sentinel reporter this morning that the request of the petitioners could not be well denied and intimated that the change might be made soon. The transfer at Main street is especially confusing to strangers who are passing from one depot to the other. It is also very inconvenient for travelers coming in over the Nickel Plate, the Lake Shore or the Lake Erie and Western roads who wish to go to the New Aveline, the Rich or some other hostelry south of Main street, and the same complaint is made by those coming in over the lines running into the south depots who wish to go to the Wayne hotel. The change to the present system of running the cars on these lines was made several months ago with a view of accommodating the employes of the knitting mills, a great many of whom reside in the south and southeastern parts of the city.

FOR LABOR DAY.

At the meeting of the Trades and Labor Council Monday evening preliminary arrangements were made for the celebration of Labor day. A committee of twenty-seven was appointed to take charge of the arrangements, one for each organization represented in the council. An executive board of five will be chosen from this committee who will have all charge of the celebration. The Labor day celebration will probably be held in Swinney park, and it is the intention of the council to invite some prominent labor speaker to make an address on that day. An effort will be made to have a big parade, and the business men of the city will be waited upon and asked to put floats in the parade. The Knights of Labor have an option on the park for a celebration this year, but they will surrender their right on condition that an old time celebration be given. It was reported that the boilermakers of the city desired to organize, and the matter was referred to the organization committee. The following delegates were received into the council: George Miller, Stationary Firemen; Louis Gocke, John Lafevre and Adam Stiger, from the Hod Carriers. Some persons have been hauling dirt from two lots owned by the council on Baltes avenue, and the matter was ordered referred to the attorney for the council. Henry Colerick. A number of business matters of minor importance were discussed.

RAISED A STORM

SCHOOL BOARD'S ACTION IS CONDEMNED.

SUPERSEDED SUPT. STUDY

PROF. C. T. LANE NAMED FOR THE PLACE.

FELTS AND BOSWELL DID IT

HAMILTON CAST HIS VOTE THE OTHER WAY.

The Fort Wayne board of school trustees met and by a vote of 2 to 1 decided to oust Prof. J. N. Study from the position of superintendent of the city schools and to make Prof. C. T. Lane, for many years principal of the High school, his successor. That was last night.

What happened today has not encouraged the board to believe that its unexpected and peculiarly wrought achievement commands a high measure of public approval.

The outburst of public indignation as heard in offices, business houses and about the streets today from all classes of people, has been of an earnest and caloric sort. It is doubtful if any action taken in connection of the public schools of Fort Wayne has elicited such an expression of profound condemnation. The general tenor of opinion is that there is in the first place no cause whatever for removing Superintendent Study and second that the method of doing it was of a kind to raise a question of bad motives.

THE BOARD MEETS.

The board met in the high school building Monday evening and before adjournment went into "executive" session, that is to say they locked themselves in and the public out and proceeded to lop off the superintendent's head.

The three members of the board discussed the appointment last evening, Allen Hamilton taking a decided stand in favor of the re-appointment of Professor Study, but he was opposed by Messrs. Felts and Boswell. Finally Mr. Boswell moved that Prof. C. T. Lane be elected school superintendent to succeed Professor Study at the expiration of his term and the motion carried by a vote of 2 to 1, Mr. Felts and Mr. Boswell voting in favor of Mr. Lane and Mr. Hamilton against.

Professor Study was in the high school building and, of course, had an intimation of the proposed action of the trustees, but the matter of re-election or selection of a successor was not broached to him by members of the board. During the evening Hon. R. C. Bell visited the trustees and had a conference with Dr. A. J. Boswell. Senator Bell favored the re-employment of Professor Study and there were some very warm words when he learned that Dr. Boswell would oppose the re-appointment. Mr. Bell made the charge that Dr. Boswell had told friends of Professor Study that there would be no change in the superintendency of the schools.

The public did not anticipate that any person other than Professor Study would be elected superintendent until The Sentinel last evening intimated as much, and consequently when the news gained circulation this morning there was much indignant comment by citizens. The intimation that there would be a reduction in the salary proved correct, the board deciding to pay $2,500 a year hereafter instead of $3,000.

A Sentinel reporter talked with Mr. Felts this morning and he said that he believed the trustees had acted for the best interests of the schools. "Personally I have the kindliest of feeling for Mr. Study," said Mr. Felts, "and had I believed that it was best that he should be retained I certainly would have voted for his re-election. There is no personal feeling in the matter. I believe that $3,000 would not be too large a salary for a high class superintendent, but our superintendents have been getting too much for their services. The public should not be misled into the belief that Professor Study was dismissed. His contract will expire next August and the trustees voted to make Mr. Lane his successor. Until that time Professor Study will continue to be superintendent of the Fort Wayne public schools."

"Was Professor Study offered the superintendency at the reduced salary?" queried the reporter.

"No, sir. I believe that it is for the best interests of the teachers, the scholars and the schools that the head of the schools be changed at intervals of every few years. Different men have different ideas and different systems and it may be best that these several systems have a trial. I may have made a mistake—that remains to be seen—but I do not believe that I have and feel certain that the schools of Fort Wayne will profit by the change. Mr. Lane has not accepted nor has he intimated whether or not he will."

"Who will succeed Mr. Lane?"

"I don't know," replied Mr. Felts. "Until he accepts the superintendency there will be no vacancy in the high school."

The trustees also discussed the roster of teachers for next year and decided to re-employ all of the old teachers.

PROF. LANE UNDECIDED.

Prof. Chester T. Lane, who was elected to the position of superintendent of the Fort Wayne city schools at the meeting of the school board last evening, has not yet decided whether he will accept or decline the position. Mr. Lane was seen at the high school building just before noon today by a reporter for The Sentinel, and stated that he had been teaching school all morning, and had really given the subject little consideration.

"I have not been officially notified of my selection," said Mr. Lane, "and I shall not give a decision until I have talked with a few of my friends in whose judgment I have confidence. I do not propose to lay myself open to censure or suspicion of doing anything that is not perfectly upright and just in the matter."

Professor Lane stated he had not applied for the position and that the announcement came to him wholly as a surprise, except for vague rumors at different times, and that he had never been approached concerning such a contingency.

"In fact," said he, "I would not have permitted myself to be approached on the subject under the circumstances. Superintendent Study and myself have always worked together smoothly and without friction."

Mr. Lane said that when he had made a decision it would be transmitted to the board in writing, and when asked as to when this would be done he intimated that it might transpire within a few days.

PROFESSOR STUDY TALKS.

Professor Study stated to The Sentinel that the contention that he was superseded because it was purposed to reduce the salary of the superintendent was a strange justification because he had never been asked to continue at smaller salary. Mr. Study was disinclined to discuss the affair. He felt very grateful for the assurances of hundreds of friends that they regretted exceedingly the action of the board. He said that there had been differences of opinion between himself and members of the board, but they were questions of administration in which he had pursued a course that his judgment dictated and his conscience approved.

WHAT IS SAID.

Following are some expressions of opinion:

H. C. Rockhill said: "Superintendent Study is eminently qualified for the position he has held, and Professor Lane may be equally so, but it is unfortunate that personal malice crept into the action of the school board, and that I believe to be at the bottom of the whole matter."

"I do not approve of the board's action; it is despotic. I think Superintendent Study is entitled to know why he is discharged."—Trustee M. F. Schmetzer.

"The German Lutheran people of the city will be greatly displeased at the action of the school board," said Henry C. Paul this afternoon. "Superintendent Study has been a most careful and painstaking superintendent, and in more than one instance he has manifested an especial interest in the German pupils of the city. He is the first superintendent to do this, and I am sure it has been appreciated by the parents. I have heard nothing but praise for his work, and I am certain his dismissal will not be commended."

Prof. L. T. Staples—"It's an outrage. Give 'em a good roast."

J. E. K. France—"I don't understand it. What does it mean? One thing is certain, it won't do the schools any good to be twisting around."

Henry Colerick—"Mr. Study is the pride of Fort Wayne and had the confidence of every father. His removal was cowardly and unjust, made in the manner in which it was."

Herman Michael—"I don't know what to say. I know nothing of the trouble between them."

Judge Edward O'Rourke—"I hadn't

(Continued on Second Page.)

WARSHIPS NEEDED

RUSSIA ORDERS GUNBOATS TO NAKU.

CRISIS MAY BE IMMINENT

A RUSSIAN ARMY READY TO LAND AT PORT ARTHUR.

THE TROOPS NUMBER 20,000

TROUBLE IS BREWING IN THE ORIENT.

Shanghai, May 29.—The Russian minister at Pekin has telegraphed, asking that all the available gunboats be sent to Taku.

READY TO LAND TROOPS.

London, May 29.—A special dispatch from Shanghai says:

It is believed that Russia is about to land troops at Taku from Port Arthur, where 20,000 are in readiness. The Chinese are reported to be sending large masses of troops overland from Mu-Nan and Kiang, but the generalissimo refuses to assume command on the plea of sickness.

The "Boxers" assert that they are confident of receiving support from the dowager empress, Princess Kang-Yi and Ching-Tuan, and the entire Manchu army. Throughout the north the "Boxers" are enlisting hordes of desperadoes. They are intent upon expelling everything foreign.

THE RAILWAY CLEARED.

Tien Tsig, May 29.—A detachment of 200 Chinese soldiers has cleared the railway between here and Pekin, and the ordinary service was resumed at noon.

No news has been received from the Belgian engineers engaged in the construction of the Luhan line. In other respects the situation is more quiet.

Thirty Japanese have arrived from the gunboat Atagonkan.

The French flagship D'Entrecasteaux and the gunboat Surprise have left Taku.

SERIOUS DISTURBANCES.

Victoria, B. C., May 29.—On the day prior to that on which the steamship Brecknashire left Japan news was received there from Wei Hai Wei that serious disturbances had occurred on May 5th on the British station, Gulf of Pe Chi Li.

Captain Watson and sixty men, were escorting the boundary commission, which has been engaged in delimiting borders of the leased territory at Wei Hai Wei, when they were attacked by a hostile mob. Thirty of the attacking party were killed. The losses in the Chinese battalion under Captain Watson were two officers wounded, Major Penrose and Captain Perlar.

The Chinese who attacked the British troops had long been holding meetings to complain of the taxes proposed to be collected.

HELLER HEAVILY FINED.

Senator Heller, of Columbia City, who was arrested by Deputy Fish Commissioner Earle a few days ago and taken to Albion on a charge of violating the fish laws, was fined $23.40 by Justice Trump. He entered a plea of guilty and the law was administered to him as hereinbefore set down. At Syracuse Rev. Steinger, also arrested by Commissioner Earle, was fined $22 for violating the fish laws.

POST SENT A FLAG.

Capt. A. H. Dougall this morning received a handsome bunting flag from Columbia post, No. 706, at Chicago. The emblem is to be placed upon the grave of Douglas Taylor at Lindenwood. Mr. Taylor was a member of the Chicago post, and the veterans in that city never fail to forward a small banner to be placed on his grave on Decoration day.

MARRIAGE LICENSES.

Alexander J. Rena and Mary Ofenloch.

Charles H. Bittner and Sidonie A. H. Noack.

Lawson B. Speer and Clarice A. Sprague.

Miss Agnes Andrews, who has been visiting friends in the city, has returned home.

One Woman's Letter

SAYS

"I doctored with two of the best doctors in the city for two years and had no relief until I used the Pinkham remedies.

"My trouble was ulceration of the uterus. I suffered terribly, could not sleep nights and thought sometimes that death would be such a relief.

"To-day I am a well woman, able to do my own work, and have not a pain.

"I used four bottles of Lydia E. Pinkham's Vegetable Compound and three packages of Sanative Wash and cannot praise the medicines enough."— MRS. ELIZA THOMAS, 634 Pine St., Easton, Pa.

Mrs. Pinkham advises suffering women without charge.

DEATH IS VICTOR.

DR. CHARLES E. HEATON GOES FROM EARTH.

PASSED AWAY MONDAY NIGHT

AFTER A LONG AND HEROIC BATTLE FOR LIFE.

OTHER MORTUARY MATTERS

DEATHS AND FUNERAL NOTICES OF THE DAY.

After a brave and heroic battle against disease, extending over a period of many weeks, Dr. Charles E. Heaton died at his home in Lakeside at 10:30 o'clock Monday night. Three months ago the prominent physician was stricken by nephritis, and while there has been temporary improvement, Dr. Heaton was never able to leave his bed. For some time his friends have realized that the end was near, yet the patient, with an indomitable will, kept up the unequal struggle, and not until a few hours before his death did he concede that his condition was critical.

Dr. Heaton has spent his entire life in Allen county. He was the son of Mr. and Mrs. Jesse Heaton, and was born in Marion township August 23, 1855, so that his age was therefore 44 years, 9 months and 5 days. His parents were among the best known citizens of the county. The young man was educated in the common schools of the county, graduated from the Fort Wayne High school and later from the old M. E. college.

After a time spent in teaching in the common schools he entered the Fort Wayne Medical College of Medicine, and was a graduate from that institution in 1877. For several years he was associated with Dr. B. S. Woodworth in the practice of medicine, and later Dr. Heaton opened an office of his own. His professional career has been eminently successful. Both as a physician and as a man Dr. Heaton was highly esteemed and deservedly popular. He was one of the founders of the new Immanuel Baptist church, was a member of Summit City lodge No. 36, A. O. U. W., Court No. 15, Tribe of Ben Hur, Court of Honor, Degree of Honor No. 2 and Modern Americans.

Dr. Heaton was united in marriage in 1884 to Miss Henrietta Bowser, daughter of Mr. and Mrs. Isaiah Bowser. To them was born one son, Roscoe, who, with the wife and the aged mother, survives him. There are also three brothers and four sisters, all of whom reside in this city —Attorney O. N. Heaton, Ellis J. Heaton, Ben F. Heaton, Mrs. C. H. English, Mrs. Mary E. Smitley, Mrs. Pearl Allen and Miss Luella Heaton.

The funeral services will be held from the residence, 65 Columbia avenue, Thursday afternoon at 2 o'clock. The officiating clergyman will be Rev. S. H. Cain, of Immanuel Baptist church, and he will be assisted by Rev. L. L. Henson, of the First Baptist church. Interment at Lindenwood.

BROCKMEYER.

Mrs. William Brockmeyer, a pioneer citizen of Allen county, died very suddenly from heart trouble Sunday evening at her home, near Williams Station. Mrs. Brockmeyer was seventy-four years of age and was a native of Germany, though she had resided in Allen county for many years.

Surviving her are the aged husband and seven children. Of these one son, Henry, is a farmer in this county; another son, Edward, is a car-wheel molder at Bass foundry, and the daughters, Mrs. F. Rodewald, Mrs. C. Hagerfield, Mrs. L. E. Rehling, Mrs. L. Hagerfield and Mrs. C. Hess, reside in this city.

The funeral services are to be held Wednesday at 1 o'clock from the residence and later from Hugo's church in Adams county.

WRIGHT.

Mrs. Elmira J. Wright died at 9 o'clock this morning at her home, 175 Fairfield avenue, from cancer of the stomach, after an illness of seven weeks. Mrs. Wright was the widow of Samuel P. Wright, and came to Fort Wayne in 1893 from Ottawa, Ohio. She was fifty-one years of age, and was a most estimable lady.

Surviving her are four sons and one daughter. Prescott Wright resides at Paulding, Ohio, Charles Wright at Springfield, Ill., Manford C. Wright, Kelley Wright and Miss Carrie Wright reside at the mother's home. Manford C is a student at DePauw university, and was called home a short time ago by his mother's illness.

The funeral services will probably be held on Thursday, but definite announcement will be made later.

FUNERAL ANNOUNCEMENTS.

Newell.—Funeral services of Mr. Jane Templeton Newell will be held from the residence, 46 Park avenue, Wednesday morning, at 10 o'clock, Rev. Dr. McGaw officiating.

Miller.—Funeral services of Mrs Alvina Miller will be held Wednesday afternoon at 2 o'clock from the residence, 96 Wilt street, and at 2:30 from Emanuel's church. Rev. Gross will officiate.

Rodenbeck.—Funeral services of Christian Rodenbeck will be held Thursday afternoon at 2 o'clock from the residence, 457 East Lewis street, and at 2:30 from Concordia Lutheran church. This will be the first funeral service to be held in the new edifice. Rev. A. Lange will officiate.

POLICE COURT.

Joe Meyers, aged 15, was arraigned before the mayor this morning on a charge of petit larceny, it being alleged that he stole articles from Barrett's West Main street grocery. The young fellow was bound over to the circuit court, but was allowed to go on his own recognizance. It is said that other boys are implicated in the thefts. Four vagrants were in court. Two of them were sent to jail and two were ordered to leave the city.

READY TO BEGIN THE COUNT

ALLEN COUNTY ENUMERATORS PLEASE MR. WOOD.

Census Supervisor Leaves for Home—Two Ladies Chosen in DeKalb County.

"I am well pleased with the preliminary showing made by the census enumerators chosen for Allen county," said Sol A. Wood to a reporter for The Sentinel this morning, "and we are ready to begin the count on Friday." Mr. Wood is the supervisor of the census for the Twelfth district and was just leaving the city for his home in Angola.

All but five or six of the fifty enumerators in Allen county met the supervisor in this city yesterday, and while there were a number of questions which puzzled a few of the men, the enumerators for the most part showed an intelligent comprehension of the duties before them. Mr. Wood says there were 200 applicants for the fifty Allen county places. The supervisor did not believe it would be necessary to employ interpreters in this city, as the enumerators had all reported that they were able to obtain the desired information from those speaking a foreign tongue without the aid of the interpreter.

"I do not mind saying," said Mr. Wood, "that my best looking enumerators are in DeKalb county. They are two ladies, and are the only ones appointed in the district. Miss Floy Weitz will canvass Troy and Stafford townships, and Miss Bertha E. Dailey will officiate at Butler."

DECORATION DAY TOMORROW.

All preparations for the observance of Decoration day in Fort Wayne tomorrow are now completed, and in the rooms of the Elektron building are piled masses of flowers and greenery to be strewn upon the graves of the fallen veterans. Only fair weather needs to be assured in order that the magnificent movement may be a complete success. Early tomorrow mornig committees from the veterans' organizations will deck the graves of the soldiers. At 10 o'clock the exercises at Lawton park will occur. The annual parade will take place in the afternoon when the principal exercises of the day will be held at Lindenwood. Programs of each of these meetings, together with the formation of the parade, were printed in The Sentinel Saturday.

NOTICE, MODERN WOODMEN.

All members are earnestly requested to be present at the hall of Edwards Camp, 20 W. Berry street, Wednesday, May 30, 1900, at 1 p. m., to take part in the Memorial Day parade.

WM. M. LICHTENWALTER,
FRANK H. CUTSHALL,
Clerks.

BASE BALL TOMORROW.

Two games. Toledo vs. Fort Wayne. Morning game called at 10 o'clock. Afternoon game at 3 o'clock. 25c reserved seats to all parts of grand stand. Ladies' admission to grand stand 25c.

We have ordered good weather and a fine track for Saturday afternoon's Grand Concert and Bicycle Races at Mile Track.

ITS LABOR ENDED.

M. E. GENERAL CONFERENCE ADJOURNS.

WAS AN EPOCH-MAKING BODY

RADICAL CHURCH REFORMS WERE WROUGHT.

GREAT QUESTIONS SETTLED

PROCEEDINGS OF THE FINAL SESSION.

Chicago, May 29.—The twenty-third delegated quadriennial conference of the Methodist Episcopal church came to an end today, after a session of four weeks. The conference is considered to have been one of the most noteworthy since the days when Methodism was divided over the slavery question, and has resulted in many radical changes in the laws and polity of the church. The conference was the largest in the history of the church and its sessions were attended by thousands.

Principal among the important actions of the conference were the abolition of the time-limit on pastorates; the ratification of the equal-representation amendment as proposed by the Rock River conference, together with the seating of the provisional lay delegates; the adoption of a new constitution, subject to the approval of the various annual conferences, including the substitution of the words "lay members" for the term "laymen," thus permitting the seating of women in the general conference; and the election of two additional missionary bishops. There was a huge amount of routine business which was practically settled in committee.

The first day of the conference, May 2, saw laymen and preachers given equal representation. Under the belief that this would be done, provisional delegates were on hand and were, following this action, admitted as regular lay delegates, making the 1900 conference the largest of its kind in the history of the church.

Of great interest to Methodists was the abolition, total and unconditional, of the five-year limit on pastorates.

One thing the conference did not do was to modify paragraph 248 of the discipline, which, among other things, forbids attendance upon theaters, circuses and dancing.

EDUCATIONAL REPORT.

The report of the committe on education, which was under discussion at last night's session of the conference, was taken up for final action today.

An amendment offered by Dr. Jordan, of South Dakota, requiring the university senate of the church to recognize certificates from students from other than Methodist colleges presenting themselves for examination for the ministry caused considerable discussion. The report as amended was finally adopted.

The conference also approved the authorization of inordained ministers to perform the marriage ceremony.

Reports of minor importance were received from the other committees and adopted. The delegates then indulged in a little amusement by auctioneering the table scarred by the bishop's gavel during the four weeks' session. The table was made by the boys of the manual training school at Venice. It was disposed of for $500.

Debate on proposed changes in the ratio of representation to general conferences consumed much time. Arguments were made in favor of the majority report recommending a change in the ratio of one delegate to every sixty preachers instead of one delegate to every forty-five preachers, as now prevails. It was contended that the present body was unwieldy. This statement was vigorously combatted by several speakers and the conference by an overwhelming vote decided to make no change.

Trustees of the American university at Washington were named and approved. At 12 o'clock all business was laid on the table and usual complimentary resolutions attendant upon closing sessions were adopted. The venerable Bishop Bowman, now superannuated, then made a brief address of parting to the delegates. The minutes of today's meeting were read and the roll was called. A brief prayer by Bishop Warren followed, and shortly before 1 o'clock the general conference passed into history.

BURNING MINES SEALED.

Calumet, Mich., May 29.—All but five shafts of the Calumet and Hecla mine, which caught fire Sunday, have been sealed with clay to prevent air circulating. The mine officials believe the fire has died out, but the shafts will not be opened until that belief is a practical certainty.

IS SAFELY BURIED

TELLER'S BOER RESOLUTION GOES TO COMMITTEE.

VOTE AGAINST IT WAS HEAVY

ITS SUPPORT WAS FROM THE DEMOCRATS.

THE HOUSE PROCEEDINGS

RUSHING FINAL WORK OF THE SESSION THROUGH.

Washington, May 29.—A house bill permitting the construction of a dam across New river, in Grayson county Va., was passed when the senate convened today.

Mr. Jones, of Arkansas, reported a house bill authorizing the commissioner of the general land office to dispose of the Choctaw Indian orphan lands in Mississippi and it was passed.

Mr. Hale, of Maine, reported from the committee on appropriations the last of the general appropriation bills—the general deficiency bill. He gave notice that he would call it up at the earliest moment.

A bill authorizing the secretary of the interior to set aside certain lands in San Juan county, Col., and permitting the mayor of Silverton, Col., to enter the lands for cemetery purposes was passed.

Mr. Pettigrew's resolution calling upon the secretary of the interior for information as to the leasing of grazing lands in Oklahoma, offered yesterday, was agreed to.

Another resolution offered by Mr. Pettigrew calling upon the secretary of the interior for all communications, reports and charges he has received relative to the management of the Crow Creek Indian reservation in South Dakota, also was passed.

THE BOER RESOLUTION.

The Teller resolution expressing sympathy for the Boers was then laid before the senate and Mr. Bacon (Ga.) addressed the senate.

No senator could fail, he thought, to sympathize with the Boers—such senators, at least, as are devoted to liberty and free government. This is a case of two weak republics engaged in a struggle for life with the greatest empire in the world; of a pastoral, home-loving people engaged in a death struggle for the protection of their homes and their government; of 25,000 or 30,000 plain farmers in a death struggle with an army of 250,000 men.

He could understand, however, why senators, though they might sympathize with the Boers, might not desire to commit the senate to a proposition that was violative of international law.

The pending resolution was, in his opinion, conservative, proper and not in any way violative of international law.

RESOLUTION REFERRED.

The resolution was referred to the committee on foreign relations by a vote of 40 to 26.

The vote by which the resolution was referred follows:

Ayes—Aldrich, Allison, Bard, Beveridge, Burrows, Carter, Clark, Cullum, Deboe, Depew, Elkins, Fairbanks, Foraker, Foster, Gallinger, Hansbrough, Hawley, Kyle, Lindsay, Lodge, McBride, McComas, McCumber, McMillan, Penrose, Perkins, Pettus, Platt (Conn.), Platt (N. Y.), Proctor, Quarles, Ross, Scott, Sewell, Shoup, Simon, Stewart, Thurston, Wetmore, Wolcott—40.

Nays—Allen, Bacon, Bate, Butler, Caffery, Chandler, Clay, Cockrell, Culberson, Daniel, Hale, Harris, Heitfield, Hoar, Jones (Ark.), Kenny, Mallory, Martin, Mason, Money, Pettigrew, Rawlins, Teller, Tillman, Turley, Turner—26.

IN THE HOUSE.

Washington, May 29.—When the house met today Mr. Grosvenor, of Ohio, from the committee on rules, presented a special rule ordering the previous question upon the pension bills, 190 in number, favorably acted upon in committee of the whole last Friday, the order not to interfere with conference reports.

Mr. Grosvenor explained that the rule was made necessary by the obstructive tactics of the gentleman from South Carolina (Mr. Talbert) last Friday. This Mr. Talbert denied. He said that had a quorum been present the bills could have been passed.

Mr. Dalzell, of Pennsylvania, attempted to have included the bill for the relief of Charles B. Dougherty and the officers and men of the Ninth Pennsylvania regiment, but Mr. Loud objected. The special rule was adopted but was immediately displaced by Mr. Foss, of Illinois, who presented the conference report on the naval appropriation bill.

RAISED A STORM

(Continued from First Page.)

heard anything adverse to Superintendent Study. There appears to be a divided sentiment. Most persons object to the way it was done."

Sheriff A. E. Melching, secretary of the democratic county committee—"The action of the trustees has created much adverse comment. I hear many of our best men protesting against the change."

Hon. Thomas E. Ellison "I had always supposed Professor Study was giving satisfaction. I don't like the way it was done."

City Attorney Shambaugh, chairman of the democratic city committee—"It was wrong, clearly wrong."

TAYLOR TO BE A CANDIDATE

WILL AGAIN SEEK GOVERNORSHIP OF KENTUCKY.

Martinsville, Ind., May 29.—W. S. Taylor, recent claimant for the governorship of Kentucky, has announced that he will make the race again this fall on an anti-Goebel election law platform.

The announcement was made at the conclusion of a four hours' conference attended by Mr. Taylor, Chas. Finley, ex-secretary of state of Kentucky; A. D. James, United States marshal for the fifth district of Kentucky, of Louisville, and others.

Mr. Taylor will remain in Indiana until his health is recuperated. He said this afternoon: "I will not seek nor decline the republican nomination for governor of Kentucky. The mandate of the liberty-loving people of Kentucky should be obeyed."

ALL ABOUT CALIFORNIA.

A Handsome Series of New and Useful Publications.

California is the natural paradise of the holiday maker. Its resources are inexhaustible, its invitation universal and its resorts and attractions among the most noted in the world.

The Southern Pacific company publishes descriptive literature containing valuable information about all of them. It is for free distribution and may be obtained from any Southern Pacific Agent, or T. H. Goodman, General Passenger Agent at San Francisco. If you apply by mail inclose a stamp for each publication.

"Resorts and Attractions Along the Coast Line," is a handsomely illustrated folder, giving a description of the health and pleasure resorts on the coast between San Francisco and Los Angeles.

"Shasta Resorts," embellished with beautiful half-tone engravings, describes the scenic and outing attractions of the vast and wonderful Shasta region, the grandest of pleasure grounds.

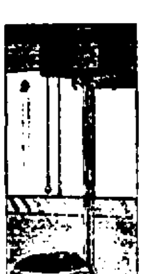

"California South of Tehachapi" tells all about the charms of that remarkably favored semi-tropic garden spot, Southern California.

A handsome map of California, complete in detail, reliable, skillfully indexed and full of information about the state's resources. It is the only publication of its kind conveniently folded for pocket use.

"Summer Outings" is a 32-page folder devoted to the camping retreats in the Shasta Region and Santa Cruz Mountains. It appeals more directly to that large and growing class of recreation seekers who prefer this popular form of outing.

"Pacific Grove" is the Chautauqua of the West, and this folder not only describes the pretty place itself, but gives a program of the religious and educational meetings, conventions, schools, etc., to be held there this summer.

Other publications are "Lake Tahoe," "Geysers and Lake County," "Yosemite," "Hotel del Monte," "Castle Crags," each brimful of information about the places named, and printed in the highest style of the art. M-18-14t

A TRYING POSITION.

Fort Wayne Readers Will Appreciate This Advice.

A constant itching tries your patience.

Nothing so annoying; nothing so irritating

As itching Piles or Eczema.

To scratch the irritation makes it worse;

To leave it alone means misery.

Some citizens can tell you how to be free from these troubles. Read the following:

Mrs. M. Hugnard, of 152 High street, says: "I used Doan's Ointment sold at Meyer Bros. & Co.'s drug store for many different things and I always found it to give a quick relief and soon effect a cure. I had something like the hives during the summer and I could find nothing to help them. They itched so where the skin was affected that I could not keep my hands off. I applied Doan's Ointment; it quickly disappeared and has not returned. I also used this remedy on a very severe cut on my hand and the way it cured that cut was like magic."

Doan's Ointment is a specific for all itching skin diseases, Piles, Eczema, Chilblains, Chafing, any irritation and all itchiness of the skin. Gives instant relief. We mail a free sample box on application. Address Foster-Milburn Co., Buffalo, N. Y.

Krull; Mike the Tramp, Charles Buuck; Sure Fishing Jimmie, Chas. Hebecker; Crazy Jane, Fred Tapp; Bill Bluch, Henry Braun; High Sign, Louis Ankenbruck.

Peg Leg Dan will be tied at the half-mile post in case of any balks or mishaps. The rider will have the privilege to change mules.

AN INTERNAL REMEDY.

A Pleasant Tasting Tablet; Simple, Convenient; Cures Every Form of Catarrh.

The use of inhalers, douches, sprays, salves and powders for catarrh is a nuisance and inconvenience at the best, and cannot compare with antiseptic remedies in tablet form for internal use.

Internal remedies are the only ones which can really reach the seat of the disease which is in the blood and local applications can no more cure catarrh than rheumatism or kidney trouble, the excessive secretion in nose and throat being local manifestations of a deep seated poison in the blood.

Stuart's Catarrh Tablets, the most successful of the various internal remedies, is composed principally of highly concentrated antiseptics, which destroy the catarrh germs in the blood and causes them to be eliminated through the natural channels.

Progressive physicians use and advise Stuart's Catarrh Tablets because they contain no cocaine, no opiate, no enervating drug whatever, but are composed of Guaicol, Hydrastin, Red Gum and similar catarrh antiseptics, and are so safe and pleasant that even little children may use them with excellent results.

Catarrh sufferers who have wasted time and money on local applications should not despair of a radical cure until a trial of Stuart's Catarrh Tablets has been made.

A complete treatment may be purchased at any drug store for fifty cents.

Lundborg's

"Daisy Queen"

A fragrant perfume, rich in the sweetness of field and forest. Delicate yet lasting.

NOTICE TO CONTRIBUTORS.

The Sentinel receives many communications for publications, signed with the contributors' initials, with a nom de plume or with no signature at all. The Sentinel has an inflexible rule that no communications will be published unless the writer's full name is furnished with the contribution. The name of a contributor is not wanted for publication, but it is the only guarantee the editor can have of the writer's good faith. In most cases these anonymous communications would find space if they bore the author's name.

The last diplomatic communication on the subject of that Turkish claim is understood to be to the effect that if the sultan does not pay up the administration will talk real hard to him.

Senator Spooner charges that Aguinaldo was in league with the Spaniards to drive the Americans from the Philippines. Inasmuch as Aguinaldo drove the Spaniards from all of the Philippines except Manila the latter must have thought his case the most peculiar case of disappointing his love ever put on record.

The assertion at the Millers' convention at Kansas City of the approach of the day when the grain crops of the United States will no longer be exported in the form of grain, but will be ground in the United States and exported as mill products, is hailed as a novel and bold idea. It is well founded, however, and the only criticism that can be made on it is that it does not go far enough. Wheat and corn are primary products. To export them is like exporting coal, selling abroad a staple which can contribute far more to the wealth of the country, as well as individuals, by being used in the support of industry at home. Of course, all the wheat, corn or coal cannot be used at home until the full development of industrial population to consume it has taken place. Grinding the wheat and corn into flour and cornmeal is but a single step further. The finished products of corn are beef and pork. The finished product of wheat is the human energy it sustains. When we are considering the advance that can be made why should we not look forward to the day when all our food products are consumed at home and the products of that human energy are exported in the finished forms of manufactured goods?

The Chinese government is threatened with something more serious than European aggression at present. That is an insurrection of great proportions. It may also prove exceedingly inconvenient for European powers which have been vieing with each other in creating "spheres of influence" within the empire. No doubt the "Boxer" agitation bears a close relation to the European grabbing. The Chinese are clannish in the extreme. There is reason to believe they have never looked favorably upon the presence of foreigners and their dissatisfaction with the government is because it has permitted the whites to enter the empire in large numbers and endeavored to protect them while there. There need be no question whether the rebellious forces can at all compare with Europeans in military ability. They have the advantage of the intruders in the fact that the latter are antagonistic to each other. If they are favored by any of the powers, or are favorable to any, that one is Russia—a neighbor of shrewd diplomacy. There is a good prospect for anarchy and in the end Russian gains in territory.

BUT ONE COURSE OPEN.

But one course is open to the school board to bring itself into line with what the people of this city rightly hold is a correct and unselfish performance of public duty and that is to rescind the action taken last night whereby Supt. J. N. Study is to be displaced as the head of the public school system of Fort Wayne. The people of the city are of one mind and one temper concerning this matter. The school board has plenary power to do as it pleases within the prescription of the law and there is no way to circumvent the purpose of the board to remove Superintendent Study if it chooses to defy public sentiment. But we believe the members of the board are willing to take counsel of the public judgment and defer to the public wish in a matter upon which the public has a right to be heard and wherein its wishes are entitled to substantial respect.

It is given out authoritatively from the school board that the ground upon which is based the action of the board that Superintendent Study's administration of public school affairs is such as to make his removal not only desirable, but a course fully justified. If this be true, then the board has come suddenly into possession of evidence thereto or has succeeded admirably and marvelously in concealing facts in connection with the school administration from the public knowledge. The statement by a member of the board that there is nothing personal or malicious in the motive behind the board's action may not be challenged, but it is apt to be in the entire absence of any impeachment of Professor Study's work save a bare abstract charge that he "won't do." Until the board comes forward with its indictment fully set forth, its action will lie under the public condemnation, undefended and indefensible.

Messrs. Felts and Boswell, whose votes brought about the action of last night, may stand by what they have done, but they stand alone. Public approbation can never be commanded by any public deed wrought in doubtful purpose. No interests stand in more vital relation to the people than the public schools. The public is entitled to the fullest enlightenment concerning them. The procedure whereby Superintendent Study was superseded needs explanation. It was not pursued with that openness which alone can raise performance of public duty by public servants above suspicion. The voice of the people of this city is raised in protest against last night's action of the board. Surely the board must heed it and yield to its righteous impetuousness. The members of the board responsible for the outburst of public disapproval must recognize that their course is a mistake and that it must be repaired. Let the action be rescinded. The board cannot set a policy of self-absolutism against the will of the people.

If the board will not rescind, then the board ought to resign. There is no other course of vindication for the board. It and the public are at variance so radical that the situation demands immediate improvement if the board's usefulness is to continue.

The gas company is laying a new pipe-line along Court street and East Berry street, in preparation for the paving of those thoroughfares.

ALUM BAKING POWDERS IN CONGRESS.

SENATE COMMITTEE REPORT THAT THE EVIDENCE OF THEIR HARMFULNESS IS OVERWHELMING.

Efforts to Pass Pure Food Laws Opposed by the Alum Trust—Speech of Senator Mason.

Senator Mason's speech in the senate upon the subject of pure food embraces a clear statement of the danger to which the public health is exposed from alum baking powders.

The committee on manufactures were some time ago directed to investigate food adulterations and at numerous sessions in the principal cities accumulated a volume of testimony upon the subject from the best informed parties and highest scientific authorities in the country.

One of the greatest sources of danger to our foods, the committee stated in their report, exists in alum baking powders. The committee found the testimony, they say, overwhelmingly condemnatory of the use of alum in baking powders and recommend that such use be prohibited by law.

Senator Mason, discussing the report of the committee and the several bills introduced to carry the recommendations of the committee into effect, said:

ALUM ABSOLUTELY UNFIT FOR FOOD.

When we made this report we made it based on the evidence before us, and the evidence is simply overwhelming. I do not care how big a lobby there may be here for the alum baking powder, I do not care how many memorials they publish, there is no place in the human economy of human food for this thing called alum. The overwhelming evidence of the leading physicians and scientists of this country is that it is absolutely unfit to go into human food, and that in many cases—if the gentleman will read the evidence, some of the physicians say they can trace cases in their own practice—there are diseases of the kidneys due to the perpetual use of alum in their daily bread. I want to give the senate an idea of the class of men we have called. They are the leading scientists from every college of the United States that we could get hold of. We had open doors, and no witness ever came before that committee in the twelve months we were hearing evidence but who was permitted to testify.

The leading physicians of the world say that cream of tartar is a pure, natural, healthy food product. It is a product of the grape, and when it is put in solution in the bread with soda, if there is a residuum left it does not hurt the stomach, and it does not go into nor injure the brain or the blood or the kidneys.

ALUM A MINERAL POISON.

When you mix a mineral poison, as they all say that alum is, it is impossible to mix it always to such a degree that there will not be a residuum left of alum, which produces alumina and which contributes largely to the diseases of the people in this country.

I will tell you now of the men whose evidence came before the committee who condemned the use of alum baking powder, some in one language and some in another. I have not all the names. I simply asked my stenographer to go through hastily and give me those that could be found readily out of 700 or 800 pages of evidence there:

GREAT SCIENTISTS TESTIFY CONDEMNING ALUM.

Ames, Howard E., surgeon, United States navy, Washington, D. C.

Appleton, John Howard, professor of chemistry, Brown University, Providence, R. I.

Army, United States, refuses to allow the use of alum in anything like a food product in the United States army.

Arnold, J. W. S., professor, University of New York.

Atwater, W. O., professor and director government experimental station, Washington, D. C.

Barker, George F., professor, University of Pennsylvania.

Busey, S. C., professor, Washington, D. C.

Caldwell, G. C., professor, Cornell University, Ithaca, N. Y.

Chandler, C. F., professor, Columbia University, New York.

Chittenden, Russell H., professor, Yale University, New Haven, Conn.

Cornwall, H. B., professor, University of Princeton, New Jersey.

Crampton, C. A., professor, division of chemistry, Washington, D. C.

Cuthbert, Dr. M. F., physician, Washington, D. C.

De Schweinitz, Emile, professor, United States department of agriculture, Washington, D. C.

Fairhurst, Alfred, professor, chemist, University of Kentucky, Lexington, Ky.

Fleming, Walter M., physician, New York city.

Frear, William, professor, State College, Pennsylvania.

Freeman, George F., surgeon, United States naval hospital, Washington, D. C.

Jenkins, Edward H., professor, department of agriculture, State of Connecticut.

Johnston, Dr. William W., Washington, D. C.

Johnson, Joseph Taber, professor of surgery, Washington, D. C.

Johnson, S. W., professor, Yale College, New Haven, Conn.

Kerr, Dr. William R., ex-health officer, Chicago, Ill.

Mallet, John William, professor, University of Virginia.

The Marine Hospital Service reject in their rules all alum baking powders or any food containing alum. It is a drug, and no chemist has ever testified that in any food that goes into the stomach of any animal the particles that form alum are found. It is a poison, and it is so testified to by every one of these witnesses, some in one form and some in another.

McMurtrie, William, professor, consulting and analytical chemist.

Mew, W. M., professor, Army and Medical department, United States government.

Morton, Henry, president of Stevens Institute, Hoboken, N. J.

Munroe, Charles Edward, professor of chemistry Columbian University, Washington, D. C.

Mott, Henry A., professor, New York City.

The United States Navy refuses, under the direction of the surgeon-general, to have alum used in any of the products that go into the food of the men of the navy.

Prescott, Albert B., professor, University of Michigan, Ann Arbor, Mich.

Price, A. F., medical director United States Naval Hospital, Washington, D. C.

Smart, Charles, lieutenant colonel, assistant surgeon general, United States army.

Sternberg, George M., surgeon general United States Army, Washington, D. C.

Springfield, C. Fluyn, professor, Chicago Baptist Hospital, Chicago.

Thurber, Francis B., president American Grocer Publishing company, New York City; not a chemist.

Tucker, Willis G., professor of chemistry and chemist of State Board of Health, State of New York.

Vaughan, Victor C., professor, University of Michigan, Ann Arbor, Mich.

Van Reypen, W. K., surgeon general, United States Navy, Washington, D. C.

Wayne, E. S., professor, Cincinnati, Ohio.

Weber, H. A., professor, Ohio State University, Columbus, Ohio.

Wiley, Prof. H. W., chief chemist, Department of agriculture, United States, Washington, D. C.

Wise, John C., medical inspector, United States Navy.

Withers, Prof. W. A., chemist, North Carolina agricultural experiment station, Raleigh, N. C.

Wyman, Walter, surgeon general United State Marine Hospital, Washington, D. C.

Woodward, Dr. William C., health officer, Washington, D. C.

Mr. Pettigrew. Was there any testimony which showed that there were cases of injury to health as a result of constant use of alum?

Mr. Mason. Yes; I can turn you to the testimony.

Mr. Pettigrew. I do not care to have the senator turn to it. I simply want to emphasize the point. I agree with the senator. It has always been my own impression that alum baking powder is injurious, but I wanted to bring it out and make it emphatic, if the proof sustains that position.

Mr. Mason. I quite agree with the senator. It is claimed that there is not a country in Europe that does not prohibit the use of alum. Certainly three or four of the leading countries of Europe to which I have had my attention called prohibit the use of alum in baking powder.

CREAM OF TARTAR POWDERS HEALTHFUL.

Mr. Pettigrew. Did the chemists who came before the committee, these professors, generally testify—was it the result of their evidence—that the cream of tartar baking powder is healthy and does not leave a residuum which is injurious to health?

Mr. Mason. Yes; I say emphatically, yes; that the weight of the evidence is, that whenever any of these distinguished men, who have a national reputation, the leading chemists of the colleges, were interrogated upon the point, they stated that fact, every one of them, to my recollection.

YOUNG WOMEN AS BURGLARS.

Richview, Ill., May 29—Two young women, armed with revolvers, giving their names as Gertie and Winnie Pigg, broke into and looted the residence of E. S. Nuleman, at Irvington, Ill., in broad daylight yesterday afternoon. The family was absent. The two girls stole clothing and $35 in money. Their home, they say, is near Mount Vernon. Last night they drew revolvers on some young men at Irvington, and when Policeman F. E. McNail, of this place, put them under arrest they still had their weapons. Their trial will be held at Irvington today.

OBSERVATION WAS A SUCCESS

PROF. S. J. BROWN TALKS OF THE ECLIPSE.

Astronomical Director of Naval Observatory Describes What Was Accomplished.

Barnesville, Ga., May 29.—Regarding the work of the government expedition during the sun's eclipse, Prof. S. J. Brown, astronomical director of the naval observatory at Washington, today gave out a statement, in which he says:

"All of the preparations were ready for the eclipse at the time of its occurrence and the program of the observers was carried out in accordance with the carefully prepared plans. The visual work of the corona consisted of naked eye and telescopic drawings, which were in substantial agreement as to the principal features of the corona. A remarkably good one for its careful representation of the details of the corona was made with chalk on dark blue paper by Prof. Otis Ashmore, of Savannah, who was a member of the government expedition. Prof. Hart, of the University of Maine, and Dr. See, who combined telescopic and visual drawings, each agreed in essential features with the other.

"The other observations of the shadow bands were successful, although this phenomenon was not as pronounced as has been recorded at former eclipses. The shadow bands seemed to be not well pronounced parallel bands of shadow and brightness, but appeared to be more like the reflection of rippled water projected upon a screen.

"Prof. Updegraff and Prof. Eastman made successful drawings of the finer details of the inner corona of the equatorial regions. All of this work shows the corona to have been remarkably similar to those of 1878 and 1889, both of which were years of minimum sun spots."

OBSERVED IN MADRID.

Madrid, May 29.—The eclipse of the sun yesterday was complete at Cadiz at 4 p. m. The sun lost all power, there was a cold wind and twilight. The temperature rose a degree centigrade and Venus was visible to the naked eye.

At Alcante the total eclipse lasted a minute. The stars shone brilliantly and the temperature fell to 22 degrees centigrade.

TRIAL OF RUSSIAN CRUISER.

Philadelphia, May 29.—The Russian cruiser Variag left Cramps' ship yard today for her preliminary or builder's trial. The Variag is now so near completion that it is likely that less than a month will elapse before the official speed trial is made. The trial will be made between the Delaware capes and Montauk point and will require two days. If the Variag meets her speed requirements she will be perhaps the fastest warship of her class afloat. She must maintain twenty-three knots an hour for twelve consecutive hours under natural draft. The cruiser stopped at Fort Mifflin to take on ammunition. All her guns will be fired to test her structural strength. Edwin S. Cramp is in charge of the trial and nearly all the Russian naval officers stationed at Cramps' went on the trip.

CHICKEN SWALLOWS DIAMOND.

Richland, Mo., May 29.—George Rogers, who spends much of his leisure time on his country place feeding chickens for the market, is in a great dilemma. The other day while feeding his pets from his hand one of the greedy fowls nipped a $500 diamond from the ring on his finger, and before he could identify the culprit it had lost itself in the crowd.

Rogers may have to kill his entire flock of 300 to find the jewel, though they are not yet ready for the market. If he kills them and doesn't find the jewel, he will be out over $100.

The Pen in the Hand is worth two in the Mind.

If you have "a good mind to write to Dr. Pierce" take pen in hand and begin. Then you'll avoid the experience of Mrs. M. P. Davis, of Honaker, Russell Co., Va. She writes:

"For seven years I was confined to bed most of the time. I had ulceration of internal organs and female weakness. I had four doctors and they said I could not be cured.....After the doctors said I could not be cured I wrote to Doctor Pierce for advice.....I followed the advice he gave.....I feel better than I ever did. My friends say I do not look like the same woman. *I am very glad I did not take Dr. Pierce's medicine when I first began to have poor health.* I could have saved what I paid to humbugs."

No one ever regretted writing to Dr. Pierce for advice. Many have regretted not writing sooner.

Sick women are invited to consult Dr. Pierce by letter, *free*, and so obtain the opinion and advice of a specialist in diseases peculiar to women. All correspondence private. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Medical Adviser, 1008 pages, is sent *free* on receipt of stamps to defray expense of mailing *only*. Send 21 one-cent stamps for paper covers, or 31 stamps for cloth. Address as above.

HELD FOR MURDER

KEITH ACCUSED OF KILLING NORA KIEFER.

NOT ALLOWED TO GIVE BAIL.

TERRE HAUTE TRAGEDY WAS A SUICIDE.

THEORY OF MURDER SCOUTED

GENERAL NEWS OF THE STATE OF INDIANA.

Evansville, Ind., May 29.—Joseph D. Kieth, the alleged murderer of Nora Kiefer, was arraigned in police court yesterday and bound over to the circuit court without bail. A special session of the grand jury will be called Wednesday to investigate his case. Kieth almost broke down in court. When asked by the magistrate as to his guilt he stood for a minute with bowed head, and then without taking his eyes from the floor, said: "I am not guilty." The prisoner was pale and seemed greatly excited. His wife stood by his side.

William Butcher, who claims he saw Kieth standing on the "canal bridge" with Nora Kiefer the night she disappeared, was before Coroner Walker several hours during the day, but refused to stick to his original story. He was locked up until he was willing to talk.

Kieth last night admitted to the officials that no one was implicated in the murder of Nora Kiefer. "Do not look for any one else," said the prisoner. "You will know all in time." He told his wife in the course of the day in the presence of the sunkey at the police station that the only thing for him to do was to throw himself upon the mercy of the court.

PROBABLE CASE OF SUICIDE.

Terre Haute, Ind., May 29.—Yesterday afternoon the coroner, prosecuting attorney and several reporters returned from the scene of the mysterious drowning of eighteen-year-old Lizzie Price in a pond in Pierson township, in the southern part of this county. They found the neighborhood greatly excited in the belief that the girl had been murdered, but an autopsy revealed no wounds either on the head or body. The coroner thinks it a case of suicide.

The girl left no note, kept no company with young men, and if she had any trouble she kept it to herself. She worked as a domestic in the family of Frank Senour, a farmer, and retired about 9 o'clock Saturday night, jokingly remarking to Mrs. Senour, at the door of her room, "Wake me when you get breakfast ready."

No one saw her leave the house Sunday morning. When found in the pond she was dressed in her every-day clothes, including corset, wore an apron, and the only evidence of haste in dressing was that she had put her shoes on wrong.

Miss Price's reputation was good. The Senours say she talked little and was well behaved. Her mother, a widow, who lives about a mile from the Senour house, thinks she was murdered, but is unable to give any reason for her opinion. Several of the dead girl's relatives are said to have killed themselves.

HON. SAMUEL F. DAY DEAD.

Huntington, May 29.—Hon. Samuel F. Day died at his home in this city Sunday night, aged seventy-three years. He was born in Kent county, Ohio. At eighteen he became a boat hand on the cross-cut between Cleveland and Pittsburg. He came to Huntington in 1851 and opened a livery barn, which he has since conducted. He took thirty-two degrees in Masonry. In 1853 he was elected mayor of Huntington and was re-elected four times in succession. He was deeply interested in the schools of the city. The orphans' home was established by his efforts. Mr. Day was known by every one, so closely has his life been connected with the city. For the last thirty years he had been honorary or active pall-bearer at every funeral of importance in the city.

THE BIDDLE ESTATE.

Logansport, Ind., May 29.—The indications are that there will be so much litigation over the estate of the late Horace P. Biddle that by the time the cases are through the courts there will be little left for the heirs. Mrs. Anna M. Biddle, widow of the late judge, as administratrix of the estate, has filed three suits against other heirs, who dispute her right to settle the affairs of the estate. She seeks to have set aside conveyances made to Mrs. Eva Reynolds, claiming they deprive her of her legal allowance of one-third of the property. She also seeks to recover some personal property which she claims Mrs. Reynolds is in possession of. The widow of Judge Biddle is eighty years old, and is confined to a hospital by sickness. Her affairs are being directed by friends and attorneys.

ENUMERATION WAS PADDED.

Lafayette, Ind., May 29.—County Superintendent Zigler has given to the public the figures of the new school enumeration, which was the outgrowth of the recent bitter controversy. This city shows a loss of 861 and Michigan City a loss of 1,323. Mr. Zigler made the charge that the first enumeration was padded, and the second enumeration proved the truth of his charge.

THE BOOM COLLAPSED.

Muncie, Ind., May 29.—The collapse of a boom at Whitely is being felt by many people of that suburb. When the Whitley reaper works were removed there from Ohio, some years ago, real estate values went up, and dozens of people made investments in property, through building and loan associations. After the reaper works were destroyed by fire the values of property fell rapidly. Many of the investors continued making their payments for ten years, and some of them find themselves still in debt to more than the present value of their holdings. The loan companies are filing numerous foreclosure suits, and the action will render several hundred people homeless.

PAID IN JAPANESE COIN.

Elkhart, Ind., May 29.—Charles B Harris, of this county, consul to Nagasaki, Japan, has forwarded his dues to the Masonic lodge in this city, calling for $4, in Japanese coin. The coin came by express and embraced 361 pieces, ranging in value from one-twentieth of a cent to twenty-five cents. The collection is large and unique.

HOME LIFE UNPLEASANT.

Marion, Ind., May 29.—Anna and Belle Ward, the young girls who fled from home, were located at Kokomo, and they have returned. They were living with a family in that city where they had found employment as domestics. The girls claim that their home life is unpleasant.

HUNCHEON LAND TRANSFER

Laporte, Ind., May 29.—The transfer of the Huncheon land trace, comprising 7,000 acres, to a syndicate of Pontiac, Ill., will be perefected today. Consideration, $200,000. The town of Lacrosse, in the center of the tract, and located on three railways, will be boomed.

CO OPERATION A SUCCESS.

Marion, Ind., May 29.—The co-operative factories in this county are proving a great success. The plant at Upland, which manufactures lantern chimneys, will be doubled in capacity. The workmen are all stockholders, and have conducted the business successfully.

KILLED BY LIGHTNING.

Rochester, Ind., May 29.—John Flynn, a farmer and lumberman, was killed by lightning Sunday afternoon. He was standing with his hands clasping a wire fence, surrounding his barn lot, watching his hogs feeding, when lighting struck the telephone line nearby, and after melting the wire for two hundred feet, jumped to the wire fence, one hundred feet away. Flynn was instantly killed. His little daughter was slightly shocked.

TENT FELL BEFORE WIND.

Carmel, Ind., May 29.—The fiery evangelist, Cyclone Johnson, who, after several tilts with the police of Indianapolis, came here to reside, is not resting quietly. Some time ago all the churches in town closed their doors against him, after which he held meetings in the streets, and he finally took up subscriptions and bought a large tent, in which his meetings have been conducted for the past week. Yesterday afternoon the rain fell and the wind blew against that tent until it fell. It was full of people at the time, and there was great alarm. Women screamed and children cried, while the men fled. Johnson called lustily for assistance in holding the poles, but no one responded. As a consequence every one received a thorough soaking. No serious damage, however, resulted, and yesterday the tent was again hoisted to position.

FATHER INSTANTLY KILLED.

Sheridan, Ind., May 29.—While a storm was sweeping over this vicinity lightning struck a post in the dooryard of John Cranfell, three miles east of here, and Mr. Cranfield, who was standing in the doorway of his home, was instantly killed. His body was frightfully burned. His younger son, who was in the yard, and who was bar-footed, had his legs blistered by the electric current.

BAD FIRE AT MARION.

Marion, Ind., May 29.—Fire broke out in Pottinger Bros.' photograph gallery, on the north side of the public square, shortly after midnight, and but for timely work by the department the entire north side of the square would have been reduced to ashes. The loss will reach $10,000. Those who suffered include: Pottinger Bros., $2,500, with $1,500 insurance; Dr. Bobbs, owner of the building, $1,000, fully insured; Max Bernstein, clothier, $8,000, principally by water, fully insured, and A. V. Custer, $75, insured. The Wigger Buggy and Harness company suffered slightly by water.

A VERDICT FOR $25.

Bluffton, Ind., May 29.—The slander suit of Mrs. Sarah Green against Mrs. Christina Kahn, in which she demanded $1,000 damages, has resulted in a jury returning a verdict for $25.

How's This!

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

The People's Store,

Until next Saturday evening, we are going to sell all our

Ladies' and Misses' Jackets

At a Great Reduction in Price.

The reason for doing this is the fact that we need the room for other goods, and if price is any inducement, you certainly should not let this opportunity pass to get a good, first-class garment at less than the cost of material. Every garment guaranteed this season's make. None are held back, they must all go; many are worth double, all are worth more than the price put on them. We have divided them into five lots, this way:

Lot 1. All Ladies' and Misses' Jackets that sold from $3 50 to $4.00, go at **$3.19**

Lot 2. All Ladies' and Misses' Jackets that sold from $4.50 to $5.90, go at **$3.90**

Lot 3. All Ladies' and Misses' Jackets that sold from $6.00 to $7.50, go at **$5.00**

Lot 4. All Ladies' and Misses' Jackets that sold from $8.90 to $10.00, go at **$7.50**

Lot 5. All Ladies' and Misses' Jackets that sold from $10.00 to $12.50, go at **$8.90**

Every garment is lined throughout, the styles this season's and colors are Black, Tan, Modes, Castors, Medium Browns, Navy Blue, Red, etc. We have every size, 12 years to 18 years in Misses, and 32 to 44 in Ladies; but come early, or your size may be gone if you delay till the last minute.

STRICTLY ONE PRICE TO ALL.

The People's Store,
BEADELL & COMPANY.

Best Lighted Store in the City.

JAMES TAFT'S

CLOSING OUT SALE

The Biggest Merchandise Event in the History of Fort Wayne

Our entire stock of Dry Goods, Notions, Cloaks and Millinery must be sold by AUGUST 1st regardless of value. This is positively a genuine Bona-Fide Closing Out Sale.

IT STARTS THURSDAY AT 1:30 P. M.

Store closed until that time, marking down and arranging stock preparatory.

WANTED—20 salesladys'—apply at once.

OUR REASON FOR RETIRING: Is on account of being unable to make terms with our landlord. We are compelled to give possession of our room by August 1st. It has been our purpose for the past six months to make this one of the most modern stores in Northern Indiana. With this end in view we have been negotiating with Mr. Seidel, (our landlord,) for his co-operation in some much needed repairs, but we regret to say that our every effort has failed, our last proposition being to make a lease for a long term of years at our present rental, $3,000 per year, we agreeing to paper and paint his building throughout, thoroughly remodel the first floor and basement, add our own electric light plant, provided he would agree to add a steam plant, in other words, we proposed to spend $5,000 for improvements on his building if he would agree to spend less than $1,000. This most liberal proposition has been declined—for this reason we are compelled to announce our CLOSING OUT SALE.

Pat Wright was back in the game yesterday and managed to win the second of the series from the Fort Waynes. At one time it appeared as if the Fort Waynes had a "cinch" on a victory, but poor pitching followed and the Quakers were presented with the game. Ream started in to pitch. He was not feeling strong and it was "Doggie" Miller's intention to pitch Swaim, who complained of a sore arm. Ream was effective in the first two innings, but in the fourth his strength failed him and four singles, two of them the lucky kind, resulted in three runs. Fort Wayne was one run ahead when Fricken went in. The Brooklyn boy let down in the sixth and was batted for four hits and gave a couple of bases on balls. When the score was a tie, 7 to 7, Harper was called to the rubber and before the inning was over the visitors were ahead, 10 to 7. Swaim went in to pitch in the eighth and another run was scored on a base on balls, a sacrifice and a single. He struck out one man and in the ninth two more "fanned the wind." It was the expressed opinion of many who saw him twirl these two innings that had he pitched the entire game victory would have been certain for the Hoosiers. The fielding was clean, the only misplays being McCreedie's failure to hold Miller's easy fly, Wadsworth's muff of Wright's assist at first base and Bergen's failure to handle Krueger's throw to the plate in the sixth inning. Score:

NOTES OF THE GAME.

Babb played fast ball in the field, but struck out three times.

Flick made another home run yesterday and now has six to his credit.

President Power has turned down a personal request of Billy Brady that Jim Jeffries be allowed to umpire the game at Dayton next Thursday. Mr. Power says he does not intend that the Inter State shall be turned into a pugilistic sideshow.

The grand stand, bleachers and club house on the Cincinnati ball park burned to the ground yesterday, the loss reaching $15,000. The Cincinnati players' uniforms were burned and the Reds are now wearing the traveling uniforms of the Bostons until new outfits can be secured.

There will be two games with Toledo at League park tomorrow. The morning game will be called at 10 o'clock and Swaim will pitch. The afternoon game will be called at 3 o'clock and "Bumpus" Jones will be on the rubber. Toledo will probably present Butler and Ewing as pitchers.

Tim Flood has been sold by the Fort Wayne management to the Cleveland American League team. The cash for his release has been received and is deposited in the treasury of the Fort Wayne club. Flood has been ordered to report to Cleveland, but there is a suspicion that he has been purchased for the Buffalo team inasmuch as Cleveland has three fast infielders in Bierbauer, Viox and Sullivan.

MANY PASSPORTS ISSUED.

Washington, May 29.—The state department has issued over 3,000 passports to European travellers for the twenty-eight days in May. It is said that the climax has been reached and from this point on the issues will diminish. As it is, the figures show a gain of over 50 per cent. above the normal passport issues for May. The figures for April were 3,004, in that case a gain of more than 100 per cent. over the normal business. Most of these travellers are going to Paris, yet it is said at the state department that during the last portion of the first quarter of 1900, and that part of the second quarter which has already elapsed, there has been an unusually large number of applications for passports from American merchants and commercial travelers bound abroad on business.

HERNANDEZ CAPTURED.

Caracas, Venezuela, May 29.—General Jose M. Hernandez, the revolutionary leader, has been captured by government troops. The revolution is now considered ended.

THE MARKETS.

Chicago, May 29.—The wheat market was quiet and easier early today. There were general, although light, rains in the northwest and a low barometer indicated further precipitation. This caused moderate selling. July opened a shade lower at 67c to 66 7/8c and eased off to 66 3/8@66 1/4c, where the market steadied. Receipts here were 56 cars, 4 of contract grade. Minneapolis and Duluth reported 438 cars against 328 last week.

All the public cables carried complaints of the French crop prospects and this, together with the decrease in the world's visible, were the main bull reliance. July later rallied to 67 1/8c and closed firm, 1/8@1/4c over yesterday, at 67@67 1/8c.

Corn was quiet but firm and trade was light early, there being no particular pressure either way. There was too much rain in some sections. Receipts here were 616 cars. July opened unchanged to a shade lower at 37c to 36 7/8@37c and sold to 37 1/8c.

Country offerings were small and the shipping demand improved. July later advanced to 37 1/2c and closed firm 1/4@3/8c higher at 37 1/4@37 3/8c.

The oats market was dull and featureless and the trade early unimportant. Receipts here were 608 cars. July opened unchanged at 21 1/8@21 1/4c and with corn as the influence touched 21 1/4@21 3/8c.

The provisions market was quiet and steady. The opening was a shade under yesterday. July pork at $11.27 1/2@11.30; July lard at $6.80@6.82 1/2 and July ribs at $6.47 1/2@6.50. The shade loss was regained early.

THE CLOSE.

Prices at the close were as follows:

Wheat—May, 66c; July, 67@67 1/8c.

Corn—May, 37c; July, 37 1/4@37 3/8c.

Oats—May, 21 1/8c; June, 21 1/8c; July, 21 1/4c.

Pork—May, $11.17 1/2; July, $11.27 1/2; Sept., $11.27 1/2.

Lard—May, $6.80; July, $6.82 1/2; Sept., $6.82 1/2.

Ribs—May, $6.50; July, $6.52 1/2; Sept., $6.50@6.52 1/2.

Flax—Cash N. W., $1.80; Cash S. W., $1.80; May, $1.80; Sept., $1.28@1.26 1/2; Oct., $1.21 1/2.

CHICAGO LIVE STOCK.

Chicago, May 29.—Cattle—Receipts, 2,500; market generally steady. Good to prime steers, $5.00@5.70; poor to medium, $4.40@4.85; stockers and feeders, $3.75@5.10; cows, $3.10@4.60; heifers, $3.25@5.15; canners, $2.40@3.10, bulls, $2.75@4.40; calves, stronger, $5.00@6.80; Texas fed steers, $4.00@5.20; Texas bulls, $3.25@3.75.

Hogs—Receipts today, 23,000; tomorrow, 25,000; left over, 2,522. Market opened strong; closed weak. Mixed and butchers, $5.00@5.25; good to choice heavy, $5.15@5.25; rough heavy, $5.00@5.10; light, $4.95@5.22 1/2; bulk of sales, $5.15@5.20.

THE DAY ON WALL STREET.

New York, May 29.—Prices were rather better at the opening of the stock market today. There was quite a demand for Sugar on an advance of 1/4 to 1/2 on simultaneous sales and Louisville was up a point. Otherwise gains were fractional and there were a few losses. A drive against Missouri Pacific brought out enough long stock to lower it a point, but the general market resisted the decline. Pressure against the short interest in Sugar caused heavy buying and the price rose rapidly to 117 1/2. Other stocks hardened sympathetically. The specialties gained sharply, but the railroads moved sluggishly. Tobacco, Steel and Wire, Brooklyn Transit and Federal Steel preferred rose a point each. American Ice broke 2 1/2.

While the buying power in the market was small it served to raise prices all around. The dullness was emphasized because of the holiday tomorrow and the appearance of strength was due in part to the evening up of short contracts over the holiday. American Hoop reflected a favorable annual statement by rising 2 1/4 and Pittsburg, C., C. & St. L. gained 2 1/2. The Grangers and Pacifics were in some demand.

Bonds were quiet and irregular.

NEW YORK PRODUCE.

New York, May 29.—Butter—Receipts, 10,332 pkgs; market steady; western creamery, 16 1/2@20 1/2c; factory, 14@16c.

Cheese—Receipts, 6,075 pkgs; market weak; fancy large white, 9 1/4c; fancy large colored, 9 1/4c; fancy small white, 8 1/2@8 3/4c; fancy small colored, 8 1/2@8 3/4c.

Eggs—Receipts, 20,091 pkgs; market barely steady; state and Pennsylvania, 14@14 1/2c; western, loss off, 14 1/2@15c; western at mark, 11@13 1/4c.

Sugar—Raw, firm; fair refining, 4c; centrifugal, 96 test, 4 1/2c; molasses sugar, 3 13-16c; refined, steady; crushed, $5.70; powdered, $5.40; granulated, $5.40.

Coffee—Market steady; No. 7 Rio, 7 13-16c.

THE MONEY MARKET.

New York, May 29.—Money on call firm at 2 per cent; prime mercantile paper, 3 1/2@4 1/2 per cent; sterling exchange easy with actual business in bankers' bills at $4.87@4.87 1/4 for demand and at $4.84 1/2@4.84 3/4 for 60 days; posted rates, $4.85 1/2 and $4.88 1/2; commercial bills, $4.83 1/2@4.84 1/2; silver certificates, 60@61c; bar silver, 59 7/8c; Mexican dollars, 47 1/2c.

THE BOND MARKET.

New York, May 29.—Government bonds steady:

CATHOLIC FAIR HAS CLOSED

ABOUT $11,000 TAKEN IN DURING THE TWELVE NIGHTS.

Mrs. Betts the Winner of the Kitchen Range—Grand Distribution and Auction.

The Catholic fair and bazaar which has been held in Library hall for the past two weeks, closed last evening, and one of the biggest crowds of the season was in attendance. This fair is conceded to be the most successful of its kind ever held in Library hall and the results have been most gratifying to those who have been in charge. The committees which were appointed to solicit contributions from the different business houses of the city met with a most gratifying success, and not one business man nor concern that was approached for a donation but what willingly gave what was asked, and often more. The best attractions were provided for each evening and the different contests created a lively interest, which was maintained throughout. The fair was a success from the point of view of both management and spectator and those who paid the necessary admission fee got full value for their money. The attendance each evening was up in the thousands and the fact that this unabated interest was maintained was ample proof of the excellence of the entertainment provided.

The approximate receipts during the twelve nights of the fair are about $11,000, of which about $5,000 are from the various contests. The contest off which the most money was made was for the piano for the most popular young lady, which closed Saturday evening, the amount realized being about $1,600. The average door receipts was $35 for each evening. Large donations were made by several members of the Cathedral and the sums thus realized, together with the money received in the chances and taken in by the various booths, will be about $5,600. The money received will be used for the benefit of the church and the parish charities.

The grand distribution took place last evening and all articles remaining over were sold at auction. The only contest was for the Acorn range donated by the Indiana Furniture company for the most popular housewife. The contest resulted as follows: Mrs. Betts, 1,588 1/2; Mrs. Barry, 1,063, and Mrs. Miller, 337

AGED MISSIONARY DEAD.

New York, May 29.—Rev. Dr. John Scudder, of the Dutch Reformed Churches' Arcot Mission in India, died at Kodie Kanal, in that country, on Wednesday, May 23. He was 64 years old and for thirty-nine years had been connected with the Arcot Mission. He had come to be an authority on matters pertaining to India and its people.

T. H. Gutelius, of Cincinnati, is in the city. Mr. Gutelius represents a non-trust wall paper house.

Mothers, Attention!

Symptoms of Worms in Children.

Extreme appetite by spells, then again, loss of appetite, severe pains in the bowels; very often the child's stomach is like a drum; crying or whining; blue under the eyes; white about the mouth; foul breath; red spots on its cheeks, as though it had a fever; worm fever; some have constant diarrhoea, offensive discharge from the bowels; convulsions or worm fits and cough. The child is restless at night, and may frequently wake asleep; paleness around the mouth, extending up the side of the nose, and itching of the nose is a common symptom. Itching of the anus is indicative of the presence of the Pin Worm. Epilepsy and every form of Nervous Derangement often result from irritation.

Hundreds of children having these symptoms have died and the cause of their death was worms.

What is the best remedy? STEKETEE'S WORM DESTROYER, the only sure remedy. Ask druggists for Steketee's Worm Destroyer. Take no substitute. Price 25 cents.

A Magnetic Swindle.

But a short time ago people of this city were gulled, duped and swindled by a magnetic healer. Since that time the government has put a quietus on the shady practice of magnetic healers and silent treatment people, doing business through the mail; however, in some places they have struck a new deal by trumping up cheap "paid for testimonalls." A repetition of the BOY WONDER is on tap. Something TANGIBLE, SENSIBLE AND LASTING IS DEMANDED BY intelligent people. The Perfected Oxygenor King is the king of healers; it lasts a lifetime; it furnishes each individual with the greatest specific remedy for disease free of charge. OXYGEN GIVES NEW LIFE. The P. O. K. has the strongest indorsement ever given any remedy for the cure of disease. The official United States Health reports vol. xxiv., No. 8, nature's own method of freeing herself from disease.

SHOP AND RAIL.

THE ROCK ISLAND DOES A CHARITABLE DEED.

HAULS CORN FOR INDIA FREE

A WHOLE TRAIN LOAD BROUGHT IN FROM KANSAS.

THE COST OF RUNNING TRAINS

ORDINARY ACCOMMODATIONS COST $36 PER TRIP.

Railroad corporations are not all soulless, as was evidenced by the concession granted by the Rock Island to the India relief committee of the state of Kansas. The Rock Island agreed to transport, free of charge, twenty carloads of corn for the famine-stricken sufferers in India. The cars were placed at stations along the Rock Island line, designated by the committee and which were convenient for the delivery of corn to the railroad. When the twenty cars were filled with corn they were collected at a common point and made up into a train which was bannered as part of the corn donation of Kansas to the starving sufferers of India. It is estimated that the twenty cars held upwards of 20,000 bushels of corn. The train reached Chicago the evening of May 25th, its progress having been noted by thousands along the line. At Chicago the corn was delivered to the eastern lines and is now speeding on its way to India to do its part in the merciful work that has excited the attention and sympathy of the world.

WILL TAKE A HOLIDAY.

All the freight houses in the city will close at noon tomorrow and most of the shops will observe the day in part or in whole. The Pittsburg, the Lake Shore and the Lake Erie and Western will annul local freight trains and run only through freight. The Nickel Plate will send out its local freight as usual. The Grand Rapids and the Wabash roads had not been instructed on that point up to the noon hour. It is likely the service will be annulled for the day, however.

HEAVY LIVE STOCK TRAFFIC.

The Pennsylvania company is receiving its full share of the live stock traffic of the country and is sending a good deal of the business to Pittsburg over the Fort Wayne line. Yesterday 100 carloads of live stock passed through this city.

IN A NEW OFFICE.

General Foreman J. H. Bedsom, of the Nickel Plate, moved his office yesterday into the room recently fitted up for that purpose on the north side of the yards, just west of the round house. The old quarters in the round house will be arranged into a stall for engines. The new office is much cleaner and more pleasant than the old one.

THE COST OF TRAINS.

The new trains on the Pennsylvania promise to be profitable from the start. The first one to go east left Chicago with thirty through passengers, to say nothing of numerous passengers picked up en route. Several years ago the company asserted it required twenty-eight through passengers daily to cover the running expense of the limited. Figured on this basis the new trains will be money-makers. To run the accommodation trains it costs an average of $36 daily and not all of them yielded that large an income. The best train for the business interests of Fort Wayne ever on the Pittsburg road was the Plymouth accommodation. It generally came in with a goodly number of passengers, but the receipts barely covered the operating expenses and the company abandoned the service several years ago.

TAKING INVENTORY.

Ever since the supreme court rendered a decision on the Eel River receivership case, the clerks in the motive power and car departments of the Wabash have been delving in garrets and piles of musty books and papers in search of records concerning the equipment of that branch of the system and they have nearly finished their work. Some of the locomotives found on the Eel River road when the Wabash assumed charge are still in existence, though the majority of them long ago passed to the scrap heap and their places were taken by more modern machines. Hardly a car which belonged to the road prior to the lease can be found. Cars are not so long lived as locomotives and are less costly, so when they become too dilapidated they were destroyed and others placed in their stead. The object of the inventory is not definitely known, but it indicates, to the minds of many, an intention on the part of the Wabash to abide by the decision and make the best of the situation until another line can be built.

GREATEST RAILWAY STRIKE.

The greatest railway strike in the eastern states was that of 1877 on the Pennsylvania railway and it was brought about by the introduction of double-headers and other methods which are today common practice on all lines in the country. In an article on this subject the Indianapolis Journal yesterday published a copy of the order which led to the great strike. It is as follows:

"Pennsylvania Railroad, Office of General Agent and Superintendent, Pittsburg Division, Pittsburg, July 19, 1877.—On and after Thursday, July 19, 1877, two trains are to be run on Union and two trains on National line through, between Pittsburg and Altoona, thirty-six cars to a train, a pusher from Pittsburg to Derry, and a pusher from Conemaugh to Altoona. No passenger engines to be run on frieght. Balance of trains to divide at Derry; first in and first out. Derry to be the headquarters where engines will be turned. Between Derry and Pittsburg all double-headers, thirty-six cars to a train, or as many as they can haul, to be increased or decreased in the judgment of the dispatcher—according to lading of cars.

"Robert Pitcairn, Supt."

INDUSTRIAL NOTES.

Supt. E. A. Gould, of the Wabash, had business in the city yesterday.

B. Volz, the wheel roller at the Pittsburg shops, is sick and off duty.

Brakeman W. P. Morrison, of the Nickel Plate, has returned from Cleveland, where he visited friends a few days.

G. M. Smith and J. E. Smith, of the Wabash blacksmith shop, were called to Peru this morning to attend the funeral of a relative.

The rain this morning drove the lumber handlers and other outdoor laborers from their posts of duty and little of that kind of work was done today.

T. J. Foley, superintendent of transportation of the Pennsylvania company, is spending a few days in the city in his official way and visiting his relatives.

T. Bell, of the Vandalia shops at Terre Haute, has been appointed department superintendent of the Louisville, Evansville and St. Louis shops at Princeton.

Pittsburg train No. 37 took on fifty passengers at Larwill this morning, which is something out of the ordinary. The party was en route to Warsaw to attend a convention.

Charges of rate-cutting are heard against the Great Northern. It is alleged that several small parties have been carried from St. Paul to Seattle at a rate of $25 per capita.

E. S. Turner, Donald McDonald and Joseph Butsley are assisting in making engine tests on the Grand Rapids and Indiana road. The Sentinel yesterday stated the object of the tests.

Engineer Amos Sine is sick. Engineers A. Wilde and B. O. Ellenwood and Firemen B. L. Mason and F. S. Mollett are taking a short vacation. All are employes of the Pensylvania.

The Maple Leaf elevators, with a capacity of 1,000,000 bushels, have been leased to Rosenbaum Bros., of Chicago, which means that the Chicago Great Western will abandon the grain business.

Frank C. Bardey resumed his old place in the Pittsburg blacksmith shop this morning, after a two months' absence, during which he was working on a farm a short distance below New Haven.

Mr. Wells, of Harrisburg, Pa., who has been visiting his son, W. S. Wells, left for his home yesterday. The visitor is foreman of engineers and firemen on the Harrisburg division of the Pennsylvania railroad.

Contractor Herman Tapp has secured an $18,000 contract on the Cincinnati Northern railway at West Alexandria, where he will build two large abutments and one middle pier. His work on the Pennsylvania will be completed in a few days.

Engineer Joseph Studer, of the Nickel Plate, will soon have the most handsome residence on Third street. A number of improvements on the house are now in progress and when all are completed the premises will indeed be handsome and convenient.

The Lake Shore company is preparing to carry its plans for the improvement of the Lake Erie and Western road to a finish. An order for 1,500 cars will be placed in a few days and 500 of them will be sent to the Lake Erie and Western road.

The official statement of the fast run of train No. 8 on the Chicago, Burlington and Quincy, between Burlington and Chicago, on May 1, shows that the distance of 205.8 miles was covered in 188 minutes, deducting dead time of 14½ minutes. The average speed was a little more than 65½ miles an hour. Between Mendota and Aurora the rate of speed for 45.5 miles averaged 73.0 miles per hour.

George A. Burbeck, of Chicago, passenger brakeman on the Nickel Plate, lost his left hand Sunday at Bellevue. In getting on the train he fell and his hand went under the wheels and was crushed into a pulp. The company's surgeon at Bellevue dressed the injured member.

The syndicate owning the Southern Indiana road has purchased the Centralia and Chester road, paying $450,000 for it, and it has been incorporated as the Illinois Southern. The road is nine'y-six miles long and it is understood that a link will be built connecting the two lines.

Contractor John Sutzer is engaged in erecting a number of cottages at Rome City at present. The resort has taken on a growth which borders onto a boom. Dr. George B. Stemen and two members of his family and Theodore Thorwald went down to the resort this morning. It is understood that they contemplate building cottages there.

G. W. Perry, chief claim clerk of the Kansas City, Fort Scott and Memphis, has been appointed freight claim agent of the Great Northern, with headquarters at St. Paul, Minn. Sixty-five men who claim to have hired out to the Great Northern to take the place of the strikers are now suing the road in St. Paul. The men complain that they were promised employment at the time of the labor troubles in Montana, about a month ago, but that the company, instead of paying them at the rate of $3 per day, refuses to pay more than $1 per day. The amounts sued for range from $7 to $15.

TORTURED A WITNESS.

Intense suffering was endured by witness T. L. Martin, of Dixie, Ky., before he gave this evidence: "I coughed every night until my throat was nearly raw; then tried Dr. King's New Discovery, which gave instant relief. I have used it in my family for four years and recommend it as the greatest remedy for Coughs, Colds and all Throat, Chest and Lung troubles. It will stop the worst cough, and not only prevents but absolutely cures Consumption. Price 50c and $1.00. Every bottle guaranteed. Trial bottles free at Dreier Bro.'s drug store.

CAME ON THE ONEIDA.

New York, May 29.—The steam yacht Oneida arrived here today from Bermuda with her owner, E. C. Benedict, and Former President Cleveland on board.

A KEEN CLEAR BRAIN.

Your best feelings, your social position or business success depend largely on the perfect action of your Stomach and Liver. Dr. King's New Life Pills give increased strength, a keen, clear brain, high ambition. A 25 cent box will make you feel like a new being. Sold by Dreier Bros., druggists.

MRS. GLADSTONE WEAKER.

London, May 29.—It was said this morning that Mrs. Gladstone is gradually growing weaker. Her right side is paralyzed.

Lawton lodge, Knights and Ladies of Honor, met in their hall in the Elektron building Saturday evening, May 26, and installed the following officers: Past protector, H. H. Haines; protector, Mrs. E. T. Comparet; vice protector, C. E. Schmuck; secretary, H. S. Gates; financial secretary, J. T. Werkman; treasurer, Emma M. Conover; chaplain, Mrs. Henkenius; guide, Mrs. D. T. Gates; guardian, W. A. Ward, jr.; sentinel, T. A. Ferguson; captain of guards, A. Schultz; examiners, Drs. W. G. Ferguson, J. E. McHugh and Luella Derbyshire. The following grand officers from Indianapolis conducted the installation ceremonies: Mr. and Mrs. W. S. Taylor, Mr. and Mrs. J. H. Haught, Mrs. Emma Klingelhoeffer, Mr. O. J. Roberts, Dr. J. J. Cole and Mr. Freeman Wright. The Knights and Ladies of Honor is an Indiana order and needs no introduction, as it has been in the field twenty-three years and has distributed over $15,000,000 to widows and orphans. It was the first order in the United States that admitted men and women with equal privileges. Lawton lodge starts out with ninety-five charter members and flattering prospects. This splendid result was accomplished in six weeks by Indiana State Manager Benj. Denner and his able local assistants. Mr. Denner goes from here to Wabash, Peru and Lafayette. He takes with him the best wishes of Lawton lodge, every member of which is very enthusiastic for the advancement of the order.

ALLEGE TREES ARE RUINED

COMPLAINT MADE TO THE BOARD OF WORKS.

May Bar Automobiles From Park. After Dark—Board Will Insist on Groove.

Citizens of West Main street called at the board of works office today and protested against the trimming of shade trees by the employes of the Home Telephone company. The claim was made that during the past few days limbs had been cut off many of the trees along the street and some of them will be ruined as a result. Chairman Eggemann immediately instructed that notice should be served on both the telephone companies that trees should not be trimmed at this season of the year, but that the work should be delayed until fall, when the danger of killing the trees is not great.

TALK OF AUTOMOBILE.

The board of works may request the city council to pass an ordinance prohibiting automobiles from traveling in the parks after dark. Chairman Eggemann broached the matter at the meeting of the board of works last evening and it is the belief of the members of the board that some of the automobiles can be barred. A few evenings since Mr. Eggemann says that one of these horseless vehicles flashed by a horse driven to a light buggy and a runaway was narrowly averted. The noiseless automobiles may not come under the ban of the ordinance as it is doubtful if they can be barred, but the "steam engines" which now and then travel the streets are considered dangerous.

TALK OF RAILS.

Messrs. John H. Bass and James C. Barrett attended the meeting of the board of works last evening and talked street railway with the board. An order has been made that only groove rails shall be placed on Columbia street. Messrs. Bass and Barrett believed that a heavy T-rail was just as safe and substantial, but Chairman Eggemann contends that it is for the interests of the taxpayers to place a rail which will protect the pavements which are to be constructed alongside street railway tracks. Mayor Schirer has issued orders that groove rails must be placed on streets to be paved and says this order will be enforced.

A WOMAN'S AWFUL PERIL.

"There is only one chance to save your life and that is through an operation" were the startling words heard by Mrs. I. B. Hunt, of Lime Ridge, Wis., from her doctor after he had vainly tried to cure her of a frightful case of stomach trouble and yellow jaundice. Gall stones had formed and she constantly grew worse. Then she began to use Electric Bitters, which wholly cured her. It's a wonderful Stomach, Liver and Kidney remedy. Cures Dyspepsia, Loss of Appetite. Try it. Only 50 cts. Guaranteed. For sale by Dreier Bros., druggists.

ESSENTIALLY A FORT WAYNE FAVORITE.

Train No. 4, on the Spring Schedule of the Nickel Plate road leaves Fort Wayne, east, at 9:05 p. m., every day. Through Drawing Room Sleeping Cars to Buffalo and New York. Dining Car, Fort Wayne to Bellevue and all next day Buffalo to New York. An Observation car from Buffalo affords one of the most delightfully interesting trips possible, passing as it does through charming valleys, with blue ranges of mountains in the distance, the scene animated by the brilliancy of the sparkling waters of the Susquehanna and the Delaware rivers, as this train goes speeding on to its destination, reaching New York City at 7:25 p. m. the following day. Space in sleeper may be reserved in advance. Phone, wire, write or call on any Ticket Agent of the Nickel Plate road, or C. A. Asterlin, T. P. A., Fort Wayne, Ind.

Fort Wayne University of Natural Science
FOR THE CURE OF ALL CHRONIC DISEASES.
NO DRUGS EMPLOYED TO POISON THE SYSTEM, NO KNIFE USED TO SCAR AND DISFIGURE THE FLESH OR DISMEMBER THE FRAME.
Magnetism, the life principle, nature's supreme restorative. Thousands have been cured and testify to the efficacy of magnetic healing. There is nothing supernatural, nothing "divine," nothing occult or strange. It is nature's own remedy undrugged and applied. Read these unsolicited testimonials:
Mrs. W. L. Stephens, of Garland, Pa., says: "For years I had been a sufferer from chronic neuralgia, which attacked me most malignantly. After receiving magnetic treatment a few times I was permanently cured. No other treatment ever benefited me."
Mr. Foster, of Mt. Sterling, Ky., says: "I was for many years a constant sufferer from dyspepsia. I had spent a fortune trusting with skilled physicians and buying medicines without getting any relief that was permanent. Magnetic treatment cured me in a short time and I have not suffered since."
Mr. J. Poor, Denver, Col., writes: "Magnetic treatment cured me of a most distressing and obstinate case of nervous prostration after all other means had failed and I was actually killed medical treatment. I was made sound and well by magnetic treatment."
Original of these testimonials and hundreds of others may be seen at the institute. Examination, consultation and first treatment free at the institute.
110 West Main Street.

Dr. J. H. McLEAN'S
"THE BLUES!"

Everybody knows what that means. Everybody has had days when life didn't seem worth living. But the man or woman to be most pitied is he or she who has "the blues" constantly, and this is the case of all sufferers from liver or kidney trouble. There is constant worry and anxiety. All the fun has gone from life. The bilious man couldn't see a joke if his life depended on it. His system is filled with poisonous bile and he is a burden to himself and everyone else. Such a man or woman needs
Dr. J. H. McLEAN'S
LIVER AND KIDNEY BALM.
He needs it right away before further mischief is done. This putting off experimenting with so-called cures is fatal to health. Make up your mind to bring back the old, happy, hearty health, full of joy and energy. There is nothing like this medicine to do it. Act now.
ANY DRUGGIST'S, $1.00.
Ravenna, Mich., Nov. 13th, 1899.
The Dr. J. H. McLean Med. Co., St. Louis, Mo.
Gentlemen:—Believing it may be of benefit to others, having similar affliction as I have had, I will state what your Liver and Kidney Balm has done for me. I had trouble with my liver and the doctor said it was in a bad shape. I had no appetite, felt weak and was generally out of sorts; was very sick and discouraged and could sit down without failing to sleep. After taking one bottle and Kidney Balm for two days I felt a great improvement. I have taken three bottles now and feel like a new man. I consider the one bottle worth more than I paid for the full of goods I bought from you. Yours truly, W. L. PATTERSON.
LIVER AND KIDNEY BALM

When Others Fail, Consult

Dr. Wenger, Specialist.
30 years European and American Hospital and private practice experience for all Incipient, Chronic, Nervous and Private Diseases of Head, Nose, Throat, Lungs, Liver, Kidney, Stomach, Heart, Bowels, Bladder, Blood, Skin, Eye, Ear and Sexual diseases.

THE WEATHER.

Chicago, May 29.—Forecast for Indiana—Partly cloudy tonight and Wednesday, with occasional showers and thunder storms; southeast winds.

LOCAL NEWS.

O. W. Conner, of Wabash, is at the New Aveline.

Louis Fox is in Detroit this week on a business trip.

W. S. Hood, of Wabash, is registered at the Randall.

Van B. Perrine has gone to Cincinnati on a business trip.

John Dreibelbiss and Henry C. Berghoff left today for Chicago.

The hardware store of H. Pfeiffer & Son will close at noon tomorrow.

Mr. and Mrs. Fred Zollars have returned from a brief visit to Chicago.

Miss Lulu Barrows has returned from Boston, where she has been attending an art school.

The Misses Etta Hurst, Belle Depew and Mary Baxter, of Auburn, are visiting in the city.

George Nieter has returned to his home in Monroeville after a visit with relatives in the city.

The Misses Minnie and Sophia Gallmeyer left for Grand Rapids, Mich., this morning to spend their vacation.

The Chautauqua club will hold a meeting this evening with Mrs. F. S. Hunting. The meeting will be of a social character.

James E. Graham will go to Convoy, Ohio, tomorrow, where he will deliver a memorial address at the Decoration day exercises. In the afternoon Mr. Graham will go to Van Wert, where he will also make an address.

Mrs. W. L. Peterson, of 352 South Hanna street, will leave tomorrow for Chicago, Kansas City, Texas and New Mexico. Mrs. Peterson goes for pleasure and for the benefit of her health and expects to be gone two or three months.

The R. F. C. club was surprised by a number of friends last evening, who came to help them spend a pleasant evening. Among the amusements were lectures on George Washington and Abraham Lincoln. Refreshments were served at a late hour.

There will be a meeting of Zion's classis of the northwestern synod of the Reformed church at Berne, Ind., next week. The sessions commence on Thursday and last until the following Monday. Revs. John Burch, B. Ruf and Philip Ruhl and elders of the two German Reformed churches will attend.

Bash Block.

BASE BALL TOMORROW.

Two games. Toledo vs. Fort Wayne. Morning game called at 10 o'clock. Afternoon game at 3 o'clock. 25c reserved seats to all parts of grand stand. Ladies' admission to grand stand 25c.

Fort Wayne members assisted in the organization of a new council of the Catholic Benevolent League of Indiana at Lafayette Sunday. It has seventy-two members.

Among the late arrivals at the New Aveline are H. C. Dougherty, of Lafayette; H. C. Morgan, of Huntington, and C. J. Kraus and B. H. Cole, of Peru.

At the meeting of the Allen County Medical society this evening the only paper to be presented will be by Dr. Luella Derbyshire on "Management of Puerperium."

WILL GIVE A PICNIC.

The congregation of Zion's Lutheran church is already making preparations for its annual picnic to be held on July 4. The event this year will be held at Williams Grove, and the City band has been engaged to supply the music.

CLEAR LAKE IMPROVING.

Many improvements have been made at Clear Lake this year in preparation for the summer visitors, and those who visit the pretty lake resort will find it more charming than ever. The hotel service is improved, an immense pavilion porch has been constructed and Mr. and Mrs. Boley, of this city, will furnish music for the dancing parties there this summer.

HAD HIS PRISONER.

Sheriff Charles Vollmer, of Crawford county, O., passed through the city this morning with Thomas Schofield, one of the prisoners who broke from the Bucyrus jail a short time ago. The runaway was caught at Kokomo by the marshal of that city. He was accompanied there by a woman, who claimed to be his wife, and when she was arrested for stealing a dress from a clothesline in a resident's yard, the authorities thought it well to look into Schofield's record, and his arrest was the result. The Kokomo marshall will receive $150 for capturing him.

BICYCLE RACES POSTPONED.

At a meeting of the bicycle dealers' association held this morning in the store of A. C. Kett, it was decided to postpone the bicycle and automobile races to have been held tomorrow morning at the Driving park, until next Saturday afternoon. The track at the park is too wet to allow of any racing.

NEW WAX BEANS, 7 CENTS, OR 4 QTS. FOR 25 CTS.

"If it's a good thing, SEAVEY'S have it."

The Rain Maker of Syria

Or Mr. Dyneferih, the rain-maker of America, must have had one of our LIGHTNING SPRAYERS up his sleeve when giving exhibitions, since it produces such a fine spray of water that it might be called artificial rain. They are made of brass copperized; tank holds two quarts of liquid and tube throws a double spray. The most improved insect exterminator on the market. Guaranteed to give satisfaction. Price, $1.00; also one for 65c.

Our assortment of lawn hose, hose reels, sprinklers, nozzles, garden tools, as well as flower brackets and stands and everything needed for ornamental garden decoration in wicker work or wire goods, is equal to the best.
